## Nurses Office

### Parents of Students who will be in 11<sup>th</sup> Grade in September

The Public School Code of Pennsylvania requires that all children entering 11<sup>th</sup> grade have a physical examination. Please have the attached form completed by your child's health care provider and **return it to the School Nurse's Office as soon as completed, or by the first day of school in the Fall.**

Exams done within one year prior to the opening of school are accepted. Sports and driving physicals are acceptable if on file with the Nurse.

\*\*\*\*Please note: If you have a PIAA physical done for a sport you must make a copy for **both the athletic office and nurse in lieu of attached form.**

**Thank you for your cooperation**
