PARENTS!

Notice of Exposure to Illness

**Conjunctivitis
"Pink Eye"**

Date: _____

Symptoms: Eyes red, not usually painful but may complain of grittiness and scratchiness. Lids stuck together upon awakening. Yellow or white drainage.

Incubation Period: Usually 24—72 hours.

How Transmitted: Person to person. Contact or touching articles soiled by the eye drainage.

Treatment and Precautions: Do not touch eyes! Consult your doctor.

Return to School: After medical treatment. Usually not contagious after 24 hours of treatment and no green drainage.

Please call your child's school if your child will be absent due to above symptoms (or any other illness)
