Throughout the year in World Geography we will be viewing videos from the "Globe Trekker" travel series. The videos are educational and informative, as well as a "favorite" activity of the students as they are very entertaining. They are produced and distributed by KLVX Channel 10 public broadcasting and are part of Leavitt's library. A select few videos have a PG rating due to local cultural traditions.

If for any reason you would like to preview the videos prior to your child watching them, or have any questions please contact me by email and I will set up a time for you to watch them, or answer any concerns.

Thank you for your cooperation,
