Step-by-step Instructions

INTRODUCTION

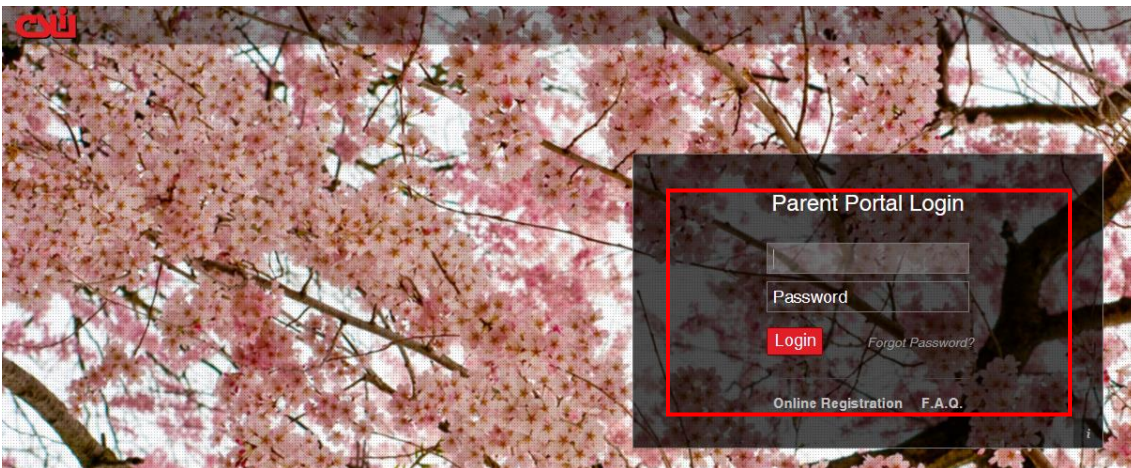

This guide provides step-by-step instructions for parents to log in and access information through the CSIU SIS Parent Portal. The CSIU Student Information System Parent Portal makes it easy for Parents to view current academic information, allowing immediate access to grades, assignments, school calendar, schedule, attendance, and much more.

Please note that this guide reviews all available parent portal tabs. However, individual tabs are displayed based on the school district's portal policy.

LOGGING IN

Parents and guardians of currently enrolled students may request a parent account. Please refer to your school district's website for an existing Parent Portal Link. If your district has not listed the link on their website, the district will provide you with the necessary information to access the Parent Portal web page.

Your district will provide you with a method of registration. After the registration process is complete, you may enter your **Username** and **Password**, and then click **Login**. At any time, if you have any questions regarding your Parent Portal account, please see your district's portal account administrator.

NOTE:

The photo displayed on the **Parent Portal Login page** may change with the seasons.

Your district may require you to change your password on the first login. In the **Old Password** field, enter the password given to you. Then select a new password and enter it in the **New Password** and **Confirm Password** fields. Click **Save**.

NOTE:

Your district may have minimum password requirements.

Upon first login, read the District's Terms of Use. Click "**I Agree**" to proceed further.

The F.A.Q. provides parents with answers to commonly asked questions.

CSIU Parent Portal F.A.Q.

What is the CSIU Parent Portal?

The CSIU Parent Portal is a highly secure, internet-based application through which parents and guardians are able to view district permitted details of their student's academic record.

Through the Parent Portal, parents and guardians have instant access to important information such as district and building announcements, assignment grades, student schedules, attendance information, progress reports, report cards, transcripts, assessment scores, course requests, immunization details, discipline incident information, bus assignments, or fees. Please note that the information you are able to see is regulated by your school district.

How do I register for a Parent Portal Account?

Once your school district has implemented the Parent Portal, your school district will communicate registration instructions.

What if I forget my password?

If you forget or misplace your password, go to your Parent Portal Log In Page. Click on the link "Forgot your password? Click here to retrieve it." You will see a new page, enter either your UserID or email address. Hit the "Request Password" link. You will receive an email with a link to the 'Change Password' page.

What if I do not receive a response email about my password inquiry?

First, check your spam folder. Your email rules and/or SPAM filter may be set to block delivery of emails sent from the Parent Portal. Then, be sure to add the Parent Portal email address to your address book, add the address to your "white" list or list of approved senders. This will ensure that future emails from the Parent Portal will be properly received.

NAVIGATING THE PORTAL

After you have successfully logged into the parent portal, your Profile page will display.
