

# STEVENS MATH OLYMPIAD

Saturday, May 18, 2019  
10 a.m. – 12:30 p.m.  
Stevens Institute of Technology  
Hoboken, New Jersey

**STEVENS.EDU/MATHOLYMPIAD**

The Stevens Math Olympiad is a **free mathematics competition for students in grades 3-12 that entails solving mathematical and logical problems, as well as demonstrating the joy and excitement of mathematics.**

Students will be offered 15 problems to solve in five divisions: grades 3-4, grades 5-6, grades 7-8, grades 9-10 and grades 11-12.

The Math Olympiad has the following goals:

- + To stimulate enthusiasm and a love for mathematics
- + To introduce important mathematical concepts
- + To strengthen mathematical intuition and creativity
- + To introduce bright middle and high school students to Stevens Institute of Technology

## AGENDA

- 10 a.m.** Math Olympiad testing begins for students in grades 3-8
- Welcome and opening remarks for parents/guardians and students in grades 9-12
