

Dear Parents/Guardians:

As we continue to take the proper safety precautionary measures inside the school building, we find it necessary to only have parents come into the school building to have lunch with their child on designated days. During the 2019-2020 school year, each grade level will be assigned a specific day in which the students parent(s) may come in and have lunch. There will be dates in October and March. Please check the cafeteria menu for your child's designated day. If you plan on attending lunch, please call the office to make a reservation.

In addition, our policy referring to bringing outside food into the cafeteria will remain the same. Lunches are available to purchase in the cafeteria or you may bring a lunch from home.

Thank you for your cooperation and understanding in this matter.

Mr. Stofa
