NEW NOVEMBER/DECEMBER APOLLO CLUBS

ARTS & CRAFTS Mondays

In Arts & Crafts Club, young Apollo students will learn many techniques to turn their ideas into reality under the guidance of our Apollo staff. Club members will use their creativity and imagination to make many objects for gifts and decorations.

YOUNG EXPLORERS Tuesdays

Students will learn about mysterious rainforests, towering mountains, sweltering volcanoes, exotic cultures, and many other wonders this amazing planet has to offer along with fun travel tips and the great explorers whose daring gave us the maps and charts we take for granted today.

CIVICS Wednesdays

No one just grows up and becomes a participating citizen of our American constitutional republic. Just like any right, skill or responsibility, it takes a combination of education and practice to fully participate in our civic society. Students will learn about local, state, and federal government, how to investigate and form their own opinions on issues that matter to them, and participate in their own debates and class elections.

SCIENCE CLUB Thursdays

Parachutes, spaceships, lasers, hadron colliders - we all know that science is a subject that's just for the cool kids (like you, of course!). The good news is that science is easy and incredibly fun to start practicing! Students in Apollo Science will learn how to ask the questions that are the beginning of all scientific discoveries, how to make hypotheses, and of course the fun part - testing them to see how they work. Through a hands-on and exciting curriculum, this club will help your child become more curious and have a deeper understanding about how the world works..

APOLLO OLYMPIANS Fridays

Zumba! Yoga! Dancing! These easy fitness activities for kids make exercise so much fun that your children won't notice they're working out. When you motivate children to exercise, they will be happier, healthier, and more focused!

After Enrichment Classes Program: Families have the ability to register for our extended After Care available after Enrichment Classes. There is an additional charge for this program. It is available every day until 6:00pm.

OUR APPROACH

The Apollo After School program develops skills and interests that will help children succeed both in and out of school.

Our clubs create a fun and healthy learning environment for our students through a mix of physical, intellectual, and social activities.

DATES

November 5th - June 19th
