Board Policy

Interdistrict Attendance

BP 5117

Students

The Governing Board recognizes that students who reside in one district may choose to attend school in another district and that such choices are made for a variety of reasons.

(cf. 5116.1 - Intradistrict Open Enrollment)

The Board desires to communicate with parents/guardians and students regarding the district's educational programs and services.

Upon request by students' parents/guardians, the Superintendent or designee may annually approve or deny interdistrict attendance permits with other districts on a case-by-case basis to meet individual student needs.

The Superintendent or designee may limit the number of student transfers out of the district to a school district of choice based on the percentages of average daily attendance specified in Education Code 48307.

The interdistrict attendance permit shall not exceed a term of five years and shall stipulate the terms and conditions under which interdistrict attendance shall be permitted or denied. (Education Code 46600)

The Superintendent or designee may deny interdistrict attendance permits because of overcrowding within district schools or limited district resources.

The Board shall annually determine the number of interdistrict transfer students the district will accept for the following school year. The Board shall also identify the schools, grade levels, and programs that will be able to accept these additional students.

Because the district admits students in accordance with the school district of choice program pursuant to Education Code 48300-48315, the Superintendent or designee may admit a student based on an individual interdistrict attendance permit only in situations of extreme need and upon the request of the district of residence.
