### **WESTMINSTER SCHOOL DISTRICT RECOGNIZED FOR HIGH ACHIEVEMENT AND STUDENT SUCCESS**

Westminster, CA -- Westminster School District (WSD) has been named to the 2018-2019 Educational Results Partnership Honor Roll in recognition of high achievement and student success. The program, sponsored by the Campaign for Business and Education Excellence (CBEE), is part of a national effort to identify higher-performing schools and districts that are improving student outcomes. Westminster School District is one of just 26 public school districts throughout California to be recognized. In addition, nine WSD schools have been named 2018-19 California Honor Roll Schools.

School districts and schools that receive the ERP Honor Roll distinction have demonstrated consistent high levels of student academic achievement, improvement in achievement levels over time, and a reduction in achievement gaps among student populations.

“We are incredibly proud to be one of the few Districts throughout the state to be recognized as an Honor Roll School District by educational and business leaders in California,” said Dr. Cyndi Paik, Superintendent. “We continuously strive to increase academic achievement and improve educational outcomes for all of our students.”

“These Honor Roll districts and schools are living proof that our students can succeed when schools are committed to removing educational obstacles and accelerating student success. By focusing attention on these bright spots among our schools, we hope to change the conversation from ‘what’s wrong’ to ‘what’s working,’ and encourage others to replicate their success,” said James Lanich, Ph.D., ERP president and CEO.
