

Zion's Prayer Page

November 4 - 10, 2018

Sunday The services this weekend will help us to remember *All Saints*. We will list 14 members of Zion who have died since last year. In our hearts, we will thank God for the eternal lives many other of our friends and family now enjoy in the presence of Jesus Christ. Thank God for all the saints who from their labors rest.

Monday Pray for those who need the Lord's healing hand in their lives at this time. **Carol Block** has suffered some strokes in recent days. Ask the Lord to guide the family in all they can do for her. **Mike Schubert** fell from a tree while hunting. He spent a number of days in the hospital. He is now home. Pray for a good recovery. **Nancy Kane** has been diagnosed with uterine cancer. Pray that the chemo treatments will be a great blessing in her healing. **Elaine Fick** is in the hospital again. Pray for a quick return home. Others?

Tuesday Today is a day when our nation is able to vote for leaders. Pray that many take advantage of this privilege. Pray for all those who will be elected. Pray that they are able to fulfill their duties in God-pleasing ways.

Wednesday Pray for good weather so that the farmers will be able to continue harvesting their crops. Pray also for the health and safety of the workers as they are on the roads and in the fields.

Thursday Ask the Lord to continue guiding the calling processes that Zion is going through at this time. Pray that He will lead a principal and pastor to join us here in our ministries of church and school.

Friday Ask the Lord to bless our preschool ministry. This year we have five different preschool classes. Thank the Lord for the opportunities we have to share the love of Jesus with these little ones and these young families. Pray that our efforts will bear eternal fruit for the Kingdom of God.

Saturday Pray that more and more of our members and friends come to join us in worship this weekend. Pray also for those who are inactive members to be moved to join us once again in the Lord's house.
