CPDLF Learners and Families,

Even though learning from home is not a change for you, we realize many other things in your home are most likely changing due to the recent closures of schools and businesses. We want you to know that we understand. These changes can be stressful and we will do our best to support you and your family.

We encourage you to reach out and stay in contact with your learning guides and instructors. As we move through these next few weeks, please check your hangouts, email, and our website frequently for updates.

Please note that we are following guidance from PDE as it is released and will update you accordingly.

Please stay tuned and stay healthy!
