Students who cannot work within these expectations will have points deducted from their citizenship grades. Other actions which disrupt the learning environment of the classroom for other students will also be documented and points will be lost.

This way, both the students and parents will be able to check Infinite Campus to see what his or her current citizenship grade is, and why points have been lost. Points are deducted for poor behavior, not following directions, being rude or disrespectful to the teacher or others in the classroom and for other actions not becoming of a student in seventh grade.

First quarter, the reduction of grade will be 10%, second quarter, the reduction is 25%, third and fourth quarters the reduction is 50%. This is designed to help prep the students for high school where late assignments are often not accepted. This system allows the seventh grader to have a chance, but with the chance is a consequence. Unused passes can be turned in for extra credit in the test/quizzes category, these will be collected one week prior to the end of the quarter (at which time no late work will be accepted).
