

Reaching Families Facing Autism **San Antonio Autism Resource Guide**

The parents and staff of the **Reaching Families Facing Autism (RFFA) Support Groups and Parent Education Program** have compiled the following guide. The goal of this resource guide is to provide families with all available information so that they can make the most informed decisions regarding their child with autism. Please call the Any Baby Can main office to access the assistance of a case manager who can provide useful service coordination to guide you and your family through the many available resources.

Resources are constantly evolving so please contact **Hugo Hernandez** at Any Baby Can for additions or changes via email hhernandez@anybabycansa.org or phone **(210) 227-0170**. We encourage parents and professionals to contact us regarding additions or deletions to the resource guide. Please check back weekly for updates.

The second page of this resource booklet is a guide to direct you in the recommended order to access resources in San Antonio once a child is diagnosed with autism. The intent of the chart is to give you a list of categories and the suggested order to access those services. This is not a representation of all available resources and is intended to serve as a helpful guide. You may access services in the order of what you and your family find most important, and you may find other resources that better fit your child/family's needs.

We hope that you find this resource guide helpful in learning what services are available to you and your family. Please feel free to share this with others that may be in need. Please visit our website www.anybabycansa.org for more information.

The 2009 Walk for Autism is scheduled for April 18, 2009 so please save the date and plan to be there. Please visit our website for more information.

TEAM Project- San Antonio

Our goal is to empower parents of children and youth with disabilities in their roles as parents, decision makers, and advocates for their children. TEAM can help you learn more about your child's disability, give you tools to better understand your child's rights, improve your communication with educators, become your child's advocate and provide emotional support. Partners Resource Network is a parent-driven, parent-run, agency who strives to provide accurate and current information regarding special education laws and rights of parents. We provide workshops on various topics, assist with parent to parent matches, organize parent support groups, information and referral to other agencies, one on one trainings and provide quarterly newsletters and 24/7 website packed full of helpful information.

- Winston School**.....**615-6544**
 The Winston School of San Antonio exists to educate children in grades kindergarten through twelve with learning differences and learning disabilities in an atmosphere that addresses their personal learning styles and promotes self-esteem, a positive attitude about learning, and optimal attainment of educational and career goals. Students will become advocates for themselves and others and will be able to make a contribution to the world in which they live.
(They are not able to accommodate children with behavior concerns. This could be a good place for a child with Asperger's Syndrome.)

GF/CF Play dough recipe

2 cups white rice flour
4tsp cream of tartar
2/8 cup salt
2 tsp xanthan gum
4tbs oil

Place all ingredients into a food processor. Slowly add ½ cup boiling water until mixture forms ball. If dough is crumbly add more water one tablespoon at a time until dough is soft yet firm. Let cool. Knead on floured board for 10 minutes. Separate into 4 small balls of dough and add 8 drops of food coloring to each. It is best if you keep this play dough in the refrigerator.
