

For Immediate Release – June 20, 2019

For more information, contact:

H. Larry Moore, Superintendent of Schools

Telephone: (850) 482-1200

Superintendent Larry Moore and the members of the School Board are pleased to announce all school supplies for students in Jackson County School District schools will be provided by the District for the 2019-2020 school year, thanks to the generous donations of supplies and funds received following Hurricane Michael, as well as, a recent \$50,000 grant award from Save the Children. Superintendent Moore made this decision in hopes to provide some financial relief for our families, many who are still struggling from the impact of the storm. Individual schools will give information on the way supplies will be dispersed. The Superintendent and Board Members express appreciation to Michael Kilts for his work with obtaining the grant and the many volunteers/donors who helped with supplies donated to the district.
