School Description

El Segundo Middle School - Empowering Lifelong Learners to Create a Better World.

We are committed, in partnership with parents and the community, to create a dynamic learning environment where:

- there are high expectations for every student
- students are challenged intellectually, socially, emotionally, & physically
- diverse learning styles are supported through differentiated instruction
- teachers use innovative strategies to engage student learning
- technology is integrated within the curriculum
- interdisciplinary faculty collaboration is the norm
- IB Learner Profile attributes are emphasized school wide
- problem solving, decision making, communication skills and organization are emphasized school-wide
- students are contributing citizens in the local, state, national and world communities.

ESMS is located in a small coastal community of over 16,000 residents. The Pacific Ocean, LAX Airport, Chevron Oil Refinery, and large corporate business centers border the city. The unique position creates a small hometown atmosphere with a strong sense of community amidst a larger, metropolitan area. The El Segundo community takes special pride in its schools. ESMS, the only International Baccalaureate World School in the South Bay, fosters international mindedness and intercultural awareness. The IB Middle Years Programme is inclusive for all 827 6th, 7th and 8th graders.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

* Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

*Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2018-19)

All textbooks are of good quality with minimal damage. Each student has access to a textbook in school, in each class, and a textbook to take home. All textbooks are of current adoption according to the cycles of curriculum frameworks and standards. Our English Language Learners and Special Education population are also able to use adaptive text to meet their needs. It is the same text as the rest of the population, however it is adapted to meet the needs of struggling learners. When selecting textbooks, we form a committee of teachers at elementary, middle and high school and welcome publishers to present at sites.

Textbooks and Instructional Materials Year and month in which data were collected: January 2019	
Core Curriculum Area	Textbooks and Instructional Materials/Year of Adoption
Reading/Language Arts	McDougal/Littell 2004 The textbooks listed are from most recent adoption: Yes Percent of students lacking their own assigned textbook: 0%
Mathematics	College Preparatory 2017 The textbooks listed are from most recent adoption: Yes Percent of students lacking their own assigned textbook: 0%

School Facility Conditions and Planned Improvements (School Year 2018-19)

El Segundo Middle School provides a safe and clean environment for students, staff, and volunteers. The district governing board has adopted cleaning standards for all schools in the district. Basic cleaning operations are performed on a daily basis throughout the school year with emphasis on classrooms and restrooms. A joint effort between students and staff help keep the campus clean and litter-free. The administration works daily with two fulltime custodians and one part time to develop cleaning schedules that ensure a clean, safe, and functional learning environment in compliance with the Williams Lawsuit mandates.

School Facility Good Repair Status (School Year 2018-19) Year and month in which data were collected: December 2018

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

2017-18 CAASPP Results for All Students						
Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	16-17	17-18	16-17	17-18	16-17	17-18
ELA	76.0	70.0	75.0	75.0	48.0	50.0
Math	61.0	55.0	63.0	63.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter

Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students						
Subject	Percent of Students Scoring at Proficient or Advanced (meeting or exceeding the state standards)					
	School		District		State	
	16-17	17-18	16-17	17-18	16-17	17-18
Science	N/A	N/A	N/A	N/A	N/A	N/A

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

Grade Level	2017-18 Percent of Students Meeting Fitness Standards		
	4 of 6	5 of 6	6 of 6
7	8.3	18.5	67.9

* Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

**School Year 2017-18 CAASPP Assessment Results - English Language Arts (ELA)
Disaggregated by Student Groups, Grades Three through Eight and Eleven**

Students with Disabilities	36	36	100.00	19.44
Foster Youth	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2018-19)

Parents may become involved with school activities through many avenues. The PTSA strongly supports the ESMS academic programs. They raise funds for program support, but also give hours of time to supervise students, tutor those working below grade level, and provide clerical assistance in our teachers' workroom. Parents can be seen on campus on a daily basis, however if you are a working parent and would like to be of assistance after school hours, please contact either your classroom teacher directly or our PTSA president to see how you can help. You are always welcome at ESMS - parent, student, school - together we can make a difference! The business community is very involved in El Segundo, and in 1983 the El Segundo Educational Foundation was founded to raise supplemental funding for the school system.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2018-19)

Safety of students and staff is a primary concern of El Segundo Middle School School. Teachers and the Principal supervise students before school and during regularly scheduled breaks. The front of the school is designated for student drop-off/pick-up. All visitors to the campus must sign in at the office and display a visitor pass at all times. The School Site Safety Plan is evaluated and revised annually each summer by administrators, the El Segundo Fire Department, and members of the Parent Teacher Student Association; the revisions are then shared with the entire staff each Fall. Key elements to the safety plan include evacuation plans and drills, shelter-in-place, lock-down, dismissal procedures, location and rationing of first aide supplies, and implementation of the SEMS Model (Standardized Emergency Management System). The school is in compliance with the laws, rules, and regulations pertaining to hazardous materials and state earthquake standards.

Date School Safety Plan last reviewed: November 2018

* Number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Professional Development provided for Teachers

The El Segundo Unified School District has a long history of providing support for teachers to participate in professional development activities. Through attendance at workshops and conferences, the staff at El Segundo Middle School has developed a common language and vision that defines the school community. Teachers are empowered in all elements of site based decisions from curriculum and instruction, to program assessment, to school policies and discipline procedures. For the past three years, the District has sponsored three staff development days annually, where teachers are offered a variety of growth opportunities. In addition, each Monday is a minimum day. This time is dedicated to staff meetings, grade level/department meetings, and professional development. Topics include but are not limited to: Backward Design, Scope and Sequence, Technology, and Differentiated Instructional Strategies. Recently credentialed teachers are provided additional assistance through the Beginning Teacher Support and Assistance Program (BTSA). Currently, the school is being trained in International Baccalaureate and our new standards in ELA, math and science.

The California Department of Education issued guidance to LEAs on August 1, 2018, regarding how to calculate school-level per-pupil expenditures that will be reported on 2018-19 report cards.

Types of Services Funded

California's new education funding model, the Local Control Funding Formula (LCFF), is a major reform in the way public school districts receive money from the state. Previously school districts received a significant portion of money without restrictions, but much of the funding was restricted to specific programs, called categorical programs. Some examples of these categorical programs included textbook funds and the Regional Occupation Program for high school students. There were dozens of state categorical programs that were eliminated when the LCFF went into effect in July 2013.

Under LCFF, the responsibility for allocating funds to meet students' needs is given to the local governing boards. To demonstrate how funds will be used to address eight priorities established by the state, school districts must develop and approve a Local Control Accountability Plan (LCAP) no later than July 1 of each year. This three-year plan is to be updated annually. Once approved by the Board of Education, the LCAP will be the basis for expenditures in the District.

The eight priorities that El Segundo Unified School District will include in the LCAP include the following:

- Student Achievement
- Student Engagement
- Other Student Outcomes
- School Climate
- Parental Involvement
- Basic Services
- Implementation of the Common Core Standards
- Course Access

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
