McKinley Elementary School
School Accountability Report Card
Reported Using Data from the 2018-19 School Year
Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019-20)

The School Accountability Report Card was established by Proposition 98, an initiative passed by California voters. As you read the Report Card, you will gain a better understanding of McKinley as a school with a record for improvement, a faculty that is professionally skilled and personally committed to meeting the learning needs of students and a student body which is enthusiastic and motivated to perform well.

Our mission within a collaborative culture is to create, build, and maintain relationships with children and their their families in order to educate and inspire all students by implementing research-based strategies through data driven decisions.

The McKinley staff is committed to providing each student with optimal learning opportunities so they can reach their full academic and social potential. Toward this end we commit available resources to ensure that...

We build positive relationships to foster a collaborative and supportive school environment.
We encourage and celebrate success and achievement in our school community.
We enhance our practices through shared leadership, continual professional growth, and education.
We have high expectations for all children and provide additional time for support and enrichment to ensure each student's success.
The leadership is supportive, encouraging, and fosters positive changes.
We provide an environment which is orderly, safe, inviting and stimulating.
We cultivate a school where all families of diverse backgrounds and beliefs feel welcome, celebrated and are proud to send their children.

A. Conditions of Learning

State Priority: Basic
The SARC provides the following information relevant to the State priority: Basic (Priority 1):
- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

School Facility Conditions and Planned Improvements (Most Recent Year)

McKinley School was built in 1956 and modernized in 1995. It sits on 11.20 acres of which 3.97 acres is playground. This school has 41 classrooms, a multi-purpose facility, pre-k classroom, instructional materials center, science lab, library, magnet office, greenhouse, speech/nurse room, staff training room, museum room, tutor/music room and a computer lab. The campus also has a staff lounge.

The custodial staff adheres to a weekly cleaning schedule that includes classrooms, restrooms, cafeteria and kitchen areas.

The District's Mobile Maintenance Team visits the school site at least twice a year. Maintenance emergencies are addressed immediately. District personnel maintain the grounds at least once every two weeks.

This site also is maintained to ensure a clean, safe, and functional facility as determined pursuant to a Facility Inspection Tool developed by the State of California Office of Public School Construction.

School Facility Good Repair Status (Most Recent Year)

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	19	20	23	22	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

State Priority: Other Pupil Outcomes
The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

• Pupil outcomes in the subject areas of physical education.

C. Engagement

State Priority: Parental Involvement
The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

• Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

Parents are kept informed about school activities, programs and student's progress through parent portal, parent meetings, school messenger, and letters to the parents from the principal, progress reports and teacher contacts. Parents participated in decision-making regarding special funds through the School Site Council and ELAC committees. Our PTA is also very involved in providing lots of activities for our students and supporting our staff this year.

Our parents have numerous opportunities to participate at McKinley School. Parents participate in monthly Parent Cafes, Family Nights (Science, Reading and Math), Loving Solutions, All Pro Dad's and other events and training to learn how to help their children to be successful. We have many parent conferences to help support our students with interventions school. Our parents have opportunities to visit the Book Fair, Wellness Center, Computer Lab, and serve as chaperones on field trips. Parents also have opportunities to volunteer in the classrooms and attend monthly parent attendance celebrations and quarterly assemblies to celebrate with their children. All parents should receive a positive note/referral from a staff member regarding their child. Our staff is committed to developing relationships with parents and we work to ensure that parents feel welcome at school and are involved in the learning process. Parents can call our school office at (661) 631-5370 to access information concerning participation opportunities.

We continue to enjoy community support through partnerships with Stay Focused Ministry (mentoring), Bakersfield Senior Center, Grimm Foundation, Food Maxx, Stockdale High (Black Student Union and Student Body officers) and Bakersfield High School Student Body.

State Priority: School Climate
The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

• Pupil suspension rates;
• Pupil expulsion rates; and
• Other local measures on the sense of safety.

School Safety Plan (School Year 2019-20)

McKinley established its Comprehensive School Safety Plan in 1998. A law enforcement officer specializing in safety provided direction in the establishment of the School Safety Plan. McKinley's School Safety Plan is current and is updated annually. Key elements of McKinley's School Safety Plan include the following: (a) routine and emergency disaster procedures; (b) suspension, and expulsion procedures; (c) teacher notification of pupils with a specific discipline history; (d) child abuse reporting procedures, (e) the district's sexual harassment policy; (f) school crime data; (g) the student dress code; (h) safe entrance and exit procedures; (i) the civil defense and disaster plan; and (j) discipline rules and procedures. Our overall goal is to maintain a safe and orderly school environment conducive to learning.

Professional Development (Most Recent Three Years)

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement			

Professional development is designed to provide continuous learning opportunities for administrators, teachers, and classified personnel. Training opportunities affirm the basic philosophy of education that learning is a lifelong process that contributes to the well-being of the students, teachers, administrators, and community. Professional Development is an essential component of effective instruction and student learning.

All training revolves around identified needs of students and adults for the purpose of the improvement of instruction and increasing content knowledge. Central to all training are student achievement data, district focus areas, the Common Core State Standards, the state adopted standards-based instructional materials, and strategies to effectively teach the academic content standards to all students.

We also provided extensive professional development for Professional Learning Communities through our Service Delivery Model. On-site coaching and support is provided by academic coaches and district specialists for reading/language arts, mathematics, science, writing and social emotional learning. The district provides time and resources for collaboration, planning, and professional development. Additionally, we provided professional development on Multi-Tiered Systems of Support and Support to school and district teams.

Teachers new to the District received four days of professional development prior to the beginning of the school year focused on orientation to District and school site policies and services, Common Core State Standards, classroom management, curriculum and pacing, using technology and setting up the classroom. Teachers in their second year with the District received two days of professional development prior to the beginning of the school year provided by the school site and focused on improving best practices.

New teachers with California preliminary credentials received professional development through the Bakersfield City School District (BCSD) Teacher Induction Program (TIP). The focus of BCSD TIP is being mentored by an experienced teacher, growing in the California Standards for the Teaching Profession (CSTP) and meeting the California Induction standards. The culmination of TIP is the recommendation for the CA Clear Credential. Each TIP teacher was assigned a veteran teacher who served as a mentor. The mentors received on-going professional development in coaching/mentoring strategies, instructional strategies, and guiding cycles of inquiry. Professional development was provided through individual mentoring, monthly meetings, and after-school workshops.

Intern teachers received professional development at monthly meetings focusing on the initial teaching skills of the CSTP including classroom management, lesson planning, assessment, and establishing a climate that is conducive to student achievement. Each Intern was assigned a mentor that provided day-to-day support in these areas as well as advisement toward meeting credential requirements. Mentors received monthly professional development in meeting the needs of Intern teachers. Interns also received coursework and supervision from universities partnered with BCSD to provide the Intern Program.

Teachers on Short Term Staffing Permits (STSPs) were provided mentors and monthly trainings on beginning pedagogy and best teaching practices. Each teacher on a STSP designed a plan to meet requirements to move to a CA Intern or Preliminary Credential. Support was provided for required testing and BCSD staff worked closely with university partners to ensure teachers on permits were taking prerequisite requirements to move to credentials.

Teachers on Provisional Intern Permits (PIPs) were provided a weekly cohort meeting focused on beginning pedagogy. Two cohort meetings occurred weekly to allow teachers on a PIP to work around university course schedules. Support was provided for required testing and BCSD staff worked closely with university partners to ensure teachers on permits were taking prerequisite requirements to move to credentials.
