1. READING ENGAGEMENT

(If the student has recently answered these questions, skip this section.)

T: Who reads with you or to you at home? ______________________________________________

T: Tell me about one of your favorite books. ______________________________________________

2. ORAL READING

INTRODUCTION AND PREVIEW

T: In this story, The “I Like” Game, two children are playing an “I like” game. They tell each other what foods they like, but they don’t seem to like the same things. Look at all of the pictures, and tell me what is happening in this story.

Note the student’s ability to hold the book and turn pages. Also note his or her use of vocabulary relevant to the text. You may use general prompts, such as “Now what is happening?” or “Turn the page,” but do not ask specific questions.

T: Point to and read the title, and then say: The “I Like” Game. Let’s read to see what the girl and boy like. I’ll read the first page. As I read, I will point to each word with my finger. Watch and listen. Point to and read page 2.

T: Point to the first word on page 4, and say: Now, you point to the words as you read the rest of the story.

RECORD OF ORAL READING

Record the student’s oral reading behaviors on the Record of Oral Reading below and on the following page.

Page 4

“No,” said the girl.

“I like apples.

Do you?”

Page 6

“No,” said the boy.

“I like bananas.

Do you?”
Page 8
“No,” said the girl.
“I like grapes.
Do you?”

Page 10
“No,” said the boy.
“I like ice cream.
Do you?”

Page 12
“Yes,” said the girl.
“I like ice cream, too!”

After the student has read the last page, turn to page 2, and ask the following questions. Note the student’s responses.

T: Say: Point to the word said.
What sound does said begin with? /s/
What sound does said end with? /d/
What letter makes that sound? d

3. TEACHER ANALYSIS
ORAL READING, PERCENT OF ACCURACY
Count and circle the number of miscues that are not self-corrected. Circle the percent of accuracy based on the number of miscues.

Word Count: 46

<table>
<thead>
<tr>
<th>Number of Miscues</th>
<th>EM</th>
<th>DEV</th>
<th>IND</th>
</tr>
</thead>
<tbody>

<td>4</td>
<td>3</td>
<td>2</td>
</tr>
<tr>
<td>Percent of Accuracy</td>
<td>89 or less</td>
<td>91</td>
<td>96</td>
</tr>
</tbody>
</table>

- If the student’s number of miscues is 3 or less, continue the assessment with a Level 4 text.
- If the student’s number of miscues is 4 or more, STOP!

DRA2 Continuum and Focus for Instruction
1. Circle the descriptors on the DRA2 Continuum that best describe the student’s reading behaviors and responses.
   - Add the circled numbers to obtain a total score for each section.
   - Record the total scores at the top of page 1.
2. Use the student’s profile of reading behaviors to identify instructional needs on the DRA2 Focus for Instruction.

If the student is reading below the grade-level benchmark, administer DRA Word Analysis, beginning with Task 1, at another time.
