## School Accountability Report Card

### Reported Using Data from the 2016-17 School Year

#### Published During 2017-18

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## **School Description and Mission Statement (School Year 2017-18)**

### **Principal's Message**

It is my pleasure to be serving my fifth year as principal of Harrison. As a former Harrison student I am proud to be back home and ensuring our students have an educational experience that will leave a lasting impression . I am a Pomona High graduate as well and am very proud to be able to give back to the same community I was raised in. I welcome you to Harrison! Please feel free to visit our school at any time.

Our school program reflects the goals and objectives of parents, staff, and community. Our responsibility is to provide an education that challenges our students personally, socially and academically. It is our belief that by enhancing the educational experiences of all students here at Harrison, they will develop a commitment to academic excellence as 21st Century Learners.

Harrison provides a safe and clean learning environment. While the facilities are over 50 years old, the staff works to maintain the campus that is conducive to student learning. Harrison School received some state modernization funds in 1992 and air conditioning was added to the classrooms. In addition, the front office was renovated during the summer of 2003. Other renovations include the addition of an outdoor benches in

our lunch area, tables and benches in our playground area, new landscaping in front of the school, iron fencing and gates and an electronic marquee. The district provides a facilities department to make needed repairs to maintain a clean campus in addition to our top notch custodian. We are proud to share that our school passed the Williams inspection with an EXEMPLARY status as well!

### **Vision Statement**

Our vision at Harrison Pre K-8 School is to provide a safe learning environment for our culturally diverse community. All students will have the opportunity to achieve academic excellence and become life long learners and productive members of society.

### **Mission Statement and Goals**

Harrison Pre K-8 School is committed to providing a standard based curriculum, aligned with Common Core state standards in a caring enriched environment that develops responsible learners to work cooperatively and independently. Literacy and technology will empower our students to develop their ability as life long decision makers in an ever-changing world. All members of the community including students, parents, educators, business and community service organizations will work cooperatively to achieve our goals.

We will work to:

- provide a strong comprehensive educational program with emphasis on literacy and the integration of technology throughout a curriculum aligned with Common Core state standards.
- maintain a positive atmosphere and organize school activities that promote responsible, honest students and prepare them for future success.
- educate students in a manner that promotes self-esteem, confidence, responsibility, and respect.
- graduate productive citizens who are skilled communicators, problem solvers and critical thinkers.
- continue our alliance with the Webb Corporation to promote literacy.
- continue our alliance with the Webb Corporation to promote literacy.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

**School Facility Conditions and Planned Improvements (Most Recent Year)**

Responsibility and results are among the Core Values of the District. These values are exemplified in our continued commitment to provide facilities that are clean and maintained to the highest standards. The District’s maintenance staff strives to complete work orders in a timely manner thereby ensuring the health, life, and safety of our students, staff, and community. Our electronic work order process ensures that the necessary emergency work orders are given the highest priority and are completed swiftly.

The District has adopted high cleaning standards that are maintained by our custodial staff on a daily basis. Ongoing assessment of site cleanliness is performed by the district’s custodial management team. This process includes the evaluation and consideration of new cleaning products, procedures, and equipment. This also includes the continuous training for custodial staff. Additionally, regular pest control operations are performed in strict accordance with all applicable regulations mandated for California schools.

On-going maintenance of our school facilities includes: roofing, flooring, painting, HVAC, electrical systems, and exterior painting. The District is committed to assuring that all facilities provide the necessary environment for high quality education to take place.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2015-16	2016-17	2015-16	2016-17	2015-16	2016-17
English Language Arts/Literacy (grades 3-8 and 11)	37	38	38	38	48	48
Mathematics (grades 3-8 and 11)	26	24	25	25	36	37

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

### CAASPP Test Results in ELA by Student Group Grades Three through Eight and Grade Eleven (School Year 2016-17)

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	237	232	97.89	38.36
Male	120	117	97.5	35.9
Female	117	115	98.29	40.87
Black or African American	19	19	100	21.05

English Learners	106	103	97.17	29.13
Students with Disabilities	31	31	100	9.68
Foster Youth	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Mathematics by Student Group  
Grades Three through Eight and Grade Eleven (School Year 2016-17)**

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

## State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject areas of physical education.

### California Physical Fitness Test Results (School Year 2016-17)

Grade Level	Percent of Students Meeting Fitness Standards		
	Four of Six Standards	Five of Six Standards	Six of Six Standards
5	27.8	16.7	11.1
7	17.9	33.3	10.3

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

### Opportunities for Parental Involvement (School Year 2017-18)

We have developed partnerships with the McDonald's Corporation, Cal-Poly Pomona, Harvey Mudd University, The Kiwanis of Pomona, Pomona Police Great Program, Optimist Club, The American Red Cross, The United Way, The Webb Foundation, and other local businesses and church organizations to support the educational program at Harrison School in addition to donating goods and services.

The Booster Club sponsors various fundraising events that promotes school spirit among the school community in addition to providing resources for monthly recognition incentives for citizenship, most improved, and academic excellence.

Other parent committees include:

- The School Site Council (SSC), which is composed of parents and school staff that meet monthly to provide input and support to school programs.
- The English Learner Advisory Committee (ELAC) supports the development of all programs for English Language Learners.

Other parent committees include the District Advisory Council (DAC) and the District English Learner Advisory Council (DELAC). Students also benefited from our parent volunteers who shared their special talents working in the classroom as well as during after-school activities. At Harrison, we practice the theory that it takes a village to raise a child and therefore encourage parents as well as community members to submit volunteer applications every year! We believe that everyone has something positive to offer a child.

We also provide Parent Education on various topics throughout the year and often invite guest speakers to present important information to our parents.

If you have any questions regarding parent involvement opportunities, please call the front office at (909) 397-4600 and ask for Linda Soria (manager) or Claudia Villagrana (parent).

## State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

### Suspensions and Expulsions

Rate	School			District			State		
	2014-15	2015-16	2016-17	2014-15	2015-16	2016-17	2014-15	2015-16	2016-17

<b>Expulsions</b>	0.0	0.0	0.0	0.0	0.0	0.0	0.1	0.1	0.1

### School Safety Plan (School Year 2017-18)

Safety: Safety of the students and staff is a primary concern of the Pomona Unified School District. All schools in the district are in compliance with all laws, rules and regulations pertaining to hazardous materials. Staff attended a training on November 3, 2017 and a disaster preparedness plan is in place for earthquakes and emergency evacuations. All buildings within the district are in compliance with state earthquake standards. A discipline policy may be found at each school that seeks to insure a safe and orderly environment for students and staff. A Safe School Plan has been adopted, and it includes policies on disaster preparedness and emergency procedures.

In addition, fire drills and disaster drills are conducted consistently throughout the year to increase safety awareness every member of the school community.

Harrison staff reviewed and made revisions to its Safety plan on December 4, 2017 to ensure plan was updated and accurate for implementation.

### Professional Development (Most Recent Three Years)

Pomona Unified School District is committed to providing high quality professional learning for administrators, teachers, classified staff and parents that is aligned to the District's Strategic Plan, Our Promise of Excellence and is focused on academic achievement.

District teachers and support staff participate in six Professional Development Days that are driven by student achievement data, staff learning needs, and research-based best practices. Six District-wide days of professional learning and collaboration for 2017-2018 are concentrated around our focus areas (A.I.R.2) – Academic: Academic Vocabulary, Informational Text: Reading and Writing, and Rigor, Social-Emotional: Attendance, Intervention, and Relationships including an emphasis on English Learners, Foster Youth, and Low-income Pupils -- as well as articulation with grade level and department colleagues to enhance instruction and assessment. These focus areas are in direct alignment with federal, state, and district student achievement academic goals. In addition to the district-wide professional development days, sites use their weekly late start Friday sessions, 2 additional hours per month, and 4 additional hours per year (once per semester), to analyze student achievement data in a collegial forum. They then design effective instructional interventions to promote students' academic growth. Each site's professional development plan is designed collaboratively to address identified student achievement and staff needs aligned to the District's focus areas as indicated in each site's Single Plan for Student Achievement (SPSA).

District and site professional development also includes trainings around 21st Century Teaching and Learning which include the California State Standards and the P21 Framework. Training outcomes are to increase the capacity of site and teacher leaders to lead the transition and implementation of the California State Standards. Sessions include themes such as the need for a paradigm shift in teaching and learning, the essential components of the P21 Framework, California State Standards, English Learner standards and framework, equity and culturally responsive instruction, social and emotional learning, and integrating the use of technology to enhance/support instruction and learning. Performance Matters, our professional learning management system is supporting us in paving the way for various formats and structures that allow for increased voice, choice, and time around options for professional learning experiences. Ranging from traditional face-to-face sessions, to the creation of hybrid sessions (face-to-face and online digital modules), to pure online digital modules. New this year is our implementation of KYTE Learning an online digital platform that will support just in time technology professional learning and acquisition of technology based badges. In addition our District is partnering with the Center for Quality Teaching (CTQ) to pilot another option for professional learning through the venue of online, just in time, micro-credentials.

Through monthly content and grade level specific cohorts, along with other year-long activities, District Teacher Specialist and Teachers on Assignment model, co-teach, coach, conduct peer observations, facilitate trainings, and conduct sessions focused on lesson design and delivery of District focus areas, and other site and District instructional initiatives. Teacher Specialists and site-based teacher mentors, and teaching teacher specialists serve as the District's teacher support program mentors for Pomona's Teacher Induction Program for participating teachers in the process of clearing their credential. These programs support the training, development, and retention of high quality teachers using current research on effective teaching and grounds what they are learning in daily practices. PUSD administrators also engage in monthly professional learning with embedded Professional Learning Community opportunities to grow and learn collaboratively with peers. Administrators in need of clearing their credential have the opportunity to do so by participating in PUSD's new Administrative Tier II Credential Program. Participating principals work with a mentor, engage in reflective thinking, coaching, and attend monthly training sessions.

Various departments within Educational Services also provide and receive workshops on relevant topics in response to District and site-identified needs. These include responsive instruction, budget, technology, personnel, and pupil resources issues, as well as problem-solving and facilitative skills. The Curriculum Instruction and Accountability team include administrators, managers, and other administrative staff and serves as a forum to connect stakeholders to the District's focus areas (A.I.R.2)-- Academic Vocabulary, Informational Text: Reading and Writing, and Rigor, Attendance, Intervention, and Relationships with an emphasis on English Learners, Foster Youth, and Low-income Pupils and 21st Century Teaching and Learning.

Pomona Unified School District continues its commitment to providing quality professional learning opportunities in technology. With the establishment of District technology standards and the use of Haiku (online learning management system), PUSD has provided a critical base for technology training classes. These session topics include Internet use, OARS (Online Assessment Reporting System), Web 2.0 tools and creating and using multimedia as a vehicle to enhance teaching and learning. To meet these goals, Educational Technology (Ed Tech) Teacher Specialists serve as technology/instructional trainers who work in classrooms to provide coaching and support for teachers who use technology-based intervention programs. Teacher Technology Leads (TTLs) serve as a site level technology support and accelerate the implementation of the Technology Master Plan.

Teachers participate in developing curriculum documents in our curriculum management system, EdCaliber/Lessoneer, based on needs identified by the District's Curriculum Committees. These committees, composed of teacher and administrative representatives, meet in grade level groups, (PreK-8 and 6-Adult) to examine new State publications and reform efforts, discuss curriculum issues and identify needs for new or revised District curriculum documents. Examples of projects include the creation of grade specific standards-based electronic report cards, standards-based curriculum guides, course descriptions aligned to the California State Standards.

Our overall professional development vision is to design and implement a highly coherent, innovative, district-wide professional learning system that is responsive to the differentiated needs of adult learners using a professional development model that honors the adult learners' voice, choice, time, and professionalism, builds individual and collective efficacy, promotes deep organizational learning and sustainable optimal results that ultimately leads to high student achievement and college and career readiness for all students. The goal of the Educational Services' Division is to provide professional learning that supports schools in the implementation of effective instructional programs and strategies to ensure "Excellence for every student, in every classroom, every day!"
