

A MAGICAL SUMMER OF READING

Dear Parents,

This summer, get ready to help your child discover the joy and magic of reading with the Scholastic Summer Reading Challenge!

This FREE online reading program is for parents and students who are dedicated to turning the “summer slide” (the learning loss that takes place during the long break from school) into a “summer leap!”

Students will log their reading minutes all summer long and upon arrival back at school special prizes will be awarded to the classes with the most participation and the most minutes read!

The 2018 Summer Reading Challenge begins on Monday, May 7th! Although this is a voluntary program, we encourage everyone to participate.

Happy Reading!

Mrs. Maihack and Mrs. Malinowski
