

Rock Island High School Summer Football

This summer there will be 30 total days of preparation for football (see calendar) Some of these are weights, football contact days, fundraisers etc. We understand that things come up and there are also schedule conflicts with other sports, that is why there will always be a make up session in the morning if there is a conflict at night. However, it is highly encouraged to attend the regular time, and communication is always expected in advance. Special circumstances always contact Coach Hammer. All program members are expected to be present whenever possible, there are some events that are strictly Varsity. Families (especially Varsity) we encourage you to take vacations the week of July 4th, or the last week of the summer.

The Rock Island Football Program greatly appreciates your support.
