March 25, 2020

Due to concerns about the spread of coronavirus (COVID-19), the Nampa School District and the City of Nampa are joining together to CLOSE all school and city playgrounds, effective immediately. We ask that you refrain from using swings, slides and any other playground equipment until further notice. Walking tracks remain open.

Although playgrounds will be closed, our school sites are being equipped with outside WiFi access. If families need to use the WiFi, please maintain social distancing protocol established by the CDC. For a list of all of our school sites, please visit www.NSD131.org.

District staff will be posting notices at all of our playground sites informing visitors of the closures.

You can find more information about our efforts during the COVID-19 situation at https://www.nsd131.org/apps/pages/index.jsp?uREC_ID=1689124&type=d&pREC_ID=1846275. If you have a question, you can contact your child’s school following spring break or call (208) 468-4600 and leave a message.

We appreciate your cooperation as we work to keep our community safe during these unusual circumstances.
