Athletics – Go Falcons

ASET FEE

The Athletic Supply Equipment and Transportation Fee (ASET) is a one-time per school year fee assessed to student-athletes **once they have been selected to the team**. The fee is good for as many sports as your child is selected for within the school year. The fee is used to cover transportation costs for all sports (the amount allocated to schools by the state is not nearly enough to cover the annual transportation costs). With these funds, Kalani will provide transportation to and from all regular season and post season games. The fee will also cover airfare and ground transportation expenses if post season play is on the Neighbor Island.

The Student Activity Card will no longer be provided upon payment of the ASET Fee and must be purchased separately. The ASET Fee will be \$60.00 for the 2018 – 2019 School Year.

All student fees – grade level and athletic fees are approved annually by the School Community Council

If you are unable to attend the meeting on the night that your sport is listed, please feel free to attend any of the other nights listed below. Students return from Jeju Student Forum

Kalani High School participated in the Jeju Student Forum in Jeju, Korea in early November. Tianna Au, Bienierose Cacho, Ji Won (Toby) In and Ashley Taylor (accompanied by teacher Alex Kendrick) represented Hawaii and the United States in Jeju, Korea.

The Jeju Youth Forum is a creative platform for youth to exchange their opinions and ideas. Through various panel discussions on protection of migrant workers, protecting cultural and natural world heritages, reducing waste effectively, and eradicating inequality and injustice in society and other topics faced by the international community, participating students from all over the world build up skills in global leadership and help to formulate international consensus. It is indeed hoped that this year's Forum serves as a way to form global friendships and cooperation through the virtues of understanding, enthusiasm, wisdom, and trust.

AHERA

Parents, Teachers and Staff,

In 1968, Congress passed the Asbestos Hazard Emergency Response Act (AHERA). This law requires all K-12 schools to be inspected to identify any asbestos-containing building materials. The law further requires the development of a management plan based on the findings of the inspection. The plan outlines our intent in controlling the potential for exposure to asbestos fibers in our school. According to section 763.84 of the AHERA Act, our school is carefully inspected every six months for hazardous materials. This inspection has been completed and our school is free of any friable materials. The inspection is another means of assuring the public that Kalani High School has a commitment to provide a safe environment for all members of our school community.

A copy of each school's management plan is on file at the Honolulu District Office at 4967n Kilauea Avenue. A copy of our individual school plan is on file in our Administrative Office. If you have any further questions, please feel free to call Kalani High School at 305-0500..
