Dear Parent(s)/Guardian(s),

Kemp ISD understands that grades in the current learning environment during COVID-19 are a concern for students and parents. Our goal is for students to progress in their learning and be supported, as we navigate this unusual situation together. In order for Kemp ISD to calculate grades while in compliance with the TEA emergency order due to COVID-19 concerns, the following temporary changes to our usual grading procedures will occur:

- Assignments in the gradebook will be frozen as of March 12, 2020, the end of the 3rd nine weeks.
- We will find the FINAL grade by adding points to the 1st, 2nd, and 3rd 9 weeks average based on the logs submitted. Students can only improve their grade.
- In an effort to be fair and consistent for all learners, we will grade activity logs/evidence submitted during COVID-19 on a 3 point scale.
  - Round 1 and Round 2 Packets (March 25 - May 1)- Participation grades only
  - Round 3 (May 4- May 22)- Evidence submitted for grading

**Example of How Final Grades will be Calculated:**

1st, 2nd, 3rd Nine Weeks Average = 85  
Round 1 participation = 3  
Round 2 participation = 3  
Round 3 Evidence of student work submitted = 2.7 average

**FINAL Calculation:**  
85 + (3 + 3 + 2.7) divided by 3 = 2.9
85 + 2.9 = 87.9= 88 Final grade

We hope this letter clearly explains the grading of evidence/student work during At-Home Instruction. If you have any questions or concerns, please call your campus office for clarification, someone there will be available to address your concerns.
