

HIDDEN MISCHIEF

Do you know what's in your child's bedroom?

The interactive teen bedroom will give each participant an opportunity to search and find drug paraphernalia, drugs and drug references. The Hidden Mischief experience will give caregivers resources on how to talk to their children and how to get help. GCASA also wants families to understand how easy it is to access concealment or paraphernalia items online or in the community.

Join us to see if you can find the hidden mischief.
