School Description

Foothill Elementary School is a TK-5 school in Monterey, California. We provide a safe, clean, nurturing and respectful environment in which each student can attain self confidence towards academic and social success by providing high-quality, rigorous, standards-aligned academic opportunities through the collaboration of students, teachers, parents and community, in addition to celebrating individual diversity.

We are committed to providing dynamic innovative instruction that meets the needs of the 21st century learner. It is the mission of Foothill Elementary School to develop independent thinkers and equip our students for an ever-changing global society. We are a community of leaders that celebrate diversity, foster unique interests, encourage collaboration and promote accountability.

All staff actively participate in monthly professional developments related to maintaining a positive school culture and implementing innovative instructional practices.

Our PTA have raised funds to provide state of the art play equipment in all three, primary, intermediate, and upper play areas. We invite you to join the school community to support the exceptional educational processes at Foothill. We have various opportunities for you to contribute through PTA (Parent Teacher Association), School Site Council, ELAC (English Learner Advisory Committee), and variety of volunteer work in the classrooms.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2018-19)

Monterey Peninsula Unified School District held a public hearing on August 2018, and determined that the school had sufficient and good quality textbooks and instructional materials, pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information collected in August 2018 about the quality, currency, and availability of the California Common Core standards-aligned textbooks and other instructional materials used at the school.

School Facility Conditions and Planned Improvements (Most Recent Year)

In 2010, the Monterey Peninsula Unified School District overwhelmingly approved Measure P, a \$110 million locally-controlled school bond measure to fund the first phase of critical repairs and improvement to our local schools. The district's newest school was built in 1965, more than 50 years ago, and our Facilities Needs Assessment has identified over \$680 million in critical repairs to all MPUSD schools. Recently, in 2018, voters approved Measure I, a \$213 million school facilities bond by 70%.

In 2019, the district is working with stakeholders to prioritize its facilities projects. Visit www.mpusd.net for additional details.

More facts about the condition of our school buildings are available in an online supplement to this report called for by the Williams legislation of 2004. What you will find is an assessment of more than a dozen aspects of our buildings: their structural integrity, electrical systems, heating and ventilation systems, and more. The important purpose of this assessment is to determine if our buildings and grounds are safe and in good repair. If anything needs to be repaired, this assessment identifies it and targets a date by which we commit to make those repairs. The guidelines for this assessment were written by the Office of Public School Construction (OPSC) and were brought about by the Williams legislation. You can look at the six-page Facilities Inspection Tool used for the assessment on the Web site of the OPSC.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

2017-18 CAASPP Results for All Students						
Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	16-17	17-18	16-17	17-18	16-17	17-18
ELA	45.0	48.0	38.0	39.0	48.0	50.0
Math	46.0	43.0	27.0	27.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students						
Subject	Percent of Students Scoring at Proficient or Advanced (meeting or exceeding the state standards)					
	School		District		State	
	16-17	17-18	16-17	17-18	16-17	17-18
Science	N/A	N/A	N/A	N/A	N/A	N/A

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

Grade Level	2017-18 Percent of Students Meeting Fitness Standards		
	4 of 6	5 of 6	6 of 6
5	30.2	17.0	15.1

* Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

**School Year 2017-18 CAASPP Assessment Results - English Language Arts (ELA)

English Learners	61	61	100.00	42.62
Students with Disabilities	17	17	100.00	17.65

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3--Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2018-19)

Parents make up an essential component of the Foothill Elementary School experience. All parents are encouraged to participate in their child's educational community through the PTA (Parent Teacher Association) network of volunteers, or by contacting their child's teacher, the principal, or our office at (831) 649-1744. Our School Site Council, the English Learner Advisory Committee, and PTA are a few avenues for structured parent involvement. Our School Site Council, which includes parent members meets monthly to monitor the effectiveness of our school improvement strategies and ensures the alignment of our budget to those efforts. In addition, we have an English Learner Advisory Committee (ELAC) to help monitor the effectiveness of English Learner Programs, instructional strategies and to help promote attendance. Our PTA meets monthly and provides support to our students and staff. They sponsor classroom fieldtrips, PBIS (Positive Behavior Intervention and Supports) incentives, family nights, and various seasonal activities. Our PTA also raised funds to provide state of the art play equipment in all three, primary, intermediate, and upper play areas. We invite you to join the school PTA to support the educational processes at Foothill.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

The safety and well being of students and staff are high priorities for the Monterey Peninsula Unified School District and this school. Under Senate Bill 187, every school in the district is required to complete (or review and update) a School Safety Plan by March 1 of each year. The plan is reviewed and evaluated by the School Safety Planning Committee, the School Site Council, and the school principal before being presented to the Board of Education for final review and adoption. The approved plans are posted on each school's website, as well as the district website at www.mpusd.net.

Highlight's of this school's plan are detailed below.

We make safety a priority at Foothill School. Our school and grounds provide a safe environment for learning. Discipline policies prohibit fighting and curtail bullying, and we strive as a school to build a climate of respect for each other. Students and staff have developed school-wide and classroom respect agreements. Our Foothill Behavior Expectations - FLY; focus with intention, lead by example, and yearn for personal and academic growth, are practiced by all students and staff. The Second Step curriculum is taught school-wide (TK-5) to assist in the development of good citizens and provide scholars with the tools to solve problems constructively and peacefully. We have a Family Services Specialist on site two days a week to assist students with any situations they experience with family, school, or transitions.

Each year we update our school safety plan and we routinely practice ALICE safety protocols, earthquake, shelter in place and fire drills. The plan is available for parents to review. We teach playground equipment and game rules, and staff members monitor playgrounds before school and during recess and lunch. Our school safety committee reviews procedures for emergencies and plays an important role in our Disaster Preparedness Plan. Each month we practice a fire drill; at least once a quarter we practice ALICE protocols, earthquake and shelter in place drills.

We ask that all visitors to the site honor our visitor protocol: always visit the office before coming on site during the school day to sign in and always wear a visitor's badge when on school grounds.

Professional Development provided for Teachers

Foothill Elementary School staff is both highly qualified and highly motivated to implement innovative practices in education to insure learning of all students. We embrace varied learning styles in striving for academic excellence. The staff engages in ongoing, quality professional development experiences that embrace Common Core State Standards. We commit every Wednesday to site or grade level collaboration. Foothill staff attend monthly professional developments that are site specific, job embedded, aligned to Common Core State Standards, incorporate research-based instructional practices and current curriculum. Professional developments are prioritized by achievement data, staff surveys, classroom observations, and district or state compliance policies. Teachers engage in professional developments from outside expert consultants, district professional development coordinators, and on-site or "in-house" experts within the school leadership team. In addition, teachers receive individualized feedback from the instructional leader and the academic coach through ongoing observation and feedback cycles.

Types of Services Funded

A majority of funding reported as districtwide costs is expended for school level expenditures, therefore the results appear to be lower operating costs at the school site level.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
