

SJUSD Values our Volunteers!

We see our volunteers as partners...

San Jacinto Unified School District (SJUSD) values our parents & caregivers as partners in educating and inspiring our students. SJUSD looks forward to reviewing your completed application and welcoming you as a volunteer in our schools! SJUSD staff is confident you will bring a positive and professional attitude to this committed work. The valuable skills you share will enrich the lives of all our students and assist them with becoming college and career-ready. SJUSD procedures and guidelines are aligned to state legislation and board policy. Thank you for your interest in becoming part of the *San Jacinto Difference*.
