Church renovation update...

Work continues inside and outside the church: Behind the auditorium, footings for the portico (outdoor shade cover) are ready for a concrete pour on Monday. Inside, the sanctuary steps have been extended and the area for a baptismal font (near north door) has been enlarged. Roof tiles will be replaced when the rain stops.

Asst. Superintendent Moses stands in the new extended sanctuary.

Footings behind the auditorium are ready for a concrete pour.

Pope's message to youth and us

“The salvation the Lord offers us is an invitation to be part of a love story interwoven with our personal stories; it is alive and wants to be born in our midst so that we can bear fruit just as we are, wherever we are and with everyone all around us.”

Those were the words of Pope Francis in his recent speech as he joined the vast crowds of young people at World Youth Day in Panama last month.

Salvation isn't something to be downloaded or discovered in a new “app.” It isn't a self-improvement project or some sort of tutorial, the Holy Father warned. No, it truly is a love story.

The Pope offered the example of Mary and her “yes” to God's will. He pointed out that she put no conditions on her acceptance. She didn't say she would give it a try or see how things went. No, she just said “yes.” But that didn't mean her life would be easy.

“Saying ‘yes’ to the Lord means preparing to embrace life as it comes, with all its fragility, its simplicity, and often enough too, with its conflicts and annoyances...it means embracing our country, our families and our friends as they are, with all their weak points and their flaws,” the Pope explained. “Embracing life is also seen in accepting things that are not perfect, yet no less worthy of love. Is a disabled or frail person not worthy of love? Is a person who happens to be a foreigner, a person who made a mistake, a person ill or in prison, not worthy of love? We know what Jesus did: he embraced the leper, the blind man, the paralytic, the Pharisee and the sinner. He embraced the thief on the cross and even embraced and forgave those who crucified him.”

The Holy Father admitted that it is often hard to understand God's love. But it is a gift to know that it comes despite our imperfections. God forgave even those who abandoned Him.

“Why did he do this? Because only what is loved can be saved. Only what is embraced can be transformed, Francis explained. “The Lord's love is greater than all our problems, frailties and flaws. Yet it is precisely through our problems, frailties, and flaws that he wants to write this love story.” – www.vaticannews.org

Together in Mission

Still one of the best things you can do

For over 25 years, *Together in Mission* has helped stabilize the Catholic parishes and schools in economically deprived areas of the Archdiocese of Los Angeles. Fully 100 percent of your donation helps to keep their doors open as signs of hope in the community. It is important to note that even parishes and schools receiving assistance are expected to give ten percent of their income to TIM, just as we are.

We invite all families – those who have given in the past, and those who have never made a gift – to prayerfully consider a commitment to this year's campaign. Your gifts will go a long way to helping us reach our 2019 parish goal of \$140,900. We are pleased to report that we met our 2018 goal with payments of \$141,958 (102%).

By now, you should have received a letter from Archbishop Jose Gomez in the mail. He asks us to consider the great role that our parish plays in our life and share that gift with others. Together we can ensure that these worthy parishes and schools will have a safe place to worship and learn.

There's still time to support Medical Mission to Haiti

The Domond Foundation is sponsoring a medical mission to Haiti March 14-24 to address the health crisis in a rural area near Maribel. Here are some sobering statistics about Haiti, one of the poorest countries in the Western Hemisphere:

- Haiti has the highest rate of infant and maternal mortality; life expectancy is less than 64 years;
- There are only 25 doctors per 100,000 people;
- Less than half of all Haitians have access to clean water;
- Leading causes of death are diarrhea, respiratory infections, malaria, tuberculosis and HIV/AIDS;

Deacon Joe Domond will lead a team of doctors, dentists, physical therapists, ophthalmologists and others to treat people who rarely receive professional care. He also provides clean water filters for families, runs a Catholic school, supports an orphanage and is building a clinic. For more information, visit www.jeffdomondfoundation.org.

Answer Pope's call to help youth through Together in Mission

St. Joseph School in Pomona is one of the 65 schools that remain open as a strong Catholic presence in the community, thanks to Together in Mission.

The Felician Sisters staffed this school for many years as they did at OLA. St. Joe's School has a rich history going back 120 years. Help us sustain this tradition through Together in Mission.

The impact of your donation is real, tangible. You provide financial assistance to parishes and schools so that they can continue their vital ministries to youth and other vulnerable groups. At St. Joe's, our new pastor has been able to divert some of the funds he would have given to the school to purchase needed fencing to secure our property. Thank you!

– From Myrna Ingelmo, Teacher
St. Joseph School, Pomona

The Holy Father warned of four “withouts” that can leave a young person without roots and unable to grow – without work, without education, without community, without family. He said strong roots are necessary to keep a person grounded.

“There is a question that we older people have to ask ourselves, but also a question that you need to ask us and we have to answer: What roots are we providing for youth, what foundations for youth to grow as persons?” Pope Francis said. “It is easy enough to criticize and complain about young people if we are depriving them of the jobs, education and community opportunities they need to take root and to dream of a future.”
