Final 5/15/2019
The following is provided to assist you with information concerning parent/student rights, which the law requires school districts provide at the beginning of each school term. (EC Section 48980)

NOTICE AND BEGINNING OF TERM
The school district shall notify the parent or guardian of a minor student regarding the rights and responsibilities of the parent or guardian. (Education Code 48980(a))

EDUCATIONAL SERVICES

INSTRUCTIONAL PROGRAMS OFFERED
Rowland Unified School District offers programs of instruction for students in grades TK-6 at the District's elementary schools, grades TK-8 at three sites, grades 7-8 at Intermediate Schools, and grades 9-12 in the high school programs. Alternative Programs are available through Santana High School, including Home Schooling, and Independent Study.

COMMON CORE STATE STANDARDS
Common Core State Standards (CCSS) are an updated set of curricular standards that have been developed to ensure that all students demonstrate readiness skills for college and career. Common Core State Standards bring strong advantages to students in California and in the United States. First, by unifying the expectations among the 46 states that have adopted the CCSS, assessments of educational quality will be more equitable. Second, students throughout the United States will be in a better position to compete with students throughout the world for university admission and for jobs in a global market. The CCSS have been developed for English Language Arts (ELA) and for mathematics. Common Core Literacy standards affect History, Social Science, Science and technical subject instruction but not content standards.

A-G HIGH SCHOOL COURSE PATHWAY
The A-G course pathway reflects the minimum course requirements students must meet to enter a University of California or California State University school. While A-G courses are required only by UC and CSU, many other colleges and universities require similar classes for admission. In addition, A-G classes provide a strong foundation on which students can build careers.

A-G requires a minimum 15-unit pattern of courses for a student's admission as a first-time freshman to the UC and CSU systems. Each unit is equal to a year of study in a subject area. A grade of C or higher is required for the course to count as an admission requirement to a UC or CSU school. While A-G courses fulfill many of District graduation requirements, there are some classes that students will have to complete in addition to A-G courses in order to receive a diploma.

TRANSITIONAL KINDERGARTEN
The district is offering a Transitional Kindergarten program for students who will turn 5 years of age between September 2 and March 31. This course provides students the educational opportunity to start their school experience with children of their own age and includes both developmental and academic curriculum as part of the program. Programs will be offered all of our elementary school sites.

REGIONAL OCCUPATIONAL PROGRAMS (ROP)
RUSD partners with La Puente Valley Regional Occupational Program (LPVROP) to provide hands-on, interactive classes, which offer learning and career exploration through real-world experience. LPVROP offers over 35 courses from sports medicine to forensics and engineering/robotics to photography. For further information, contact LPVROP at 626-810-3300 or visit their website at lpvrop.org

ADULT EDUCATION
Rowland Adult and Community Education (RACE) is the adult school for our district. Educational services are provided to those individuals that are 18 years or older. Programs offered are English as a Second Language (ESL), Citizenship, Parent Education, Adult Secondary High School Diploma, GED, Older Adult and Community Education Course. For more information, call 626-965-5975 or visit the RACE website at http://race.rowland.k12.ca.us.

RECREATION PROGRAM

Contact the Recreation Department at 626-965-5975 for more information or visit their website at http://recreation.rowland.k12.ca.us.

maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy.

A. Maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy.

B. Recognize that the best learning takes place when the student learns because of the student's desire to learn.

C. Maintain a learning environment that maximizes student self-motivation and self-direction. Student self-motivation and self-direction may be developed independently by the student or may be encouraged by teacher initiated learning activities.

D. Maximize the opportunity for teachers, parents, and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous, permanent process.

E. Maximize the opportunity for students, teachers, and parents to continuously react to the changing world,
including, but not limited to, the community in which the school is located.

The parent or guardian of any student may request the board of a school district to establish an alternative school program or programs in the district pursuant to this code. Requirements for graduation and alternative modes for completing the prescribed course of study must be made available to students, parents, and the public. (EC 58501, 58502 and 51225.3 (b))

HOME AND HOSPITAL INSTRUCTION
The District provides a program of instruction in the home or hospital setting for students unable to attend their regular instructional program for an extended period of time (more than two weeks) as a result of a temporary disability, which is not covered under Special Education provisions. Hospitalized students are considered residents of the school district in which the hospital is located. Parents in need of these services must contact the school principal or school nurse to obtain a Request for Home and Hospital Instruction. Parents are responsible to notify the school district regarding the student’s presence in a hospital located within the district’s jurisdiction. An honorary high school diploma which is clearly distinguishable from the regular diploma of graduation may be awarded to a pupil who is terminally ill. (Education Code 48206.3, 48207 and 48208) For more information please call (626) 965-8202.

STUDENTS WITH TEMPORARY DISABILITIES
A student with a temporary disability, which makes attendance in the regular day classes or alternative program impossible or inadvisable, shall receive individual instruction provided by the District. (Education Code §48206.3)

STUDENTS WITH TEMPORARY DISABILITIES IN HOSPITALS: RESIDENCY
A student with a temporary disability who is in a hospital or other residential health facility, which is located outside of the school district in which the student’s parent or guardian resides, shall be deemed to have complied with the residency requirements for school attendance in the school district in which the hospital is located. (Education Code 48207)

PRESENCE OF STUDENTS WITH TEMPORARY DISABILITIES IN HOSPITAL NOTICE BY PARENT
It shall be the primary responsibility of the parent or guardian of a student with a temporary disability to notify the school district of the student’s presence in a qualifying hospital. (Education Code 48208)

CONTINUATION IN KINDERGARTEN OR GRADE 1
District policy contains provisions under which students in Kindergarten or Grade 1 may continue in their current grade, if the school Student Study Team, with written concurrence from the parent/guardian, determines that this is in the best interest of the student. Further details can be obtained from school site principals.

PROMOTION AND RETENTION OF STUDENTS
Rowland Unified School District has adopted a policy, as required by law, requiring students to demonstrate achievement of grade level standards in order to be promoted. In grades 2-8, students not meeting District standards for promotion are considered at-risk of retention. Parents will be notified and intervention programs will be offered to assist at-risk students. (Education Code 48070.5)

HIGH SCHOOL GRADUATION
To earn a high school diploma, students must complete a specific course of study, including service hours. Details regarding the requirements are available from the high school administration and school counselor. The governing board of Rowland Unified School District may award a diploma to any student who may have been deported outside the US, if in good standing after completing the second year of high school. Any transfer credits from outside the US will be considered as completion through online or foreign classes.

CALIFORNIA HIGH SCHOOL PROFICIENCY EXAM
The California High School Proficiency Exam (CHSPE) is a voluntary test that assesses proficiency in basic reading, writing, and mathematics skills taught in public schools. Eligible pupils who pass the CHSPE are awarded a Certificate of Proficiency by the State Board of Education. A pupil who receives a Certificate of Proficiency may, with verified approval from the parent or legal guardian, leave high school early. The Certificate of Proficiency, however, is not equivalent to completing all course work required for regular graduation from high school. For more information, including administration dates and registration deadlines, visit the following website: http://www.chspe.net/.

GRADE REDUCTION/LOSS OF ACADEMIC CREDIT
No student may have his grade reduced or lose academic credit for any excused absences when missed assignments and tests can be reasonably provided and are satisfactorily
completed within a reasonable period of time. (Education Code 48980 (k))

**PHYSICAL PERFORMANCE TEST**

Students in grades 5, 7, and 9 shall be administered a state approved physical performance test. (Education Code 60800) This is a ninth grade requirement.

**STUDENT FEES, DONATIONS AND FUNDRAISING**

The Rowland Unified School District appreciates school-community cooperation to support various programs. This document is provided as a guide for district staff, parents, community members, and auxiliary organizations, who financially support programs, to ensure legal compliance while providing that support. The intent of these guidelines is to emphasize that the question is not whether schools and their communities can raise money to support programs – they can – but how funds can be raised through lawful means.

The California Constitution mandates that public education be provided to students free of charge, unless a charge is specifically authorized by law for a particular program or activity. This constitutional right of free access encompasses all educational activities, whether curricular or extracurricular, and regardless of whether credit is awarded for the educational activity. The right of free access also prohibits mandated purchases of materials, supplies, equipment or uniforms associated with the activity, as well as the payment of security deposits for access, participation, materials or equipment. Finally, a process that allows for a waiver process for an otherwise mandatory fee, charge or deposit does not render it constitutionally permissible. However, legislation and previous court rulings have provided exceptions to allow for permissible fees.

**PERMISSIBLE MANDATORY FEES/CHARGES/DEPOSITS**

The following are specific exceptions to the prohibition on fees, charges and deposits at the kindergarten through 12th grade level (some legal provisions related to child care programs and adult education are not listed here). These fees, charges and deposits are legally permissible because they are specifically permitted by law. (Note: This list is based on legal authorizations, but the inclusion of a permissible fee, charge or deposit on this list does not necessarily mean that District schools currently assess the fee, charge or deposit). The following fees, charges, and deposits are permissible:

1. Charges for optional attendance as a spectator at a school or District sponsored activity. (Hartzell, 35 Cal.3d 899, 911, fn. 14).
2. Charges for food served to students, subject to free and reduced price meal program eligibility and other restrictions specified in law. (Education Code §§ 38082 and 38084).
3. Paying the replacement cost for District books or supplies loaned to a student that the student fails to return, or that is willfully cut, defaced or otherwise injured, up to an amount not to exceed $10,000. (Education Code §§ 19910-19911 and 48904).
4. Fees for field trips and excursions in connection with courses of instruction or school related social, educational, cultural, athletic, or school band activities, as long as no student is prevented from making the field trip or excursion because of lack of sufficient funds. (Education Code § 35330(b)).
5. Medical or hospital insurance for field trips that is made available by the school district. (Education Code § 35331).
6. Charges for required medical and accident insurance for athletic team members, so long as there is a waiver for financial hardship. (Education Code § 32221).
7. Charges for standardized physical education attire of a particular color and design, but the school may not mandate that the attire be purchased from the school and no physical education grade of a student may be impacted based on the failure to wear standardized apparel “arising from circumstances beyond the control” of the student. (Education Code § 49066).
9. Fees for school camp programs, so long as no student is denied the opportunity to participate because of nonpayment of the fee. (EC § 35335).
10. Reimbursement for the direct cost of materials provided to a student for property the student has fabricated from such materials for his/her own possession and use, such as wood shop, art, or sewing projects kept by the student. (Education Code § 17551).
11. Reimbursement for the actual cost of duplicating public records, student records, or a prospectus of the school curriculum. (Government Code § 6253; Education Code § 49091.14).

12. Fees for transportation to and from school, and transportation between school and regional occupational centers, programs or classes, as long as the fee does not exceed the statewide average nonsubsidized cost per student and provided there is a waiver provision based on financial need. (Education Code § 39807.5).

13. Fees for transportation of pupils to places of summer employment. (Education Code § 39837).

14. Tuition fees charged to pupils whose parents are actual and legal residents of an adjacent foreign country or an adjacent state. (Education Code §§ 48050-52).

DONATIONS AND FUNDRAISING
School districts, schools, programs and classes can and do seek and accept donations of funds and property, and this practice is permissible as long as it is truly voluntary and in no way a prerequisite to participation in the program or activity. California law does not allow school districts to charge fees to students for curricular and extracurricular activities. However, schools can no longer afford to fund many of the programs and activities. Therefore, schools may request voluntary donations from parents to offset the costs of these programs. Parents are not required to make donations and all students may participate in extracurricular activities regardless of whether their parents make a donation.

As with donations, school districts, schools, programs and classes can and do engage in fundraising activities and programs, and this practice is also permissible as long as the raising of funds is voluntary. A student who is asked to but does not raise funds may not be denied participation in an educational or extracurricular activity. A requirement to raise funds in order to participate, even if there is no mandated amount to be raised, is the same as requiring a fee. The prohibition on the requirement for an individual student to raise money is to be distinguished from a requirement to attend a fundraising event as an element of participation in an activity, in the same way attendance at practices, games, rehearsals or performances are an expected aspect of participation.

ADVANCE PLACEMENT & INTERNATIONAL BACCALAUREATE EXAMINATION FEES
Eligible high school students may receive financial assistance to cover the costs of the advanced placement examination fees or the International Baccalaureate examination fees, or both. Parents should contact their student’s high school for further information. (EC 52244; EC 48980 (K))

HOMEWORK POLICY
The Rowland Unified School District believes that homework should be an integral part of the total instructional program. Homework extends learning opportunities beyond the confines of the school day. We recognize that homework contributes toward building responsibility, self-discipline and life-long learning habits, and that time spent on homework directly influences the student’s ability to meet the District’s academic standards. Homework needs to be graded and level appropriate to benefit the student.

WITHHOLDING GRADES, DIPLOMA, OR TRANSCRIPTS
Parents or guardians may be held financially liable if their child willfully damages school property or fails to return school
property loaned to the child. The school may further withhold the grades, diploma, and transcript of the pupil until restitution is paid. In such cases, the District must afford the student his/her due process and if the student is unable to pay for damages or return District property, the District will provide a voluntary work program for the minor to work in lieu of payment. (Education Code 48904, 48904.3)

HARM OR DESTRUCTION OF ANIMALS

Any student with a moral objection to dissecting or otherwise harming or destroying animals as a part of a course curriculum shall have the opportunity, with written parental permission, to work with the teacher to develop an alternative, comparable, method for obtaining the information or experience required for the class. (Education Code 32255-32255.6)

HEALTH INSTRUCTION

If health instruction conflicts with your religious training, beliefs, or personal and moral convictions, please advise your school principal in writing to exclude your student from this phase of the instructional program. (Education Code 51240)

CALIFORNIA HEALTHY YOUTH ACT

The California Healthy Youth Act requires school districts to provide pupils with integrated, comprehensive, accurate, and unbiased sexual health and HIV prevention education at least once in middle school and once in high school. It is intended to ensure that pupils in grades 7-12 are provided the knowledge and skills necessary to: (1) protect their sexual and reproductive health from HIV, other sexually transmitted infections, and unintended pregnancy; (2) develop healthy attitudes concerning adolescent growth and development, body image, gender, sexual orientation, relationships, marriage, and family; and (3) have healthy, positive, and safe relationships and behaviors. It also promotes understanding of sexuality as a normal part of human development.

The Rowland Unified School District believes that the primary responsibility for family life education is in the home. Parents have the right to:

1. Inspect the written and audiovisual educational materials used in the comprehensive sexual health and HIV prevention education.
2. Request in writing that their child not receive comprehensive sexual health or HIV prevention education.
3. Request a copy of Education Codes 51930 – 51939, the California Healthy Youth Act.

Each student must attend school at least the minimum school day for his grade level. No student shall be excused from school more than four days per school month. (Education Code 46014)

ENGLISH LEARNERS

English Learner students are assessed initially upon enrollment and annually using the English Language Proficiency for Assessments for California (ELPAC), to determine the student’s level of English proficiency. Parents are notified that their child is a “Long-term English Learner” or is an “English learner at-risk of becoming a Long-term English Learner.” Academic instruction is provided for English Learners in English, with supplemental English Language Development (ELD). The district provides the following English programs; Structured English Immersion, English Language Mainstream, Dual Immersion and Bilingual Education. At schools where 15% or more of the student population speaks a single language other than English, parent information is translated, when practical, in accordance with State and Federal compliance requirements.

GIFTED AND TALENTED EDUCATION (GATE)

Students beginning in the third grade, with parent permission may test for the GATE program. Upon further GATE committee review and teacher recommendation, students may qualify for district/site GATE programs. For further information, see your school principal for details regarding testing and the individual school GATE program.
NOTIFICATION OF MINIMUM DAYS
The District requires that parents be advised no later than one month prior to any scheduled change in the student's day. (Education Code 48980 (c))

SCHOOL ACCOUNTABILITY REPORT CARD
A copy of the School Accountability Report Card (SARC) is available on line at www.rowlandschools.org under each individual school webpage. A hard copy of the SARC may also be requested from your student's school. Content of report card defined under EC § 33126 includes assignments of teachers, number of vacant teacher positions, availability of sufficient textbooks and other instructional materials, and needed maintenance to ensure good repair of facilities. (Education Code 35256, 33126, and-35258) (Education Code 33126 amended by SB 550, Ch 900, Statutes of 2004)

STUDENT RECORDS/ PARENT RIGHTS
Federal and State regulations require school districts to inform parents of “eligible” students annually of their rights concerning student records. These files are located in the student's school. Special Education records are under the supervision of the Coordinator of Special Education. Records of current students are under supervision each school principal and are available for your review upon request. Copies of student records can be made for a nominal charge and must be provided within five business days upon written request.

Any challenge to school records must be submitted in writing to the school principal. A parent challenging school records must show that the records are 1) inaccurate, 2) an unsubstantiated personal conclusion or inference, 3) a conclusion or inference outside the observer's area of competence, 4) not based on the personal observation of a named person with the time and place of the observation noted, 5) misleading, or 6) in violation of the privacy or other rights of the student. Parents have the right to file a complaint with the United States Department of Education concerning an alleged failure by the District to comply with the provisions of the United States Family Educational Rights and Privacy Act (FERPA) by writing to: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Ave., SW, Washington, D.C. 20202-4605. (Education Code 49063-49078 and 48980 (FERPA) Prior and Title 5, CCR 431(e))

VISITORS TO SCHOOLS
All visitors to a school campus must must check into the office as they arrive on campus during the school day. You will be required to sign in as well as wear a badge or sticker for visible identification. These processes are in place to assist with campus safety. Contact your school for details.

DIRECTORY INFORMATION
Periodically, the Rowland Unified School District releases directory information on RUSD students to non-profit organizations. Information is released to organizations such as the P.T.A. (Parent-Teacher Association) whose purpose is to enhance the educational goals of the district. Information may also be released to organizations associated with education; organizations which would benefit the student, information for press releases, or information to organizations and institutions offering career opportunities to graduates. Directory information may include the student's name, address, and related information. In particular, the district utilizes this method to disseminate important information to the parents of district students.

RELEASE OF MILITARY INFORMATION
Federal public law requires that school districts receiving funds under the Elementary and Secondary Education Act provide military recruiters with access to student names, addresses, and telephone numbers, except when the parent/guardian requests that the information not be released.

Any parent not wishing directory information to be supplied to non-profit entities such as the military may request in writing to the principal that the information be withheld. (Education Code 49073) You may opt out online during the data confirmation process at the beginning of each year.

SOCIAL SECURITY NUMBERS
RUSD does not collect or solicit social security numbers or the last four digits of social security numbers from students or their parents (EC 49076.7; 56601)

CUSTODY CONCERNS AND SCHOOLS
All custody disputes must be handled by the courts. A school will always make every attempt to reach the custodial parent regarding student concerns. If there is a situation regarding custody, it is the parent's responsibility to make sure that a copy of the most current court document is provided to the school for review. Should any custody situation become a
disruption to the school, law enforcement will be contacted to intervene.

**RELEASE OF JUVENILE INFORMATION–WIC 831**

California law makes “juvenile case files” confidential and has a long history of protecting juvenile proceedings and records from disclosure in order to facilitate the rehabilitation of youth and avoid stigmatization. Only if a court order is provided, will any student information be disseminated, attached or provided to federal officials. The court order must indicate prior approval of the presiding judge of the juvenile court. Otherwise, juvenile information is protected from distribution and remains private without a court order.

**FINANCIAL AID**

Federal Student Aid (EC 51225.8) – Under state law, Rowland Unified School District ensures that students, prior to entering 12th grade, are entitled to information on how to properly complete and submit the Free Application for Federal Student Aid (FAFSA) or the California Dream Act Application at least once and in a timely manner. All family and student personal information is protected according to state and federal privacy laws and regulations. For more information on financial aid, contact the Director of Secondary Education at 626-965-2541 x 8365.

Cal Grant Program (EC 69432.9) - California law mandates that grade point averages (GPAs) be submitted electronically to the California Student Aid Commission (CSAC) for all grade 12 pupils at public schools, including charter schools, each academic year, except for individual pupils who have opted out. Uploading GPAs to the Commission helps to ensure that students who have filled out either a Free Application for Federal Student Aid (FAFSA) or California Dream Act Application (CADA) can be considered for a Cal Grant. The Cal Grant represents free money to assist students in pursuing higher education. In accordance with this law, Rowland Unified High Schools will be electronically submitting all grade 12 students’ GPA to the CASC by October 1 of the academic school year.

In order to assist students in applying for financial aid, all students in grade 12 are automatically considered a Cal Grant applicant and each grade 12 student’s GPA will be submitted to the CASC electronically by a school or school district official. Students who do not wish to have their GPAs electronically submitted to the Commission, have the right to opt out of this process by filling out and submitting the “Cal Grant GPA Opt-Out Form”. You must complete the form and return it to your school counselor no later than August 31 of the academic school year.

**What is Cal Grant?**

Cal Grant is a program run by the California Student Aid Commission that provides cash assistance for eligible students attending college in California. A Cal Grant is money for college that does not have to be paid back. To qualify, a student must meet the eligibility and financial requirements as well as any minimum grade point average (GPA) requirements. Cal Grants can be used at any University of California, California State University or California Community College. Some independent and career colleges or technical schools in California also take Cal Grants. For more information on Cal Grant, please visit the Commission’s website at [www.csac.ca.gov](http://www.csac.ca.gov).

**PARENTAL PHOTO AUTHORIZATION**

Some of the learning experiences that students enjoy during the school year are photographed and videotaped. Occasionally, the photographs and tapes may be shown or displayed representing school or District activities. You may opt out online during the data confirmation process at the beginning of each year.

**ATTENDANCE & ENROLLMENT**

A major goal of the Rowland Unified School District is the improvement of attendance. When students miss school, they miss direct instruction and learning activities necessary to master proficiency in California standards. There is a strong correlation between regular attendance and higher levels of student achievement.

Each person in California between the ages of 6 and 18 years, who is not legally exempt, is subject to compulsory school attendance. Each parent or guardian has the responsibility to send students to school for the full time of the school day as designated by the Board of Education. (EC 48200).

**STUDENT ABSENCES**

Students may be excused from school for the following reasons: sickness, quarantine, death in the immediate family, doctor's appointment, and religious ceremonies and/or instruction, to spend time with an immediate family member on active duty when they have been deployed, home on leave, or have just returned, and for the purpose of attending the pupil’s naturalization ceremony to become a United States Citizen. The student’s absence should be submitted in writing by the
parent or guardian and approved by the principal or a designee in alignment with uniform standards established by the Board of Education. (EC 48205). “Immediate family” refers to parent or guardian, brother or sister, grandparent, or any other relative living in the household of the student. A student can be declared a habitual truant on the third unexcused absence or three tardies of more than 30 minutes each time, during any time of the day. (Education Code 48260, 48262, 48263.6, and 48264.5(c)). Chronic truancy is also considered when a student is absent more than 10% of their school year with unexcused absences. Chronic absenteeism is when a student is absent more than 10% of their school year with excused or unexcused absences (EC 60901).

**SCHOOL ATTENDANCE REVIEW TEAM & SCHOOL ATTENDANCE REVIEW BOARD**

Each school in Rowland Unified School District encourages regular, on-time attendance by students so that students do not miss instruction. Schools will notify students who show a pattern of excessive excused or unexcused absence, from school, to offer assistance, if needed. A School Attendance Review Team (SART) meeting will be scheduled for a student and his/her parent/guardian if attendance does not improve. At the SART meeting a contract will be developed to assist the student in coming to school regularly and on-time.

Students whose attendance does not improve will be referred to the Rowland Unified School Attendance Review Board (SARB). The SARB, comprised of local law enforcement officers, school and district administrators will develop a plan to improve student attendance. **In cases where student attendance does not improve, further action, up to and including a citation or referral to the District Attorney, may be taken.**

**ATTENDANCE OPTIONS/PERMITS**

The Rowland Unified School District currently provides comprehensive educational programs for school-age students enrolled in Transitional Kindergarten, Kindergarten and grades 1 through 12. The programs are available on a limited basis through statutory attendance options to RUSD students and to students who reside outside District boundaries. Requests for transfer are granted through an unbiased selection process subject to space availability and provisions of Board policy. (Education Code 35160.5 (b))

Attendance options described below are available on a limited basis to students whose parents or guardians currently reside within the District’s attendance boundaries and to students who have established residency pursuant to provisions of Educational Code 48204(f). Current statutory and local attendance options are available to District students as follows: (Education Code § 48980 (i))

Open Enrollment and Intra District Transfer Requests are available to students whose parents or guardians currently reside within District boundaries and to students who have otherwise established residency pursuant to provision of Education Code 48204 or 48209. This allows parents to select the school of choice where capacity permits.

**RESIDENCY REQUIREMENTS**

A minor between the ages of 6 and 18 years is subject to compulsory education and, unless exempted, must enroll in school in the school district in which the residence of either the parent or legal guardian is located.

A pupil may alternatively comply with the residency requirements for school attendance in a school district, if he or she is any of the following: placed in a foster home or licensed children’s institution within the boundaries of the school district pursuant to a commitment of placement under the Welfare and Institutions Code; a pupil who is a foster child who remains in his or her school of origin; an emancipated pupil who resides within the boundaries of the school district; a pupil who lives in the home of a caregiving adult that is located within the boundaries of the school district; a pupil residing in a state hospital located within the boundaries of the school district; or a pupil whose parent is transferred or is pending transfer to a military installation within the state while on active military duty pursuant to an official military order.

**PRIORITY OPEN ENROLLMENT**

Any parent/student living in the Rowland Unified School District may request to attend another school within the District. This option is offered for a limited time at the beginning of each new calendar year (February). Once a student is enrolled through this option, the new school becomes the home school and it is not necessary to complete a new request each year. (Education Code 35160.5 (b))

**INTRA DISTRICT TRANSFER REQUESTS**

Any parent/student living in the Rowland Unified School District may request to attend another school within the district. This option may be exercised at any time during the school year. Unless revoked, an intradistrict transfer is approved until the end of a grade sequence only (K-6, K-8, 7-8, 9-12).
INTERDISTRICT ATTENDANCE PERMITS
California Education Code provides that two or more school districts may enter into an agreement to allow a student to attend a District outside the District of residence. Such transfers are subject to approval based on space availability and provisions of local board policy. Applications and procedures are available from the Student Services Office, (626) 935-8281. (EC 46600). Interdistrict permit renewals regarding AB 2444 will be processed as previously done annually. A student who has completed grade 10 by June 30, may enroll within the district of enrollment through grades 11 and 12 without any revocation from the desired district, and must be treated the same as any other resident student. A student who is appealing a decision for an interdistrict permit approval through the County Office of Education may be eligible for provisional admission to the desired district in grades TK – 12 without any revocation from the desired district, and must be treated the same as any other resident student.

Rowland Unified School District posts its interdistrict policy agreements and enrollment caps on the District website. Reasons for approval and denial of interdistrict transfer requests are updated according to Board policies. The County appeals process is offered with the final denial in writing by the school district. The County appeal process may take up to a maximum of two months. If you have questions about the interdistrict process, please call the district office at (626)935-8281 or call the County Office at (562)922-6233.

PARENT EMPLOYMENT RELATED TRANSFERS

For additional information regarding application and procedures, please contact the Office of Student Services (626) 935-8281 (Education Code 48204 (b)).

DISCIPLINE

The Governing Board is committed to providing a safe, supportive, and positive school environment which is conducive to student learning and to preparing students for responsible citizenship by fostering self-discipline and personal responsibility. The Board believes that high expectations for student behavior, use of effective school and classroom management strategies, provision of appropriate intervention and support, and parent involvement can minimize the need for disciplinary measures that exclude students from instruction as a means for correcting student misbehavior.

DUTIES OF STUDENTS - TITLE 5-EC 300 CALIFORNIA CODE OF REGULATIONS
Requires all students to conform to school regulations; obey all directions; be diligent in study and respectful to teachers and others in authority; and refrain from the use of profane and vulgar language. (5 ccr-300)

Discipline procedures are printed in each site handbook. (EC 35291 and 48900.1)

Parents may be required at teacher discretion to attend a portion of a school day in any classroom from which their student has been suspended for obscene, vulgar, profane, or disruptive behavior. The law prohibits employer sanctions. (Education Code 48910.1)

(u) As used in this section, "school property" includes, but is not limited to, electronic files and databases.

(v) For a pupil subject to discipline under this section, a superintendent of the school district or principal may use his or her discretion to provide alternatives to suspension or expulsion that are age appropriate and designed to address and correct the pupil’s misbehavior as specified in Section 48900.5.

(w) It is the intent of the Legislature that alternatives to suspension or expulsion be imposed against a pupil who is truant, tardy, or otherwise absent from school activities.

EC 48900.2. Sexual Harassment
In addition to the reasons specified in Section 48900, a pupil may be suspended from school or recommended for expulsion if the superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has committed sexual harassment as defined in Section 212.5.

For the purposes of this chapter, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This section shall not apply to pupils enrolled in kindergarten and grades 1 to 3, inclusive.

EC 48900.3. Hate Violence
In addition to the reasons set forth in Sections 48900 and 48900.2, a pupil in any of grades 4 to 12, inclusive, may be suspended from school or recommended for expulsion if the superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has caused, attempted to cause, threatened to cause, or participated in an act of, hate violence, as defined in subdivision (e) of Section 233.

EC 48900.4. Harassment, Threats or Intimidation
In addition to the grounds specified in Sections 48900 and 48900.2, a pupil enrolled in any of grades 4 to 12, inclusive, may be suspended from school or recommended for expulsion if the superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has intentionally engaged in harassment, threats, or intimidation, directed against school district personnel or pupils, that is sufficiently severe or pervasive to have the actual and reasonably expected effect of materially disrupting classwork, creating substantial disorder, and invading the rights of either school personnel or pupils by creating an intimidating or hostile educational environment.

EC 48900.5. Limitations on Imposing Suspension
Suspension, including supervised suspension as described in Section 48911.1, shall be imposed only when other means of correction fail to bring about proper conduct. A school district may document the other means of correction used and place that documentation in the pupil's record, which may be accessed pursuant to Section 49069. However, a pupil, including an individual with exceptional needs, as defined in Section 56026, may be suspended, subject to Section 1415 of Title 20 of the United States Code, for any of the reasons enumerated in Section 48900 upon a first offense, if the principal or superintendent of schools determines that the pupil violated subdivision (a), (b), (c), (d), or (e) of Section 48900 or that the pupil's presence causes a danger to persons.

EC 48900.7. Terroristic Threats
(a) In addition to the reasons specified in Sections 48900, 48900.2, 48900.3, and 48900.4, a pupil may be suspended from school or recommended for expulsion if the superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has made terrorist threats against school officials or school property, or both.

(b) For the purposes of this section, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars ($1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for his or her own safety or for his or her immediate family's safety, or for the protection of school district property, or the personal property of the person threatened or his or her immediate family.

EC 48915. CIRCUMSTANCES FOR RECOMMENDING EXPULSION
(a) (1) Except as provided in subdivisions (c) and (e), the principal or the superintendent of schools shall recommend the expulsion of a pupil for any of the
following acts committed at school or at a school activity off school grounds, unless the principal or superintendent determines that expulsion should not be recommended under the circumstances or that an alternative means of correction would address the conduct:

(A) Causing serious physical injury to another person, except in self-defense.

(B) Possession of any knife or other dangerous object of no reasonable use to the pupil.

(C) Unlawful possession of any controlled substance listed in Chapter 2 (commencing with Section 11053) of Division 10 of the Health and Safety Code, except for either of the following:

(b) Upon recommendation by the principal, superintendent of schools, or by a hearing officer or administrative panel appointed pursuant to subdivision (d) of Section 48918, the governing board may order a pupil expelled upon finding that the pupil committed an act listed in paragraph (1) of subdivision (a) or in subdivision (a), (b), (c), (d), or (e) of Section 48900. A decision to expel shall be based on a finding of one or both of the following:

(1) Other means of correction are not feasible or have repeatedly failed to bring about proper conduct.

(2) Due to the nature of the act, the presence of the pupil causes a continuing danger to the physical safety of the pupil or others.

(1) Possessing, selling, or otherwise furnishing a firearm. This subdivision does not apply to an act of possessing a firearm if the pupil had obtained prior written permission to possess the firearm from a certificated school employee, which is concurred in by the principal or the designee of the principal. This subdivision applies to an act of possessing a firearm only if possessing an imitation firearm, as defined in subdivision (m) of Section 48900, is not an offense for which suspension or expulsion is mandatory pursuant to this subdivision and subdivision (d), but it is an offense for which suspension, or expulsion pursuant to subdivision (e), may be imposed.

Notwithstanding this subdivision, with respect to a pupil expelled pursuant to subdivision (e), if the county superintendent of schools certifies that an alternative program of study is not available at a site away from a comprehensive middle, junior, or senior high
school, or an elementary school, and that the only option for placement is at another comprehensive middle, junior, or senior high school, or another elementary school, the pupil may be referred to a program of study that is provided at a comprehensive middle, junior, or senior high school, or at an elementary school.

HEALTH

SCHOOL WELLNESS POLICY
Rowland Unified School District’s governing board recognizes the link between health and learning. Therefore, the district is committed to providing a safe and healthy school environment that enhances learning and the development of lifelong wellness practices. The Student Wellness Policy (BP5030) is comprised of: 1) A collaborative that includes parents, students, Nutrition Services, District administrators, and non-profit community organizations; 2) Goals for nutrition education and physical activity; 3) Nutrition guidelines for food items that are served and sold to students during the school day for various activities such as class celebrations, school recognition events, and fundraisers, in an effort to promote healthy lifestyle choices and reduce childhood obesity; 4) A plan for ensuring the policy is marketed to all stakeholders, implemented, evaluated, and revised as needed.

TOBACCO FREE SCHOOLS
The Rowland Unified School District recognizes that the use of tobacco products produces a health hazard to the user as well as to those exposed to secondhand smoke. The Board also recognizes that the smoking of and the use of tobacco products is the leading preventable cause of death in the United States. As an educational institution, the District and its employees should provide both effective educational programs and a positive example to students concerning the use of tobacco. Therefore, the Rowland Unified School District Board declares that the use of all tobacco products by anyone on School District property, in vehicles, or at sponsored events is prohibited. District employees, students and members of the public are expected to observe this restriction. Smoking or use of any tobacco-related products and disposal of any tobacco-related waste within 25 feet of a school playground, except on a public sidewalk located within 25 feet of the playground is prohibited. HSC 104495 (Amended by AB 1867, Ch 527, Statues of 2003)

ELECTRONIC NICOTINE DELIVERY SYSTEMS (E-CIGARETTES)
The Rowland Unified School District prohibits the use of electronic nicotine delivery systems such as e-cigarettes, hookah pens and other vapor devices with or without nicotine content and that mimic tobacco products on all district property and events. Students using, in possession of, or offering, arranging, or negotiating to sell these items can be subject to disciplinary action. (Health and Safety Code 11014.5)

CONCUSSIONS AND HEAD INJURIES
On a yearly basis, a concussion and head injury information sheet shall be signed and returned by the student athlete and the athlete’s parent or guardian before the athlete’s initiating practice or competition. These provisions will not apply to an athlete engaged in an athletic activity during the regular school day or as part of a physical education course. The information sheet is available through your student’s coach (Education Code (EC) 49475).

A student athlete who is suspected of sustaining a concussion or head injury in a practice or game shall be removed from the competition at that time and for the remainder of the day. A student athlete who has been removed from play may not return to play until the athlete is evaluated by a licensed health care provider (MD or DO) trained in the evaluation and management of concussion and receives written clearance to return to play from that health care provider.(By-law 313 and California state statutes on licensed health care providers)

SUDDEN CARDIAC ARREST – EC 33479 ET SEQ.
Sudden cardiac arrest (SCA) is when the heart stops beating, suddenly and unexpectedly. When this happens, blood stops flowing to the brain and other vital
SCA is not a heart attack; it is a malfunction in the heart’s electrical system, causing the victim to collapse. The malfunction is caused by a congenital or genetic defect in the heart’s structure. SCA is more likely to occur during exercise or sports activity, so athletes are at greater risk. These symptoms can be unclear and confusing in athletes. Often, people confuse these warning signs with physical exhaustion. If not properly treated within minutes, SCA is fatal in 92 percent of cases. In a school district, charter school, or private school that elects to conduct athletic activities, the athletic director, coach, athletic trainer, or authorized person must remove from participation a pupil who passes out or faints, or who is known to have passed out or fainted, while participating in or immediately following an athletic activity. A pupil who exhibits any of the other symptoms of SCA during an athletic activity may be removed from participation if the athletic trainer or authorized person reasonably believes that the symptoms are cardiac related. A pupil who is removed from play may not return to that activity until he or she is evaluated by, and receives written clearance from, a physician or surgeon. On a yearly basis, an acknowledgement of receipt and review of information regarding SCA must be signed and returned by the pupil and the pupil’s parent or guardian before a pupil participates in specific types of athletic activities which generally does not apply to those conducted during the regular school day or as part of a physical education course.

**COMMUNICABLE DISEASE**

Communicable disease inspections may be conducted periodically. A student suspected of having a communicable disease may be excluded from school until guidelines for readmission are met. Readmission to school is based on condition and appropriate treatment and may require a release from a health care provider. An effort will be made to notify parents/guardians about school exposure to communicable diseases that pose a risk to students. (EC 49451)

RUSD has a “no lice” policy and a student may return to school after lice treatment is completed and no live lice are visible on the student’s scalp. Since head lice treatment is readily available, and children may return to class after appropriate treatment has begun, your child should not miss any days of school due to head lice.

**IF YOUR CHILD IS ILL**

A child may be sent home if he/she is believed to be suffering from a contagious or infectious disease. (EC 49451) Students will be sent home with temperatures of 100° or higher and must stay home until they are symptom free for 24 hours without the use of fever reducing medications such as Tylenol or Ibuprofen. Students with vomiting/diarrhea will be sent home and must stay home until they are symptom free without symptom reducing medications or with physician release. Students who develop an infection requiring antibiotics may not return to school until after being on the medication for 24 hours or if student has a written release from a physician. If you keep your child home from school due to symptoms of a contagious disease, please notify the school office as soon as possible.

**IMMUNIZATION**

State law is very specific concerning immunization requirements for entry into school. No pupil may be admitted to school unconditionally unless, prior to enrollment, the pupil has been fully immunized against immunization agents approved by the State Department of Education (EC 3381). Parents/guardians will be referred to their usual source of care for immunizations.

All students entering or advancing into 7th grade must show proof of having received a Tdap (whooping cough) booster in addition to their other school immunization requirements. The school district will exclude any student not properly immunized.

Partner clinics are authorized to administer immunizing agents to students, whose parents have consented in writing, to prevent or control communicable diseases. (EC 49403)

Immunizations administered at partner immunization clinics are entered into a computerized registry system for Los Angeles and Orange counties. This immunization system may be used to share medical information with local health departments, State Department of Health Services, doctors and nurses in order to keep track of student’s immunizations. Information shared with these agencies will be treated as confidential.

Under new California law (SB277) exemptions based on personal beliefs, including religious beliefs, are no longer an option for the vaccines that are currently required for entry into school. Medical exemptions are still accepted with proper documentation.

Information about a permanent medical exemption from immunizations is available at the school office. If you have
further questions, please contact the Student Services at (626) 935-8201.

HEALTH/PHYSICAL EXAMINATIONS

Health examinations are required for entering first grade. Students enrolling in first grade must have had a physical exam within the past 18 months and a certificate showing this has occurred (or a waiver signed by the child’s parents or guardians indicating that they do not want or are unable to obtain such a health screening). It must be presented to the school within 90 days after enrolling in first grade. Check with your school nurse regarding free health screening through the District’s school based clinic (626) 935-8281 (Health and Safety Code Section 324.2 & 324.3).

Physical examinations that schools are required to conduct include hearing and vision testing under EC 49452. School nurses will conduct hearing screening for the following students: transitional kindergarten (TK)/kindergarten, grades 2, 5, 8, 10, those referred for special education, new to California, and those referred by teachers. Near and distance vision will be screened at TK/K, grades 2, 5, 8, those referred for special education, new to California, and those referred by teachers. Nurses will also screen first grade boys for color vision deficiency (EC 49455, 49452). If a problem is detected in any of these screenings, parents will be notified by mail.

PHYSICAL EXAM: PARENT REFUSAL TO CONSENT

A parent or guardian may file an annual written request with the principal of their student’s school that he/she will not consent to a physical examination of his/her student. (EC49451)

DENTAL ASSESSMENT

Children entering a public school for the first time at kindergarten or first grade must show proof of a dental check-up completed by a licensed dental professional within 12 months prior to their school entry (EC 49452.8). Additional dental screenings may be provided periodically for Rowland students. Parents will be notified prior to dental screenings are performed at the school sites.

SUICIDE PREVENTION POLICY—EC 215; BP
5141.52

The Governing Board recognizes that suicide is a leading
cause of death among youth and that school personnel who
regularly interact with students are often in a position to
recognize the warning signs of suicide and to offer appropriate
referral and/or assistance. To attempt to reduce suicidal
behavior and its impact on students and families, the
Superintendent or designee shall develop measures and
strategies for suicide prevention, intervention, and
postvention.

In developing measures and strategies for use by the district,
the Superintendent or designee may consult with school health
professionals, school counselors, school psychologists, school
social workers, administrators, other staff, parents/guardians,
students, local health agencies, mental health professionals,
and community organizations. Such measures and strategies

   prevention for teachers, school counselors, and other
district employees who interact with students in the
   secondary grades

2. Instruction to students in problem-solving and coping
   skills to promote students’ mental, emotional, and
   social health and well-being, as well as instruction in
   recognizing and appropriately responding to warning
   signs of suicidal intent in others

3. Methods for promoting a positive school climate that
   enhances students’ feelings of connectedness with
   the school and that is characterized by caring staff
   and harmonious interrelationships among students

4. The provision of information to parents/guardians
   regarding risk factors and warning signs of suicide,
   the severity of the youth suicide problem, the district’s
   suicide prevention curriculum, basic steps for helping
   suicidal youth, and/or school and community
   resources that can help youth in crisis

5. Encouragement for students to notify appropriate
   school personnel or other adults when they are
   experiencing thoughts of suicide or when they
   suspect or have knowledge of another student’s
   suicidal intentions

6. Crisis intervention procedures for addressing suicide
   threats or attempts

7. Counseling and other postvention strategies for
   helping students, staff, and others cope in the
   aftermath of a student’s suicide

As appropriate, these measures and strategies shall
specifically address the needs of students who are at high risk
of suicide, including, but not limited to, students who are
bereaved by suicide; students who are experiencing difficulties
in personal relationships; students with disabilities, mental
illness, or substance use disorders; students who are
experiencing homelessness or who are in out-of-home settings
such as foster care; and students who are lesbian, gay,
bisexual, transgender, or questioning youth.

Physical and emotional ability to continue may only be determined by physician or nurse practitioner. Pregnant or parenting pupils may not be required to participate in pregnant minor programs or alternative programs, with the exception of personal choice.

Parental rights are an option available in annual notifications or at semester term periods, welcome packets, orientation, online or in print, or in independent study packets as provided to all regular students.

If parenting teens were enrolled in an alternative school setting, a return to that environment is to be available as needed to achieve graduation. A pupil shall not incur any academic penalties due to the use of these accommodations.
