School Accountability Report Card

Reported Using Data from the 2016-17 School Year

Published During 2017-18

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Teacher Credentials

Teachers	School			District
	2015-16	2016-17	2017-18	2017-18
With Full Credential	23.8	22.55	23.8	113.2
Without Full Credential	0	0	0	0
Teaching Outside Subject Area of Competence (with full credential)	0	0	0	0

Teacher Misassignments and Vacant Teacher Positions

Misassignments of Teachers of English Learners	0	0	0
Total Teacher Misassignments *	0	0	0
Vacant Teacher Positions	0	0	0

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

* Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2017-18)

Year and month in which data were collected: September, 2017

San Lorenzo Valley Unified held a public hearing on October 4, 2017, and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

Subject	Textbooks and Instructional Materials/ Year of Adoption	From Most Recent Adoption?	Percent of Students Lacking Own Assigned Copy
Reading/Language Arts	Houghton Mifflin: Adopted 2003	Yes	0%
Mathematics	Pearson: enVisions Math: Adopted 2014	Yes	0%
Science	MacMillan/ McGraw Hill: Adopted 2007	Yes	0%
History-Social Science	Scott Foresman: Adopted 2006	Yes	0%

School Facility Conditions and Planned Improvements (Most Recent Year)

Boulder Creek Elementary School was originally constructed in 1868 and is currently comprised of 23 classrooms, 1 multipurpose room/ cafeteria, 1 library, 1 science room, 1 staff lounge, 1 computer lab, and 2 playgrounds. Recently, a new playground structure was constructed on the lower playground. Additionally, a 3-room building was completed that includes a science lab, computer lab, and classroom. Air conditioning units were placed in the second-floor classrooms to ensure comfortable room temperatures.

Cleaning Process: The principal or designee works daily with the custodial staff of 2 (full-time) to ensure that the cleaning of the school is maintained to provide for a clean and safe school. The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards is available at the district office for review.

Maintenance and Repair: District maintenance staff ensures that the repairs necessary to keep the school in good repair and work orders are completed in a timely manner. An online work order process is used to ensure efficient service and the highest priority is given to emergency repairs.

Deferred Maintenance Budget: The repeal of Education Code (EC) 17584 in May 2014, relating to the former State School Deferred Maintenance Program contribution created unintended consequences for local educational agencies (LEAs) who chose to continue contributing the required 3% to the fund. Our 2016-17 contribution to Routine Restricted Maintenance (object 8150) was \$855,573.00. This total amount includes expenditures for our maintenance department, as well as maintaining all sites/buildings.

The Facility Inspection Tool (FIT) was completed in April 2017.

(Please note that all actions have been completed by the district maintenance office. The district has developed a plan to address the areas of need. All facilities are in compliance with Williams requirements and are safe for the student, staff and community use.)

School Facility Good Repair Status (Most Recent Year)

Using the **most recently collected** FIT data (or equivalent), provide the following:

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2015-16	2016-17	2015-16	2016-17	2015-16	2016-17
English Language Arts/Literacy (grades 3-8 and 11)	52	53	56	57	48	48
Mathematics (grades 3-8 and 11)	50	45	42	39	36	37

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

CAASPP Test Results in ELA by Student Group Grades Three through Eight and Grade Eleven (School Year 2016-17)

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	251	248	98.8	53.23
Male	135	132	97.78	43.18
Female	116	116	100	64.66

English Learners	--	--	--	--
Students with Disabilities	25	24	96	37.5
Foster Youth	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Mathematics by Student Group
Grades Three through Eight and Grade Eleven (School Year 2016-17)**

Students with Disabilities	25	24	96	20.83
Foster Youth	--	--	--	--

Note: Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Science for All Students
Grades Five, Eight, and Ten**

Subject	Percent of Students Scoring at Proficient or Advanced					
	School		District		State	
	2014-15	2015-16	2014-15	2015-16	2014-15	2015-16
Science (grades 5, 8, and 10)	66	64	71	66	60	56

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject areas of physical education.

California Physical Fitness Test Results (School Year 2016-17)

Grade Level	Percent of Students Meeting Fitness Standards		
	Four of Six Standards	Five of Six Standards	Six of Six Standards
5	8.2	18.8	61.2

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2017-18)

Boulder Creek Elementary needs and promotes the involvement of family and community volunteers. Bringing families into school promotes a better understanding between the school and community and directly benefits the instructional program. Volunteer opportunities include helping in the classroom, working in the library, driving on field trips, working on fundraisers, being a room parent, Art Masterpiece, School Garden, Parent Club, Site Council, and campus beautification. If you have some time and would like to volunteer, please contact the school office. You can also check out our website, www.bce.slvusd.org, to get more information about how you can support BCE.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

School Safety Plan (School Year 2017-18)

Safety of students and staff is a primary concern of San Lorenzo Valley Unified. In our annual Parent Survey, approximately 94% of BCE parents responded that they are confident our school is physically and emotionally safe for their children. All schools in the district are in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. Sites work with the district and county to ensure that there is a Safety Plan in place at each site. During the fall semester of the new school year, all annual revisions were communicated to both the classified and certificated staff. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire and disaster drills are conducted on a regular basis throughout the school year. Lockdown drills and training are held annually.

Students are supervised before and after school by certificated, classified and/or administrative staff. K - 5 students are supervised by classified staff at lunch; secondary students are supervised by certificated, classified and administrative staff during their lunch. The site also shares the services of a Safety Resource Officer (SRO) from the Santa Cruz County Sheriff's Department with the rest of the school sites in the district. At each school, there is a designated area for student drop off and pick up. Visitors are required to check in at the front office at each site.

Types of Services Funded (Fiscal Year 2016-17)

In addition to general state funding, San Lorenzo Valley Unified receives state and federal funding for the following categorical funds and other support Programs: Title I (BCE and SLVMS), Title II (Professional Development), Title III English Language Learners.

BCE receives Title I and Title II funding from the federal government. Title I funds are used to support a math intervention support teacher, professional development, and classroom instructional assistants. Title II funds are used to provide teacher staff development in areas such as Reading and Writing Workshops and CGI Math. Title III funds support our English Language Learners with materials and parent support.

Data within the SARC was provided by San Lorenzo Valley Unified School District, retrieved from the SARC template, and/or located on Dataquest (<http://data1.cde.ca.gov/dataquest>). Dataquest is a search engine, maintained by the California Department of Education (CDE), which allows the public to search for facts and figures pertaining to schools and districts throughout the state. Among the data available, parents and community may find information about school performance, test scores, student demographics, staffing, and student misconduct/intervention.

Professional Development (Most Recent Three Years)

SLVUSD is committed to "leading the learning" and provides multiple opportunities for professional development throughout the year. We believe that the best professional development occurs when educators spend significant time collaborating around four essential questions:

1. What do we want all students to learn?
2. How do we know if students learned?
3. How do we systematically respond when students don't learn?
4. How do we systematically respond when students already know the learning goals?

Because we have aligned our vision on professional learning, SLVUSD teachers and staff meet for an hour each week for grade level and/or department collaboration. Educators analyze the results from student work and then determine instruction that will best meet the needs and strengths of students. Sites use collaboration time to focus on their own professional learning as well. Each site has a focus area for instructional improvement that is developed with the administrator and presented in the site plan and in teacher/administrator goals.

Throughout the year, the district also provides professional development in a variety of avenues. Administrators meet regularly as an Administrative Council to learn with their colleagues about collaboration, instructional strategies and research and leadership. Teacher leaders participate in district teams that focus on technology, instructional strategies, assessment, English learners, gifted education and other key issues that improve classroom and school-wide learning for all students. SLVUSD staff participates in professional development days at the beginning of the school year and throughout the school year.

This year's PD focus, for our four district PD days, is social and emotional learning (SEL). We had two days in August focused around this theme (August 22 and August 23, 2017, and we will have two more on January 26, 2018 and March 12, 2018). These days allow for professional speakers to come in and share resources and best practices with teachers, and we also build in time for collaboration and planning. We will also be holding some after school sessions on SEL to support further PD for teachers.

Another PD focus this year will be reviewing grading and homework practices. Our District Curriculum Council (DCC) is reviewing these issues and making plans for revising policy and practice. The DCC meetings are held during the school day, so teachers do have release time for these sessions. DCC is made up of administrators and teacher leaders.

PD Days in 15-16: 8/18/15, 8/19/15, 10/30/15, 1/29/16: Focus area was Writer's Workshop, CGI Math, AVID and data driven instruction.

PD Days in 16-17: 8/16/16, 8/17/16, 10/10/16, 1/27/17: Focus area was instructional technology and data driven instruction.

Last we have district coaches who support our teachers in our areas of focus. Our two coaches this year are focused on SEL and data/assessment (PLCs, benchmark assessments, reviewing data, etc.). These coaches support teachers in and out of the classroom.
