ELKHART ISD TICKET SALES

In accordance with UIL, TEA, and the State of Texas’ guidelines and protocols for athletic contests during Covid-19, Elkhart High School will be employing the following system for spectator management to remain at the limit of 50% occupancy at all UIL contests.

VOLLEYBALL

- Both Middle School and High School Volleyball will play all home games in the High School Gymnasium to avoid capacity issues. For this reason, pre-sale tickets will not be needed. Visitor capacity will be monitored to make sure 50% capacity is upheld due to limited seating.
- High School Gymnasium Seatbacks will be sectioned off every other row as well as sections on each side for players to social distance. All Tickets are $3.
- When EISD is the visiting school, all tickets will need to be purchased through student participant tickets. Tickets will be available the day before and the day of the game from 8am-3:30pm.

FOOTBALL

- Immediate families of individuals participating in the activity will have access to the game through advance ticket purchases. Tickets will be available for purchase by participants from the start of school Monday until 3:35pm Tuesday.
- Depending on the capacity limit of the stadium being used, the number of tickets afforded to each student-athlete could vary each contest.
- If participants' immediate families attend, we will have approximately 50 General Admission tickets remaining for purchase Tuesday evening 5:30-7:30pm at the Jerry Ives Stadium ticket booth as well as Wednesday 8am-3:30pm at the Whitehouse.
  
  Tickets: Adults $5 Students $3 / Sub-Varsity $3 Adults $2 Students

- Elkhart will send a copy of the ticket being accepted to the visiting school to replicate and distribute at their discretion, up to the capacity number of the venue (250). Visitors on arrival will present their ticket and pay for them at the game.
- Pre-sale SHOULD safeguard numbers, but spectators will be counted at the gate and once 50% stadium occupancy is reached, gates will be closed.
- If a state or district pass is used (UIL, District, THSCA, etc.), the individual IS STILL REQUIRED TO HAVE A ‘TICKET’ issued from the school. The individual simply will not have to pay for entry. Passes do not grant entrance without a school “ticket”. Senior Citizens’ passes will be honored but they must “purchase” their ticket during Open Ticket times by showing their pass.
- All spectators must self-screen and meet current state health requirements for entrance.
- All spectators must wear a mask (unless under 10 years old or meeting exceptions under Executive Order GA-29) and adhere to social distancing principles between other spectators as prescribed by Anderson County and the State of Texas.
- Band, drill team, and cheer participants will be seated/located on the track at football games and be considered participants. Visiting band, drill teams and cheer participants will be responsible for their own chairs if they choose to be seated on the track. If they choose to sit their groups in the stands it will be counted toward the visiting team’s capacity (250).
- No re-entry will be permitted at contests.
- Senior Night recognition will reduce the number of admission tickets for the general public.
- Procedures, numbers, and protocols can change at any time. Schools will be constantly monitoring TEA, UIL, and Texas requirements.
