All supplies may be used for all 3 classes and for the next three years. Students in grades 6-8 are assigned a locker and combination lock. Students will store backpacks in the Homeroom closets to allow for easier closing of lockers – hopefully extending the life of both the lockers and the textbooks. Note: Please take advantage of summer sales and stock up for the year. Many students run out or lose their supplies by January. All items must be labeled with the student's name **before** the start of school.
