

Join the Bruin Village!

Donate Today to your PTA at bapta.myschoolcentral.com

It truly takes a village to make Brittan Acres such a spectacular school and community. The many wonderful programs that make BA special would not be possible without your contributions.

The Bruin Village program consolidates PTA fundraising, making donating simpler for families and enabling our PTA to more effectively budget and plan programs based on funds raised early in the school year. This approach allows a shift in the focus of Walk-a-Jog to a community-building event, open to all students and family members, rather than a fundraiser.

A one-time donation of \$250 or more per student ensures PTA events and programs are fully funded and gives donor families many benefits including:

- One-time PTA donations for the school year
- PTA membership
- Family recognition on Bruin Village Roster proudly displayed at school events

New this year, the PTA is offering fundraising tiers so you can customize your donation amount to a contribution that suits your family.

Visit www.brittanacres.org for details.

Your Donations at Work

All PTA contributions directly benefit Brittan Acres through the many programs below. Donations raised this year will also support a new **STEAM** program.
