Local Control Accountability Plan: We will be reviewing the LCAP plan for the 2018-2019 school year in the coming weeks. For the most part, we will keep the Goals, Outcomes and Expectations the same. We will look to add additional support services for our students. We will continue with our Sierra Vista support services as well as allocate funds for our chromebooks. We will be partnering with the county to provide arts to our students as well for next year. If there are any particular areas that you feel we can include in the plan, please let us know.

Inter-District Agreements

As we prepare for the 2018-2019 school year, we want to remind you that if you received an Inter-District Form from our district, please take it down to your school of residence's district office for renewal. All Inter-District forms are due at this time. Please call the school or more info. Thank you
