I. Strategic Planning Exercise Participant Meeting 2

2:00 pm start time.

Voting GC members present included: Connor Brashar, Andrew Bundy, and Jill van Nortwick. Students, Parents, and CCPS Staff participants included: Annette Rodden, Erik Gamlem, Carisa Petrie, Nate McKeever, John Binnert, Kim Haag, Leanna Klombies, Meghan Lowe, and Robert Reynolds.

The meeting was facilitated by Chris Kenny and Bill Moye.

This planning session was devoted mostly to brainstorming 10-Year targets that would help ensure CCPS’s Most Desirable Future (discussed in Meeting 1) is achieved. In developing the targets, participants were asked to consider if they: 1) are consistent with and will advance the school’s mission/vision/IB learner profiles; 2) are the most significant things that must be in place by 2030 in order to achieve the Most Desirable Future.

Participants broke into 3 different groups to perform this brainstorming. The facilitators then brought the whole group together to discuss the targets each team had created. A thoughtful and lively discussion was held on creating a maximum of 2 targets for each of the 5 strategic pillars presented in Meeting 1. There was broad agreement on each of the defined targets, however they are still in a draft form. They will be completed and ready for broader distribution after Meeting 3 in late March.

Meeting 3 of the Strategic Planning Exercise will take place at CCPS on March 27th from 2-6 p.m.
