

It's time for Prairie View's annual holiday service project to benefit the Vanessa Behan Crisis Nursery. The nursery is the only facility of its kind in Spokane that assists families with emergency childcare needs at no cost. Donations from the community completely fund the nursery. While we cannot accept money for the nursery, we would like to support them with donated items.

All families are invited to participate. So much joy can come from helping others. Therefore, we are encouraging students to ask for a few chores to earn the money to purchase an item for a child in need. Students may start bringing items to their classroom teacher on Monday, December 3<sup>rd</sup>. Our last collection day will be Thursday, December 20<sup>th</sup>.
