

Elmore Park Middle School

News & Updates

August 16, 2019

Welcome Back! As the first week comes to a close, I hope that everyone is getting settled into their new routines and staying excited about the new year. These News & Updates will go out weekly with information and dates for the upcoming week. Our goal is to keep everyone in the loop in the midst of our busy lives.

Balancing of Class Sizes- Mrs. Walker has begun the balancing process. This means that many students might receive a schedule change. When possible, a student will change class periods but not teachers. However, sometimes it is necessary for a teacher change to occur. Please continue to work with us as we create the best learning environment we can.

Laptop Distribution- The Technology Department has tentatively planned for distribution to begin on Monday, August 26th. In order for your child to receive their laptop all forms must be completed online, insurance payments must be made either online or at the school, and students must have a padded backpack and laptop case. Here is the link to the online forms:
