Newsletter

May 20th - 24th

Field Trip - Still need to have students bring in their permission slip and money for our field trip to Camp Abe Lincoln on the 28th. Please send those in as soon as possible.

Baby Pictures - Time is running short and the end of the year is nearly upon us. If you haven't sent in a baby picture for your child, please do so.

Reading / Writing

Early in the week, the kids will be presenting their opinions on the use or the ban of DDT. They will be doing it in front of small groups (an

audience of 2-3) and will do the presentation about 5 times. They get pretty good at it by the end of their presentation time. Once they are done presenting, they then get the chance to be an audience member for their classmates presentations.

Math

In math we are continuing to look at the coordinate plane and the four quadrants. This week, we'll look at how the plane is constructed and why it has to extend beyond zero. We'll look at the appropriate intervals for squares and why one interval won't work for all ordered pairs. Finally we'll look at interpreting information that is presented on the plane that is more than just ordered pairs.

No More Spelling Words
