

DERREK MULLER

**KEYNOTE SPEAKER:
THE MESSINESS OF
LEARNING**

Have you ever taught a lesson and just knew that your students really understood? But wait, you give your assessment and wonder what happened? Learning may be messier than you thought.

VERITASIAM CREATOR

TED TALK

You always have to start with the misconceptions.

UTSTA MID WINTER CONFERENCE:

**PHENOMENAL & PRACTICAL
FEB. 8, 2019**

UTSTA.ORG

Few things are more inspiring than watching a student ask "WHY". Phenomena unlock the curiosity of students. Come and join us for an amazing day with the science teachers of Utah! The conference will be held at the Provo Marriott Conference Center AND the Utah Valley Convention Center. This will give our growing conference plenty of room. There will be strands from K-12 and each 5 sessions deep. We are bringing back the Evolution Strand!

AWARDS BANQUET THAT NIGHT - PURCHASE TICKETS

Come and celebrate the great teachers of Utah. You know who they are. Nominate these extraordinary individuals and come for a wonderful dinner with them.

GRANT TO ATTEND CONFERENCE

We have received grants from the Sorenson Legacy Foundation, IM Flash and the STEM Action Center to support our conference attendance. These are for teachers that need assistance to attend the conference. Go to this link, print off the second page. Once signed by your school/district fiscal agent, upload this document as an attachment within the **APPLICATION FORM**.
