Three-Year Academic Plan SY 2017-2018, 2018-2019, 2019-2020

Where are we now?	
<p>Prioritize school's needs as identified in one or more of the following needs assessments:</p> <ul style="list-style-type: none"> ● Comprehensive Needs Assessment 2017 ● WASC 2017 Self-Study <ul style="list-style-type: none"> ○ WASC Category B: Standards Based Student Learning: Curriculum ○ WASC Category C: Standards Based Student Learning: Instruction ○ WASC Category D: Standards Based Student Learning: Assessment and Accountability ● WASC 2017 Visiting Team Report 	<ol style="list-style-type: none"> 1. Need: According to 2015-2016 STRIVE HI data, the percentage of students at proficiency is as follows: ELA (51%), Math (52%), and Science (63%). Although these percentages exceed the State 2016 base, they are not at the level of similar schools and are below the State 2020 target. 2. Need: According to our WASC Visiting Team Report following the full school visit in March 2017, the Visiting Team concurred with several of the school's identified areas of school improvement we need to focus on: <ol style="list-style-type: none"> a. Establish a clear process for meeting the needs of ELL learners b. Develop a consistent method for a standards-based grading system to determine student progress and attainment of the GLOs c. Improve school-wide communication d. Create a regular review of the Academic and Financial Plans by all faculty and staff for participation in the development of setting goals for student achievement 3. Need: According to our WASC Visiting Team Report, we need to focus on the following school improvement efforts: <ol style="list-style-type: none"> a. Revise the school's Mission and Vision, which was completed in 2017-2018. b. Collaboratively determine school-wide agreements about applying consistency and allowing flexibility c. Increase the use of a variety of differentiation strategies and a standardized use of differentiation to provide for a more equitable delivery for students d. Develop common formative assessments in all subject areas to ensure consistent and equitable student academic growth and achievement e. Utilize reflective and data informed practices to determine the effectiveness of school programs and initiatives 4. Need: According to Chapter 3: Summary/Analysis of Profile Data and Progress in our WASC Self-Study Report, we have a need to provide more intensive and focused writing instruction at all grade levels. 5. Need: Students need to feel safe, healthy, and supported in a school that ensures a positive, engaging, high-quality educational experience that addresses all of their needs. According to the SQS 2015-2016 data, the percentage of positive student responses for Safety was 74%, which is an increase from 69% the previous year. Well-being increased to 76% from 74%. The 2016-2017 percentages remained the same for those 2 areas. 2015 Tripod Data shows that only 50% of our students responded positively in the area of Control.

Three-Year Academic Plan SY 2017-2018, 2018-2019, 2019-2020

	Addressing Equity: SubGroup Identification
	<p data-bbox="451 253 2013 326">In order to address equity, list the targeted subgroups and their identified needs. **Specific enabling activities listed in the academic plan should address identified subgroup(s) and their needs.</p> <p data-bbox="451 367 1955 440">Disadvantaged - Solomon is a Title I school (53% in SY 15-16). In SY 16-17, 50% met proficiency in ELA and 45% met proficiency in math.</p> <p data-bbox="451 480 2005 553">ELL - Each year, about 4% of Solomon's student body receives ELL services. In SY 15-16, 0% of ELL students met proficiency in ELA and/or math.</p> <p data-bbox="451 594 1992 735">SPED - Each year, about 9% of Solomon's student body receives SPED services in a variety of environments. Solomon has fully self-contained classes for preschool through fifth grade, and pull-out resource classes and inclusion for kindergarten through fifth. In SY 15-16, 8% of SPED students met proficiency in ELA, and 12% met proficiency in math.</p>

Three-Year Academic Plan SY 2017-2018, 2018-2019, 2019-2020

Goal 1: Student Success. All students demonstrate they are on a path toward success in college, career and citizenship.

- Objective 1: Empowered** - All students are empowered in their learning to set and achieve their aspirations for the future.
- Objective 2: Whole Child** - All students are safe, healthy, and supported in school, so that they can engage fully in high-quality educational opportunities.
- Objective 3: Well Rounded** - All students are offered and engage in rigorous, well rounded education so that students are prepared to be successful in their post-high school goals.
- Objective 4: Prepared and Resilient** - All students transition successfully throughout their educational experiences.

Outcome: By the end of three years,	Rationale:
<p>Objective 1: Empowered by Learning</p> <p>The percentage of students who meet achievement standards/proficiency on statewide assessment in ELA/Literacy, mathematics, and science will increase each year. By 2020, Solomon will reduce the percentage of students who are “below standard” by half using the 50% Method. So that by the end of SY 19-20:</p> <ul style="list-style-type: none"> ● ELA Proficiency will be 76% ● Math Proficiency will be 75% ● Science Proficiency will be 81% <p>The difference between high need students and non-high need students meeting standards/proficiency on statewide assessments (GAP RATE) will be reduced by 50% so that by the end of SY 19-20:</p> <ul style="list-style-type: none"> ● ELA Gap will be 7% ● Math Gap will be 7% ● Science Gap will be 10% <p>Objective 2: Address the Whole Child</p> <p>Students reporting a positive school climate as measured by the Safety Dimension of the School Quality Survey (SQS) will be increased by 10%</p>	<p>Current student achievement data shows that our school is 51% proficient in ELA, 52% proficient in math, and 63% in science. According to the state’s suggested targets, the projected increase is a reasonable goal.</p> <p>Solomon Elementary students and families face many challenges that affect school performance and regular school attendance.</p> <p>Our student population has an extremely high rate of transiency due to its location inside an army installation. It is important for our students to have a seamless transition upon entering, as well as departure, from Solomon Elementary School. According to the Hawaii State Strategic Plan Goal 1 Objective 4, students who feel connected to school are more likely to engage and learn. In addition, when considering the impact of mobility on student learning, or moving from school to school, John Hattie quantified an effect size of -0.34. An effect size of 0.4 suggests one year growth in one year time; a negative effect size indicates a potential loss of learning or detrimental impact upon student learning.</p> <p>Attendance is influenced by a variety of factors within military life. The service member’s leave often does not coincide with the school calendar. Families also adjust depending on when the service member may be</p>

Three-Year Academic Plan SY 2017-2018, 2018-2019, 2019-2020

by the end of three years. (73.5% for SY 15-16 to 83.5% for SY 19-20)

Solomon will maintain the percentage of students who are chronically absent at 6% for SY 15-16, but will decrease the average number of tardies for each month from 491 tardies/month in SY 15-16 to 350 by SY 19-20 (WASC Chapter 1).

Solomon is focusing on addressing the whole child by providing students with social emotional learning support through the Second Step program and Panorama (Universal Screener).

Objective 3: Have a Well-Rounded Education Experience

By the end of the school year 2020, Solomon's students will have a well-rounded educational experience that addresses their physical, social, mental, emotional, and cognitive needs, as evidenced by our students demonstrating actions that show understanding of our Vision and Mission statements.

An academic RtI (Response to Intervention) process will be in place to ensure Tier 2 and Tier 3 differentiated instructional services are provided in reading and math for all students. Tier 1 academic and behavioral differentiation supports are provided by all teachers for all students in the classroom. Counselors and other PBIS partners provide Tier 2 and Tier 3 behavioral support as needed.

Students will demonstrate improvement on all GLO outcomes with common grade-level rubrics created in teacher collaboration.

Objective 4: Be Prepared and Resilient

The number of students demonstrating reading "At or Near" or "Above" grade level by the end of 3rd grade will increase from 70% in SY 15-16

deployed, sent to a long-term training, or return from such events. Due to the high transient population, students have varying abilities and different experiences upon arriving at Solomon Elementary. Therefore, we need to support their varied readiness levels, learning needs, learning styles, interests, and prior experiences.

Solomon completed its first WASC self-study and accreditation visitation during March 2017. Solomon's faculty and staff realized many positive effects from the self-study WASC process. For example, Solomon provides multiple opportunities for collaboration within the grade level, and with other complex schools through the ILT. Because of this success, Solomon wishes to continue to expand the collaborative process to also include vertical articulation and discussions to create specific agreements about school-wide programs and practices. School-wide implementation will ensure consistency among grade levels and improve student achievement overall.

After reviewing the WASC Visiting Committee Report, WASC Priority Growth Area committees were created in SY 2017-2018 to address the 5 areas of need. We also added Curriculum Cadres in the areas of Reading, Writing, Math, Social Studies, ELL, and PBIS. The focus for both groups was to review current practices, adjust and implement necessary changes, and engage in cross grade level discussion.

Solomon is committed to meeting the challenges of providing a well-rounded education for our diverse and transient student population so they can become quality learners and responsible citizens. Our school motto is "Success for Every Student".

School Mission: Solomon Elementary promotes the total well-being of the military child. Our community helps everyone gain the knowledge, understanding, attitudes, and behaviors necessary to be a contributing

---	---	--	--------------	--	---

Three-Year Academic Plan SY 2017-2018, 2018-2019, 2019-2020

Goal 2: Staff Success. Solomon Elementary has a high-performing culture where employees have the training, support and professional development to contribute effectively to student success.

Outcome: By the end of three years,	Rationale:
<p>Objective 1: Focused Professional Development</p> <p>Teachers will establish agreements about consistent practices in school-wide focus areas and implement Professional Learning Communities/Networks to increase student achievement and engage in reflective practices.</p> <p>Continuing and consistent professional development will be provided to all teachers and staff (i.e., PPT, EA, PTT, as needed) on the various components of curriculum, assessment, and programs at Solomon.</p> <p>Objective 2: Timely Recruitment & Placement</p> <p>At Solomon, all beginning teachers receive appropriate mentoring and support to improve instructional practices. By the end of SY 2020, Solomon will implement a plan to provide effective support for probationary teachers to ensure a smooth transition into Solomon and HIDEOE practices and procedures.</p> <p>Implement targeted efforts to recruit and place educators (teachers, PTT, PPT, EA, ELL, SPED, etc.) for specialized assignments and high demand skills and abilities based on student enrollment and achievement data.</p>	<p>A specific finding from the WASC self-study was the need for consistency in professional development in the use of curriculum, assessments, programs and practices. This consistency will ensure that new faculty and staff members receive the same training as returning members at Solomon. Solomon will need to provide continuing and follow-up professional development to allow teachers the opportunity to make improvements to their practice of new skills, strategies, and knowledge gained through professional development. Teachers’ reflective feedback and student data can then be used to ascertain the effectiveness of the professional development.</p> <p>It is important that Solomon continue to recruit, hire, and support highly qualified faculty and staff to address the specific needs of our student body. This includes hiring personnel (teachers, PPTs, PTTs, and EAs) who are effective educators for specific assignment to teaching SPED and ELL students. Solomon will continue to provide mentoring support for teachers new to the profession or simply new to Solomon Elementary.</p>

Three-Year Academic Plan SY 2017-2018, 2018-2019, 2019-2020

<p>Goal 2: Objective 2 DO1</p> <p>Implement targeted efforts to recruit and place educators (teachers, PTT, PPT, EA, ELL, SPED, etc.) for specialized assignments and high demand skills and abilities based on student enrollment and achievement data.</p> <p><i>SW 3: Provide instruction by highly qualified teachers.</i> <i>SW 4: Provide high quality and ongoing professional development</i> <i>SW 5: Strategies to attract high quality, highly qualified teachers</i></p>	<p>1. Effective use of PPTs to support differentiated instruction and support in reading and mathematics.</p>	<p>2017-2020</p>	<p>Alison & Amy</p>	<p>X WSF <input type="checkbox"/> Title I <input type="checkbox"/> Title II <input type="checkbox"/> Title III <input type="checkbox"/> IDEA <input type="checkbox"/> Homeless <input type="checkbox"/> CTE <input type="checkbox"/> Other <input type="checkbox"/> N/A</p> <p>PPTs for differentiated support in classrooms</p>	<p>Provide appropriate professional development for PPTs based on their input and/or teachers input from surveys to further advance and improve the PPT’s role in supporting reading and math in the classroom.</p> <p>100% of teachers whose students are being serviced by a PPT will measure the effectiveness of the PPT supports in their classroom as evidenced by an online teacher survey and classroom PPT logs.</p>

Three-Year Academic Plan SY 2017-2018, 2018-2019, 2019-2020

Goal 3: Successful Systems of Support. The system and culture of **Solomon Elementary** works to effectively organize financial, human, and community resources in support of student success.

: By the end of three years,	Rationale:
<p>Objective 1: Innovation</p> <p>By the end of SY 2020, Solomon Elementary School teachers will integrate technology in the classroom to support student achievement as 21st Century learners.</p> <p>Continued implementation of the Instructional Leadership Team (ILT) process to include collaborative decision making, research and implementation of best educational practices, and data analysis to determine school-wide focus areas.</p> <p>Foster a culture of innovation to support student success and to improve operations by refining and implementing the use of technology resources.</p> <p>Develop, implement, and communicate a multi-tiered system of support to address student’s behavioral needs.</p> <p>Objective 2: Adequate and Expanded Resources</p> <p>Partner with families and community resources (Military Liaison Office, military partners, etc.) to build relationships, share and acquire resources to support student success strategies through the School Community Council, grants, family education, and program partnerships (NOAA, FFVP, Art Bento, etc.).</p> <p>Refine systems for dissemination of information to parents and community members linking home to school to provide timely notification about student achievement and school events, programs, services and opportunities for volunteerism and involvement.</p>	<p>Solomon will continue to implement successful systems of support as identified through the WASC self-study process and accreditation visit.</p> <p>The ILT and Ka Lama teams will continue as collaborative decision making bodies to address student needs and increase achievement. Resource options (technology, personnel, curricula, etc.) will be refined and consistently implemented through school-wide decisions based on faculty feedback and student data.</p> <p>Solomon’s students benefit from a variety of behavioral supports offered on campus. Specific programs, practices, and personnel are needed due to the students’ uniquely transient military lifestyle. While the number of out of school suspensions has decreased over the years, improvements are still needed in reducing the number of behaviors resulting in office referrals.</p> <p>Due to the school’s transient community, relationships and parent involvement at Solomon Elementary have been inconsistent. It is our goal to develop, strengthen, and maintain a sense of community and a caring learning network to strengthen family, neighborhood, school, and classroom for every student’s health and well-being. Solomon Elementary staff will work with members of the school’s Schofield community to coordinate supports for students and their families.</p> <p>Solomon’s faculty and staff will share greater responsibility for developing and reviewing the Academic and Financial Plans. The plans will be created with input from all stakeholders to ensure understanding, participation, and collaboration when implementing the programs and</p>

Three-Year Academic Plan SY 2017-2018, 2018-2019, 2019-2020

Conduct parent and community involvement activities that address student achievement of the standards.

Maintain the operation of Solomon's Transition Center to help new and departing students and their families adjust to the school and to help address the needs of military dependent families.

- Assist preschool children transition from early childhood programs to local elementary school programs as appropriate (Headstart, CDC, etc.)
- Embed evaluation process for all parties (PCNC, Transition Center, PSAP, SWEP, MFLC) working with parents to allow them a variety of venues to share what their needs are and how they can best be supported.

Objective 3: Efficient and Transparent Supports

Each year, Solomon's Academic and Financial Plans will be developed through input, implemented, and reviewed by faculty, staff, and stakeholders to ensure understanding and participation in decision-making, goal setting, and accountability for student success. (WASC Critical Area #8)

By the end of SY 19-20, Solomon will improve the percentage of parents who respond to school surveys from 13% SQS surveys completed and returned in SY 15-16, to at least 30%.

By the end of SY 19-20, Solomon will establish a process to monitor and determine the effectiveness of school-wide programs and processes with the purpose of increasing student achievement.

practices identified as necessary and important for the school to move forward.
