## School Accountability Report Card

### Reported Using Data from the 2017-18 School Year

#### Published During 2018-19

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### School Description and Mission Statement (School Year 2018-19)

Brook Haven Middle School is home to Sebastopol Union School District's fifth through eighth-grade students. Brook Haven has been an integral part of the local community for over 50 years. The school facilities are the hub for many community events and is the quintessential neighborhood school.

Rigorous academics coupled with enrichment programs foster the development of well-rounded students at Brook Haven Middle School. Fifth graders learn in self-contained classrooms with highly qualified teachers. Beyond core academics, fifth graders participate in physical education, life skills (health, technology & public speaking), and either band or choir. The sixth-grade curriculum is structured in core blocks with English language arts/history and math/science teachers. Sixth graders also participate in physical education and can choose between electives such as band, choir, art, and woodshop. Seventh and eighth-grade student participate in a standard six period, departmentalized middle school program with subject-specific instructors. Eighth-grade students can choose from various enrichment offerings, including band, choir, video production, woodshop, art, leadership, and helping in a classroom as a cross-grade tutor and teacher's assistant.

Brook Haven students are provided opportunities to participate in various extracurricular activities. As a member of the West County Athletic League, students can join after school athletics teams (basketball, flag football, volleyball & cross-country). Additionally, Brook Haven offers many clubs and activities for students, including Student Leadership, Rotary-Interact, Garden, Coding, Yearbook, and Bike Clubs.

The TOOLBOX Project is a social-emotional curriculum adopted by Sebastopol Union School District. The TOOLBOX program provides tools for solving problems in the classroom and in social settings. With modifications to provide age-appropriate social-emotional learning skills, TOOLBOX is used at the middle school level in conjunction with restorative practices to better handle conflicts and potential disciplinary issues.

Students are supported through Advisory twice a week which allows students the opportunity to participate in academic intervention or extension, based on their personal needs or strengths. Students also have the opportunity for before school and lunchtime academic support and after-school homework help in the Boys & Girls Club. The use of classroom aides allows opportunities for small group instruction and differentiation. Brook Haven prides itself on supporting the whole child in a diverse and welcoming environment.

#### The SUSD Mission:

As a progressive district that is an integral part of its engaged and diverse community, Sebastopol Union School District graduates all of its students as globally-minded citizens, critical and creative thinkers, skilled collaborators, and fully-engaged learners who achieve academic excellence and are socially and emotionally resilient; we accomplish this with inspired teaching of a rigorous and meaningful curriculum in a dynamic learning environment where we support and challenge every student in partnership with families and community.

**School Facility Conditions and Planned Improvements (Most Recent Year)**

1. Gym continues to be monitored for evidence of leaking and the source tracked down and repaired as leaks seem to be intermittent during heavier rain storms. Prior sealant & patch repairs are beginning to fail & are being re-done as needed.

The facility grounds needed general cleanup, mowing and maintenance after a warm summer season. General facility grounds maintenance was completed prior to the beginning of school.

Restructuring of the district's maintenance department has allowed for a facilities maintenance and repair plan to be developed and implemented. Several facilities walk-throughs by the maintenance team, and district and site administration provided the information needed to prioritize the maintenance and repair projects, placing issues that impact health and safety at the top of the list. Close examination was given to the doors, walls, floors, ceilings, carpets, windows and working hardware. All areas of each classroom were inspected, including the closets and storage areas, ceilings, vents and water fountains. We looked for evidence of leaks, discolored walls or ceiling tiles. Ventilation and heating filters were replaced. All the school bathrooms were inspected, examining the pipes and hardware, walls, windows and floors. The tiled walls were sound, as were the partitions and plumbing. The school inspections included the Library, Gym and the storage sheds used to house equipment. All of the outside facilities were inspected, including perimeter fences, gates and locks. In addition, each roof was inspected, swept clean of debris and accumulated branches and leaves, then checked closely for cracks and wear.

**School Facility Good Repair Status (Most Recent Year)**

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2016-17	2017-18	2016-17	2017-18	2016-17	2017-18
<b>English Language Arts/Literacy (grades 3-8 and 11)</b>	41.0	42.0	52.0	54.0	48.0	50.0
<b>Mathematics (grades 3-8 and 11)</b>	24.0	21.0	37.0	38.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

**CAASPP Test Results in ELA by Student Group  
Grades Three through Eight and Grade Eleven (School Year 2017-18)**

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded

Students with Disabilities	30	29	96.67	10.34
Foster Youth	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Mathematics by Student Group  
Grades Three through Eight and Grade Eleven (School Year 2017-18)**

The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Science for All Students

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

There are various opportunities for parental involvement at Brook Haven. Parents may volunteer in the classrooms, in the office and/or for field trips, as athletic coaches and other school-sponsored events. Parents are also members of our School Site Council, the Sebastopol Educational Foundation and LCAP focus groups. We value parent participation and input, and engagement in the planning and execution of our total school program.

### School Safety Plan (School Year 2018-19)

Brook Haven School's Safety Plan is designed to positively support the health and safety of school employees, students and community. The Safety Plan is designed to serve as a quick reference manual to help all employees become familiar with the proper procedures, telephone numbers and forms to deal with all types of emergencies. The plan is reviewed yearly, and training is provided to all the certificated and classified staff in order to prepare for emergency response to medical emergencies, bomb threats, natural disasters and crisis procedures.

The School and District provide safety in-service opportunities, conduct annual site inspections, review safety suggestions, review hazard reporting, report to School Board annually on the status of repairs, and address compliance issues. Brook Haven adheres closely to all State and Federal regulations that relate to student and employee health and safety issues.

The District utilizes the Parent Square parent communication system to get messages to families ranging from routine information to school emergency closures.
