Bradford Public Schools Student Handbook

INTRODUCTION
This handbook was prepared to inform parents and students of the policies, regulations, traditions, and philosophies of Bradford School. It is intended that the procedures outlined herein will serve as a helpful guide to students both academically and socially. We strongly urge the use of information in this handbook as a guide for the student’s responsibility to comply with the rules of the school. Any state law that is not covered in these policies must also be observed by the student. Parental concerns can be addressed by going to the source of the concern and then proceeding to the building level administrator and then on to the superintendent or until the concern is handled appropriately.

It is the Student Council’s responsibility to review this handbook and make recommendations for change, if needed, each April to the Administration.

In keeping with the guidelines of Title VI, Section 601, Civil Rights Act of 1964, Section 901, Educational Amendment of 1972; and Section 504 of the Rehabilitation Act of 1973, the Bradford School District assures that no person in the school shall, on the basis of race, color, national origin, sex, or handicap be excluded from the participation in, be denied the benefits of or be subjected to discrimination under any program or activity receiving Federal financial assistance. Complaints and grievances under Title VI, Title IX, and Section 504 of the Rehabilitation Act of 1973 can be made to the local district coordinators.

PHILOSOPHY OF BRADFORD SCHOOL
Bradford Public School is the center of local community interest and activity. It is designed to meet as adequately as possible the educational needs of all local youth. The educational program is student-centered. Our academic program, as well as all co-curricular activities, is planned and scheduled to direct learning activities so as to strengthen intellect, to build character, and to enrich personality.

We believe that it is the function of the educational process to provide all students with opportunities for obtaining knowledge, experience, and skills which will best prepare them to assume a position in the competitive adult society and will permit the students to make a positive contribution to themselves and to society. For some students, this will mean basic, general information plus the attainment of certain vocational skills and experiences.

ACCREDITATION
The Bradford Public Schools are fully accredited by the Department of Education which is the largest regional accrediting association. The Board of Directors, the superintendent, and the faculty are working cooperatively to maintain this rating and to improve the quality of the educational program.

STUDENT HANDBOOK
It shall be the policy of the Bradford School District that the most recently adopted version of the Student Handbook be incorporated by reference into the policies of this district. In the event that there is a conflict between the student handbook and a general board policy or policies, the more recently adopted language will be considered binding and controlling on the matter provided the parent(s) of the student, or the student if 18 years of age or older have acknowledged receipt of the controlling language.

Principals shall review all changes to district policies and ensure that such changes are provided to students and parents, either in the Handbook or, if changes are made after the handbook is printed, as an addendum to the handbook.

Principals and Counselors shall also review Policies – Smart Core Curriculum and Graduation Requirements and the current ADESE Standards for Accreditation Rules to ensure that there are no conflicts. If a conflict exists, the Principal and or Counselor shall notify the Superintendent and Curriculum Coordinator immediately, so that corrections may be made and notice of the requirements given to students and parents.

Permanent Records
Permanent school records, as required by the Division of Elementary and Secondary Education (DESE), shall be maintained for each student enrolled in the District until the student receives a high school diploma or its equivalent or is
beyond the age of compulsory school attendance. A copy of the student’s permanent record shall be provided to the receiving school district within ten (10) school days after the date a request from the receiving school district is received.

SMART CORE CURRICULUM AND GRADUATION REQUIREMENTS
FOR THE CLASS OF 2020

All students are required to participate in the Smart Core curriculum unless their parents or guardians, or the students if they are eighteen (18) years of age or older, sign a Smart Core Waiver Form to not participate. While Smart Core is the default option, a Smart Core Information Sheet and a Smart Core Waiver Form will be sent home with students prior to their enrolling in seventh (7th) grade, or when a seventh (7th) through twelfth (12th) grade student enrolls in the district for the first time and there is not a signed waiver form in the student’s permanent record. This policy is to be included in student handbooks for grades six (6) through twelve (12) and both students and parents must sign an acknowledgement they have received the policy. Those students not participating in the Smart Core curriculum will be required to fulfill the Core curriculum or the Alternate Pathway to Graduation when required by their IEP to be eligible for graduation. Counseling by trained personnel shall be available to students and their parents or legal guardians prior to the deadline for them to sign and return the waiver form.

While there are similarities between the two curriculums, following the Core curriculum may not qualify students for some scholarships and admission to certain colleges could be jeopardized. Students initially choosing the Core curriculum may subsequently change to the Smart Core curriculum providing they would be able to complete the required course of study by the end of their senior year. Students wishing to change their choice of curriculums must consult with their counselor to determine the feasibility of changing.

This policy, the Smart Core curriculum, and the courses necessary for graduation shall be reviewed by staff, students, and parents as part of the annual school district support plan development process to determine if changes need to be made to better serve the needs of the district’s students. The superintendent, or his/her designee, shall select the composition of the review panel.

Sufficient information relating to Smart Core and the district’s graduation requirements shall be communicated to parents and students to ensure their informed understanding of each. This may be accomplished through any or all of the following means:

- Inclusion in the student handbook of the Smart Core curriculum and graduation requirements;
- Discussion of the Smart Core curriculum and graduation requirements at the school’s annual public meeting, PTA meetings, or a meeting held specifically for the purpose of informing the public on this matter;
- Discussions held by the school’s counselors with students and their parents; and/or
- Distribution of a newsletter(s) to parents or guardians of the district’s students.

Administrators, or their designees, shall train newly hired employees, required to be licensed as a condition of their employment, regarding this policy. The district’s annual professional development shall include the training required by this paragraph.

To the best of its ability, the District shall follow the requirements covering the transfer of course credit and graduation set forth in the Interstate Compact on Educational Opportunity for Military Children for all students who meet the definition of "eligible child" in Policy 4.2 – ENTRANCE REQUIREMENTS including the waiving of specific courses that are required for graduation if similar coursework has been satisfactorily completed.

**STUDENT PERFORMANCE**

Special reports, if necessary, will be sent home at 4 1/2 weeks. Report Cards are given out as soon as possible following the nine-week tests. It shall be the policy of the Board to require all teachers to communicate personally with the parent(s) or guardian(s) of each student during the school year to discuss the student’s academic progress. Should any student not perform at the level expected for the grade, the teacher will communicate with the parent(s) or guardian(s) a minimum of once each month until satisfactory progress is made. Elementary teachers will meet with the parent(s) or guardian(s) of each student at least once each semester through a parent-teacher conference, a telephone conference or a home visit.

All grade level conferences with parent(s) or guardian(s) shall be scheduled at a time and place to best accommodate those participating in the conference. The school shall document participation or non-participation in required conferences. If a student is to be retained at any grade level, notice of retention and the reasons for retention shall be communicated promptly in a personal conference.

**STUDENT PROMOTION AND RETENTION**

A disservice is done to students through social promotion and is prohibited by state law. The District shall, at a minimum, evaluate each student annually in an effort to help each student who is not performing at grade level. Parents, legal guardians, persons having lawful control of the student, or persons acting in loco parentis shall be kept informed concerning the progress of their student(s). Notice of a student’s possible retention or required retaking of a course shall be included with the student’s grades sent home to each parent/guardian or the student if 18 or older. Parent-teacher conferences are encouraged and may be held as necessary in an effort to improve a student’s academic success.

At least once each semester, the Parents, legal guardians, persons having lawful control of the student, or persons acting in loco parentis, and teacher(s) of a student in kindergarten through eighth (8th) grade shall be notified in writing of the student’s independent grade-level-equivalency in reading.

Any grades, course credits, and/or promotions received by a student while enrolled in the Division of Youth Services system of education shall be considered transferrable in the same manner as those grades, course credits, and promotions from other accredited Arkansas public education entities.

Promotion or retention of students, or their required retaking of a course shall be primarily based on the following criteria. If there is doubt concerning the promotion or retention of a student or his/her required retaking of a course, a conference shall be held before a final decision is made that includes the following individuals:

a. The building principal or designee;
b. The student’s teacher(s); s
c. School counselor;
d. a 504/Special Education representative (if applicable); and
e. the student’s parents, legal guardians, persons having lawful control of the student, or persons standing in loco parentis.

The conference shall be held at a time and place that best accommodates those participating in the conference. The school shall document participation or non-participation in required conferences. If the conference attendees fail to agree concerning the student’s placement or receipt of course credit, the final decision shall rest with the principal or the principal’s designee.

Each student² shall have a student success plan (SSP) developed by school personnel in collaboration with the student’s parents and the student that is reviewed and updated annually. A student’s SSP shall use multiple academic measures to personalize learning in order for students to achieve their grade-level expectations and individual growth. The SSP will identify if the student is in need of additional support or acceleration. Academic measures to be used in creating and updating a student’s SSP shall include, but are not limited to:

- Statewide student assessment results;
Subject grades;
- Student work samples; and
- Local assessment scores.

By the end of grade eight (8), the student’s SSP shall:
- Guide the student along pathways to graduation;
- Address accelerated learning opportunities;
- Address academic deficits and interventions; and
- Include college and career planning components.

Based on a student’s score on the college and career assessment:
- The student’s SSP will be updated in order to assist the student with college and career readiness skills, course selection in high school, and improved academic achievement; and
- Provide a basis for counseling concerning postsecondary preparatory programs.

An SSP shall be created:
1. By no later than the end of the school year for a student in grade eight (8) or below who enrolls in the District during the school year; or
2. As soon as reasonably possible for a student in grade nine (9) or above who enrolls in the District at the beginning or during the school year.

Regardless of the student having earned passing grades, a student who falls under one of the following categories shall be considered for retention or shall not receive credit for the course associated with the assessment. The student:
- does not take the State mandated assessment for the student’s grade level or course within the time frame specified by the State;
- takes the State mandated assessment but does not put forth a good faith effort on the assessment as determined by the assessment administrator/proctor.

The Superintendent or designee may waive this provision when the student’s failure was due to exceptional or extraordinary circumstances.

Promotion/retention or graduation of students with an IEP shall be based on their successful attainment of the goals set forth in their IEP or completion of the Alternate Pathway to Graduation when applicable.

In addition to the possibility of retention or withholding of course credit, students who either refuse to sit for a State assessment or attempt to boycott a State assessment by failing to put forth a good faith effort on the assessment as determined by the assessment administrator/proctor, or whose parents do not send their student to school on the dates the assessments are originally administered or scheduled as make-up days shall not be permitted to participate in any non-curriculum related extracurricular activity, including school dances, prom, homecoming, senior events, and may be prevented from walking or participating in graduation exercises. The student shall remain ineligible to participate until the student takes the same or a following State mandated assessment, as applicable, or completes the required remediation for the assessment the student failed to put forth a good faith effort on. The Superintendent or designee may waive this paragraph’s provisions when the student’s failure was due to exceptional or extraordinary circumstances. Students falling under the provisions of this paragraph shall be permitted to attend curriculum related field trips occurring during the school day.

STUDENT ACCOUNTABILITY AND PERFORMANCE REPORTING

Teachers will communicate personally with the parent(s) or guardian(s) of each student during the school year to discuss the student’s academic progress and requiring more frequent communication with the parent(s) or guardian(s) of students not performing at the level expected for their grade. Teachers of students in grades K-12 shall meet with the parent(s) or guardian(s) of each student at least once a semester through a parent-teacher conference, telephone conferences, or a home visit. All grade level conferences with parent(s) and or guardian(s) shall be scheduled at a time and place to best accommodate those participating in the conference. The school shall document participation or nonparticipation in required conferences. If a student is to be retained at any grade level, notice of retention and the reasons for retention shall be communicated promptly in a personal conference.

GRADING SYSTEM

Parents or guardians shall be kept informed concerning the progress of their student. Parent-teacher conferences are encouraged and may be requested by parents, guardians, or teachers. If the progress of student is unsatisfactory in a subject, the teacher shall attempt to schedule a parent-teacher conference. In the conference, the teacher shall explain the reasons for difficulties and shall develop, cooperatively with the parents, a plan for remediation which may enhance the probability of the student succeeding. The school shall also send timely progress reports and issue grades for each nine-(9) week grading period to keep parents/guardians informed of their student’s progress.

The evaluation of each student’s performance on a regular basis serves to give the parents/guardians, students, and the school necessary information to help effect academic improvement. Student’s grades shall reflect only the extent to which a student has achieved the expressed educational objectives of the course.

If a student is to be retained at any grade level or denied course credit, notice of, and the reasons for retention shall be communicated promptly in a personal conference. Performance in Kindergarten will be reflected in a Standards Based Report Card.

The grades of a child in foster care shall not be lowered due to an absence from school due to:

1. A change in the child’s school enrollment;
2. The child’s attendance at a dependency-neglect court proceeding; or
3. The child’s attendance at court-ordered counseling or treatment.

If a student is to be retained at any grade level or denied course credit, notice of, and the reasons for retention shall be communicated promptly in a personal conference.

The grading scale for all school in the district shall be as follows:

A= 100-90
B= 89-80
C= 79-70
D= 69-60
F= 59 and below
For the purpose of determining grade point averages, the numeric value of each letter grade shall be:

- A = 4 points
- B = 3 points
- C = 2 points
- D = 1 point
- F = 0 points

The grade point values for Advanced Placement (AP), International Baccalaureate (IB), and approved honor courses shall be one (1) point greater than for regular courses with the exception that an F shall still be worth zero (0) points.

---

**ACCELERATED HIGH SCHOOL STUDENT ADMISSION**

High school students who meet the prescribed criteria adopted by the Arkansas State Board of Higher Education (SBHE) may enroll in university courses while in high school. They must be recommended by their high school principals or superintendents. Furthermore, combined concurrent enrollments in both high school and college may not exceed normal academic loads.

**Concurrent Credit**

Any student who is enrolled in grades 9-12 at Bradford High School shall be eligible to enroll in a publicly supported community college, technical college or four-year college or university in accordance with the rules and regulations by the college or university.

**HOMEWORK POLICY**

**Definition:**

Homework is an assignment completed outside instructional time. Homework may be completed at school during study hall, at the end of a class period after instruction has been completed, and/or taken home to be completed.

**Philosophy:**

- Homework should be included as an integral part of the instructional program, and as a means by which students are provided extended time to master learning concepts and objectives.
- Homework should be a positive experience, providing students the opportunity to:
  1. reinforce skill development,
  2. manage learning time away from the school setting,
  3. communicate to parents learning activities provided during the school day,
  4. develop self-discipline and good study habits.

**Procedures for Elementary:**

- Homework should provide immediate feedback to the teacher on areas of weakness in the student’s understanding of concepts and/or acquisition of skills.
b. Teachers should give homework only in the amount they are willing to check, grade, or review.
c. Homework assignments will enhance the learning process by emphasizing the application of concepts and skills introduced.
d. Generally, homework assignments over weekends and holidays will be minimized.
e. The amount, length, and type of homework at the elementary level may vary according to individual needs. The time spent on homework, which will vary individually depending upon the speed that each student works, should average approximately:
   Kindergarten (2nd semester)…………………..10 minutes 4 days per week
   Grade 1-6 ........................................Up to 30 minutes 4 days per week

Procedures for the Secondary Level:

a. All teachers will give adequate homework assignments to insure that the skills learned in the classroom will be reinforced.
b. Homework assignments will be given after instructional time.
c. Teachers should give homework only in the amount they are willing to check, grade, or review.
d. Homework will be averaged as a part of the nine weeks and semester grades.
e. Each teacher will explain to his or her students what is required in completing all assignments. However, it is the student’s responsibility to complete all assignments.
f. Homework assignments should be a combined maximum of ten hours per week. This will be representative of the major academic disciplines, but may include other subject areas. Except for special projects, teachers should not expect students to spend more time on the subjects they teach than on assignments in other subjects.
g. Modifications for special education students will be made on the basis of needs determined by the teachers.

STUDENT TRANSPORTATION (BUSES)

All school buses are owned and operated by the school district. The drivers have the same authority and responsibility on the bus that the teachers have in the classrooms. Pupils are under the supervision of the bus driver and are responsible to the driver for their conduct.

The buses will run as nearly on schedule as possible. Drivers have been instructed, if on schedule, not to wait for any pupils who are not at the regular ‘pick up area’. Riding the bus is a privilege that may be denied temporarily or permanently to anyone whose conduct becomes unsatisfactory. This is necessary for the safety of the other students riding the bus.

Students are registered as bus riders or car riders. Any time a student makes a change a note from parents/guardians or a phone call must be made to the office. Phone calls to make these changes should be made before 2:00 p.m. in order for the student and homeroom teacher to get the message. This is also for the safety of the student. Drivers must be given the bus note change from students in grades K-12 that is approved by the principal or designee. Parents and students must follow district procedures for arrival and dismissal of car riders

STUDENTS RIDING SCHOOL BUSES

Students are subject to the same rules of conduct while traveling to and from school as they are while on school grounds. Appropriate disciplinary actions may be taken against commuting students who violate student code of conduct rules.

Students shall be instructed in safe bus riding practices. The driver of a school bus shall not operate the school bus until every passenger is seated. Disciplinary measures for problems related to bus behavior shall range from a warning to suspension from school and/or the bus and the penalty will be applied according to the severity of the offense and at the discretion of the Administrator.
Transporting students to and from school who have lost their bus transportation privileges shall become the responsibility of the student’s parent or legal guardian. Students are under the supervision of the bus drivers and responsible to the driver for their conduct.

**BUS RULES:**

Bus drivers are to report student disrespect or misbehavior to the principal or designee. Students reported by the bus driver will be subject to disciplinary action, including removal from the bus for indefinite periods. Bus regulations are as follows:

1. Be at the ‘pick up’ area at the scheduled time. Stand back about ten feet from the ‘pick up’ area and wait until the door is opened before moving closer to the bus. Do not play on highway or road. If you miss the bus, do not attempt to hitchhike or ride or walk to or from school.
2. If a student must cross the highway to enter the bus, wait until the bus has come to a complete stop and the driver has signaled you to cross the highway.
3. While loading or unloading, enter or leave the bus orderly and quickly.
4. While riding the bus, students are under the supervision of the driver at all times.
5. Students are expected to conduct themselves in a manner such that will not distract the attention of their driver or disturb other riders on the bus (which indicates keeping your hands to yourself; attend to your own matters; let other students alone, and be reasonable quiet).
6. No knives, sharp objects of any kind, or fire-arms are allowed. No pets or other living animals, etc. are allowed on the bus. No items made of glass or food is allowed on the bus.
7. Students will remain in assigned seats at all times.
8. Students are not to tamper with any of the safety devices, such as door latches, fire extinguishers, etc.
9. Students are not to put their hands, arms, heads, or bodies out of the window. Students do not need to yell at anyone outside the bus.
10. Students are not to deface the bus or any school property. Do not throw paper, food, or any other object on the floor of the bus. Do not eat on the bus. No smoking, dipping, or chewing while at the bus stop or while riding a school bus. Keep aisle of the bus clear of books, lunches, coats, etc.
11. Do not ask the driver to let you off the bus at the store, to get mail out of the box, or any place except at your regular stop.
12. Students who must cross the road after leaving the bus in the afternoon must go to a point on the shoulder of the road ten feet in front of the bus. Cross the highway only after the driver has signaled you to do so.
13. Do not damage road signs or warning signals placed on the highway by the Highway Department.
14. All hard materials must be covered, properly secured, and located so as not to block the aisles or exits.
15. It is unlawful for any person or persons to threaten, curse or use abusive language to a school bus driver in the presence of students.
16. Riding home with other students is not permitted without a note from the parent or guardian, signed by the building principal, and may be rejected if excessive crowding on the bus occurs.
17. This is not intended to cover all the “do’s” and “don’ts”, but it is a very specific guide.

Penalties ranging from a warning to suspension from school and/or the bus and the penalty will be applied according to the severity of the offense and at the discretion of the Administrator.
Unacceptable Behavior:
1. Eating or drinking on bus
2. Out of seat or in aisle while bus is in motion
3. Turned around in seat
4. Horseplay, yelling out bus window, loud noise
5. Possession of unacceptable material, objects, or obscene gestures
6. Rudeness, improper language
7. Unauthorized transportation
8. Profanity, verbal abuse, and harassment (directed at students or driver)
9. Body parts out of window (head, hands, legs, etc)
10. Throwing/shooting of any object (paper, pencils, paper clips, etc.)
11. Physical aggression
12. Destruction of school property (vandalism-suspended until restitution is made)
13. Loading or unloading buses improperly or tampering with any portion of bus
14. Lighting of matches, fireworks, or any flammable object or substance
15. Riding of any bus after being suspended from one (suspension to include all activities and field trips)
16. Fighting (of any kind)
17. Other offenses as reported by driver or principal

BUS RIDING FOR EXTRACURRICULAR ACTIVITIES
1. Any student of Bradford School making any such out of town trip must travel round trip by school arranged transportation. However, students will be allowed to ride home with parents or guardian provided they sign a check-out sheet with coach or sponsor.
2. Any student traveling by any mode of transportation other than that described above will not be allowed to participate in the activity.
3. Any exception to the above rules must be cleared through the principal. Very few exceptions will be made.

REQUIREMENTS FOR PARTICIPATION IN ELEMENTARY EXTRACURRICULAR ACTIVITIES

Definitions

Examples include, but are not limited to, inter/intrascholastic athletics, cheerleading, band, choral, math, or science competitions, field trips, and club activities.

“Field Trips” are when individual students or groups of students are invited to programs or events when there is no competition and the students are not interacting with each other for the purpose of planning, qualifying, or arranging for future programs or for the purpose of receiving recognition.

“Interscholastic Activities” means athletic or non-athletic/academic activities where students compete on a school vs. school basis.

“Intrascholastic Activities” means athletic or non-athletic/academic activities where students compete with students from within the same school.
Extracurricular Eligibility

The Board believes in providing opportunities for students to participate in extracurricular activities that can help enrich the student’s educational experience. Interruptions of instructional time in the classroom are to be minimal and absences from class to participate in extracurricular activities shall not exceed one per week per extracurricular activity¹ (tournaments or other similar events excepted with approval of the Superintendent). All students are eligible for extracurricular activities unless specifically denied eligibility on the basis of criteria outlined in this policy.

A student may lose his/her eligibility to participate in extracurricular activities when, in the opinion of the school’s administration, the student’s participation in such an activity may adversely jeopardize his/her academic achievement. Students may also be denied permission to participate in extracurricular activities as a consequence of disciplinary action taken by the administration for inappropriate behavior.³

Any student who refuses to sit for a Statewide assessment or attempts to boycott a Statewide assessment by failing to put forth a good faith effort on the assessment as determined by the assessment administrator/proctor, or whose parents do not send their student to school on the dates the assessments are administered or scheduled as make-up days shall not be permitted to participate in any non-curriculum related extracurricular activity. The student shall remain ineligible to participate until the student takes the same or a following statewide assessment, as applicable. The superintendent or designee may wave this paragraph's provisions when the student’s failure was due to exceptional or extraordinary circumstances.⁴ Students falling under the provisions of this paragraph shall be permitted to attend curriculum related field trips occurring during the school day.⁵

A student who enrolls in the district and meets the definition of “eligible child” in Policy 4.2 – ENTRANCE REQUIREMENTS shall be eligible to try out for an extracurricular activity regardless of the date the student enrolls in the District so long as the student meets all other eligibility requirements and the extracurricular activity is still ongoing.

No student shall be required to pay for individual or group instruction in order to participate in an extracurricular activity.

A student and the parent or legal guardian of the student shall sign and return an acknowledgement of receipt and review of an information sheet regarding signs and symptoms of sudden cardiac arrest before the student may participate in an athletic activity and before each school year the student participates in an athletic activity.

Any of the courses for which concurrent high school credit is earned may be from an institution of higher education recognized by DESE. If a student passes an academic course offered on a block schedule, the course can be counted twice toward meeting the requirement for students to pass four (4) academic courses per semester as required by this policy.

In addition to the foregoing rules, the district shall abide by the rules and regulations of AAA governing interscholastic activities. AAA provides catastrophic insurance coverage for students participating in AAA governed extracurricular activities who are enrolled in school. As a matter of District policy, no student may participate in a AAA governed extracurricular activity unless he or she is enrolled in a district school, to ensure all students are eligible for AAA catastrophic insurance. 6

Intrascholastic Activities

AAA Governed Activities

Students participating in intrascholastic extracurricular activities that would be governed by AAA if they were to occur between students of different schools shall meet all interscholastic activity eligibility requirements to be eligible to participate in the comparable intrascholastic activity. The District will abide by the AAA Handbook for such activities to ensure District students are not disqualified from participating in interscholastic activities. 7

Non-AAA Governed Activities

Unless made ineligible by District policies, all students shall be eligible to participate in non-AAA governed intrascholastic extracurricular activities. Intrascholastic activities designed for a particular grade(s) or course(s) shall require the student to be enrolled in the grade(s) or course(s).

**EXTRACURRICULAR ACTIVITY ELIGIBILITY FOR HOME SCHOOLED STUDENTS**

Home-schooled student means a student legally enrolled in an Arkansas home school and who meets or has met the criteria for being a home-schooled student, as established by A.C.A. § 6-15-503.

Interscholastic activity means an activity between schools subject to rules of the Arkansas Activities Association that is outside the regular curriculum of the school district, such as an athletic activity, fine arts program, or a special interest group or club.

Each school in the District shall post on its website its schedule of interscholastic activities, including sign-up, tryout, and participation deadlines, at least one semester in advance of those activities. A hard copy of the schedule shall be available upon request.¹

Home-schooled students whose parents or guardians are legal residents of the school district will be permitted to pursue participation in an interscholastic activity in the student's resident school zone² as permitted by this policy.

Home-schooled students whose parent or legal guardian are not residents of the school district will be permitted to pursue participation in an interscholastic activity in the District if the superintendent of the student’s resident district and the superintendent of the District both agree in writing to allow the student to participate in interscholastic activities at the District.

Although not guaranteed participation in an interscholastic activity, home-school students who meet the provisions of this policy, AAA Rules, and applicable Arkansas statutes shall have an equal opportunity to try out and participate in interscholastic activities without discrimination. The District shall provide a reasonable alternative to any prerequisite for eligibility to participate in an interscholastic activity that the home-schooled student is unable to meet because of his or her enrollment in a home school.

No student shall be required to pay for individual or group instruction in order to participate in an interscholastic activity.

To be eligible to try out and participate in interscholastic activities, the student or the parent of a student shall mail or hand deliver the student's request to participate to the student's school's principal before the signup, tryout or participation deadline established for traditional students. Additionally, the student shall demonstrate academic eligibility by obtaining a minimum test score of the 30th percentile or better in the previous 12 months on the Stanford Achievement Test Series, Tenth Edition; another nationally recognized norm-referenced test; or a minimum score on a test approved by the State Board of Education.

A student who meets the requirements for eligibility to participate in an interscholastic activity is required to register for no more than one course³ in the District's school where the student is intending to participate in an interscholastic activity.

The student shall regularly attend the class in which the student is registered beginning no later than the eleventh (11th) day of the semester in which the student's interscholastic activity participation is desired. The student must attend the practices for the interscholastic activity to the same extent as is required of traditional students.

A student and the parent or legal guardian of the student shall sign and return an acknowledgement of receipt and review of an information sheet regarding signs and symptoms of cardiac arrest before the student may participate in an athletic activity and before each school year the student participates in an athletic activity.

A home-schooled student who has met the try out criteria; and who has been selected to participate in the interscholastic activity shall meet the following criteria that also apply to traditional students enrolled in the school:

- standards of behavior and codes of conduct;
- attend the practices for the interscholastic activity to the same extent as is required of traditional students;
- required drug testing;⁴
- permission slips, waivers, physical exams; and
- participation or activity fees.

A home-schooled student who is not a resident of the District may begin participating in interscholastic activities:

a. Immediately upon being approved for participation for all interscholastic activities other than athletic activities; and
b. One (1) calendar year after being approved to participate in interscholastic activities that are athletic activities unless the approval is prior to July 1 of the school year the student would have been enrolled in seventh (7th) grade if the student were enrolled in public school.

A home-schooled student who is not a resident of the District and is prohibited under this policy from participating in an interscholastic activity that is an athletic activity for one (1) calendar year may immediately participate in rehearsals, tryouts, practices, auditions, classes, or other endeavors associated with the interscholastic activity.

Students who participate in extracurricular or athletic activities under this policy will be transported to and from the interscholastic activities on the same basis as other students are transported.

A student who withdraws from an Arkansas Activities Association member school to be home-schooled shall not participate in an interscholastic activity in the resident school district for a minimum of three hundred sixty-five days after the student withdraws from the member school.

ACADEMIC COURSE ATTENDANCE BY PRIVATE SCHOOL AND HOME SCHOOLED STUDENTS

The District allows private school and home schooled students whose parents, legal guardians, or other responsible adult with whom the student resides are residents of the District to attend academic courses offered by the District. The District will place a list of courses that a private school or home schooled student may request to attend on its website by:2
1. June 1 for courses to be offered during the Fall semester; and
2. November 1 for courses to be offered during the Spring semester.

A private school or home schooled student who desires to attend one or more of the available academic courses shall submit a written request to attend the academic course(s) to the superintendent, or designee, no later than:2
a. August 1 for Fall semester courses; or
b. December 1 for Spring semester courses.

The superintendent, or designee, is authorized to waive the application deadline on a case by case basis.

The District permits a private school or home schooled student to attend a maximum of six (6) courses per semester.

The District may reject a private school or home schooled student’s request for attendance if the District’s acceptance would:4
• Require the addition of staff or classrooms;
• Exceed the capacity of a program, class, grade level, or school building;
• Cost the District more for the student to attend the academic course than the District receives for the student’s attendance;
• Cause the District to provide educational services the District does not currently provide at a financial burden to the District; or
• Cause the District to be out of compliance with applicable laws and regulations regarding desegregation.

Requests to attend an academic course will be granted in the order the requests are received. Upon the receipt of a private or home schooled student’s request to attend academic course(s), the District will date and time stamp the request for attendance. If a private school or home schooled student is denied attendance based on a lack of capacity and an opening in the requested course occurs prior to the start of the course, the District will use the date and time stamp on the request for attendance to determine the private school or home schooled student who will be notified of an opening in the requested course.

As part of the request to attend academic courses in the District, a private school or home schooled student shall:
o Indicate the course(s) the private school or home schooled student is interested in attending;
  o If the course(s) the private school or home schooled student is interested in attending is being offered by the
    District in both a physical and a digital format, whether the private school or home schooled student intends to
    attend the physical course or the digital course;
  o Submit, along with the student’s application, a copy of the student’s transcript indicating that the
    student has received credit for the course(s), or equivalent course(s), that are a prerequisite to the
    course(s) the student desires to attend at the District;
  o Agree to follow the District’s discipline policies; and
  o Submit immunization documentation required by Policy 4.57—IMMUNIZATIONS

A private school or home schooled student who fails to attend an academic course by the eleventh (11) day of class or who
is absent without excuse for eleven (11) consecutive days during the semester shall be dropped from the course; however, a
private school or home schooled student shall not be considered truant for unexcused absences from the course(s) the
student is attending at the District.

Private school or home schooled students shall receive a final grade and transcript for each academic course the student
completes.

The responsibility for transportation of any private school or home schooled student attending academic courses in the
District shall be borne by the student or the student’s parents.

The opportunity provided to home schooled students under this policy is in addition to the opportunity provided in Policy
4.56.2—EXTRACURRICULAR ACTIVITY ELIGIBILITY FOR HOME SCHOoled STUDENTS.

A foster child who was previously enrolled in a District school and who has had a change in placement to a residence outside the District, may continue to remain enrolled in his/her current school unless the presiding court rules otherwise.

Under instances prescribed in A.C.A. 6-18-203, a child or ward of an employee of the district or of the education coop to which the district belongs may enroll in the district even though the employee and his/her child or ward reside outside the district.

Children whose parent or legal guardian relocates within the state due to a mobilization, deployment, or available military housing while on active duty in or serving in the reserve component of a branch of the United States Armed Forces or National Guard may continue attending school in the school district the children were attending prior to the relocation or attend school in the school district where the children have relocated. A child may complete all remaining school years at the enrolled school district regardless of mobilization, deployment, or military status of the parent or guardian.

STUDENT TRANSFERS

The Bradford School District shall review and accept or reject requests for transfers, both into and out of the district, on a case by case basis.

The District may reject a nonresident’s application for admission if its acceptance would necessitate the addition of staff or classrooms, exceed the capacity of a program, class, grade level, or school building, or cause the District to provide educational services not currently provided in the affected school. The District shall reject all applications that would cause it to be out of compliance with applicable laws and regulations regarding desegregation.

Any student transferring from a school accredited by the Division of Elementary and Secondary Education (DESE) to a school in this district shall be placed into the same grade the student would have been in had the student remained at the former school. Any grades, course credits, and/or promotions received by a student while enrolled in the Division of Youth Services system of education shall be considered transferrable in the same manner as those grades, course credits, and promotions from other accredited Arkansas public educational entities.

Any student transferring from a school that is not accredited by the DESE to a District school shall be evaluated by District staff to determine the student’s appropriate grade placement. A student transferring from home school will be placed in accordance with Policy 4.6-HOME SCHOOLING.

Any person who has been expelled from any other school district shall receive a hearing before the Board at the time the student is seeking enrollment in the District. The Board reserves the right to not allow the enrollment of such students until the time of the person’s expulsion has expired following the hearing before the Board.

Except as otherwise required or permitted by law, the responsibility for transportation of any nonresident student admitted to a school in this District shall be borne by the student or the student’s parents. The District and the resident district may enter into a written agreement with the student or student’s parents to provide transportation to or from the District, or both.

SCHOOL CHOICE

Standard School Choice

Exemption

The District is under an enforceable desegregation court order/court-approved desegregation plan that explicitly limits the transfer of students between school districts and has submitted the appropriate documentation to the Division of Elementary and Secondary Education (DESE). As a result of the desegregation order/desegregation plan, the District is exempt from the provisions of the Public School Choice Act of 2015 (Standard School Choice) and the Arkansas Opportunity Public School Choice Act (Opportunity School Choice). The District shall notify the superintendents of each of its geographically contiguous school districts of its exemption. The exemption prohibits the District from accepting any school choice applications from students wishing to transfer into or out of the District through standard School Choice or Opportunity School Choice.

Definition:
For the purpose of this policy, "sibling" means each of two (2) or more children having a common parent in common by blood, adoption, marriage, or foster care.

School Choice Transfers Out of the District

The District shall date and time stamp all applications for school choice to transfer out of the District as they are received in the District's central office. By July 1, the District shall approve all such applications unless the approval would cause the District to have a net enrollment loss (students transferring out minus those transferring in) of more than three percent (3%) of the average daily membership on October 1 of the immediately preceding year. By December 15 of each year, the DESE shall determine and notify the District of the net number of allowable choice transfers. Students are not counted for the purpose of determining the three percent (3%) cap if the student transfers:
- Through Opportunity School Choice due to the school receiving a rating of “F” or a district classified as in need of Level 5 Intensive Support under A.C.A. 6-18-227;
- Due to the district’s identification of Facilities Distress under A.C.A. 6-21-812; or

If, prior to July 1, the District receives sufficient copies of requests from its students to transfer to other districts to trigger the three percent (3%) cap, it shall notify each parent from which it has received a school choice application and the district the student applied to transfer to that it has tentatively reached the limitation cap. The District will use confirmations of approved choice applications from receiving districts to make a final determination of which applications it received that exceeded the limitation cap and notify each district that was the recipient of an application to that effect. The District shall immediately notify all receiving districts if it should drop back below its three percent (3%) cap prior to July 1.

Any applications for transfer out of the District that are denied due to the three percent (3%) limitation cap shall be given priority for a choice transfer the following year in the order in which the District received the original application.

When the last successful application requesting to transfer out of the District before the District’s three percent (3%) cap was triggered belonged to an individual who was a member of a group of siblings who applied to transfer out of the District, the District shall allow all members of the individual’s sibling group to transfer out of the District even though these applications are beyond the District’s transfer cap.

School Choice Transfers Into the District

Capacity Determination and Public Pronouncement

The Board of Directors will adopt a resolution containing the capacity standards the District will use in determining whether to accept or deny a school choice application from another district's resident student. The resolution will contain the acceptance determination criteria identified by academic program, class, grade level, and individual school. The school is not obligated to add any teachers, other staff, or classrooms to accommodate choice applications. In determining the capacity of the District to accept choice applications, the Board of Directors shall consider the probable, locally generated
growth in student enrollment based on recent District enrollment history.

The District shall advertise in appropriate broadcast media and either print media or on the Internet to inform students and parents in adjoining districts of the range of possible openings available under the School Choice program. The public pronouncements shall state the application deadline, the requirements and procedures for participation in the program, and include contact information for the primary point of contact at the District for school choice questions. Such pronouncements shall be made in the spring, but in no case later than April 1.

Application Process

The student’s parent shall submit a school choice application on a form approved by the ADE to this District along with a copy to the student’s resident district. Except for students who have a parent or guardian who is an active-duty member of the military and who has been transferred to and resides on a military base, the transfer application must be postmarked or hand delivered on or before the May 1 preceding the fall semester the applicant would begin school in the District. The District shall date and time stamp all applications the District receives as both the resident and nonresident district as they are received in the District's central office. Except for applications from students who have a parent or guardian who is an active-duty member of the military and who has been transferred to and resides on a military base, applications postmarked or hand delivered on or after May 2 will not be accepted. Statutorily, preference is required to be given to siblings (as defined in this policy) of students who are already enrolled in the District. Therefore, siblings whose applications fit the capacity standards approved by the Board of Directors may be approved ahead of an otherwise qualified non-sibling applicant who submitted an earlier application as identified by the application's date and time stamp.

Students who have a parent or guardian who is an active-duty member of the military and who has been transferred to and resides on a military base may submit an application and transfer at any time if the student’s application:

1. Is filed with the nonresident school district within fifteen (15) days of the parent’s or guardian’s arrival on the military base;
2. Includes the parent’s or guardian’s military transfer orders; and
3. Includes the parent’s or guardian’s proof of residency on the military base.

The approval of any application for a choice transfer into the District is potentially limited by the applicant's resident district's statutory limitation of losing no more than three percent (3%) of its past year's student enrollment due to choice. As such, any District approval of a choice application prior to August 1 is provisional pending a determination that the resident district's three percent (3%) cap has not been reached. The superintendent shall contact a student’s resident district to determine if the resident district’s three percent (3%) cap has been met.

The Superintendent will consider all properly submitted applications for School Choice. By July 1, the Superintendent shall notify the parent and the student’s resident district, in writing, of the decision to accept or reject the application.

Accepted Applications

Applications which fit within the District's stated capacity standards shall be provisionally accepted, in writing, with the notification letter stating:

- A reasonable timeline by which the student shall enroll in the District by taking the steps detailed in the letter, including submission of all required documents. If the student fails to enroll within the stated timeline, or if all necessary steps to complete the enrollment are not taken, or examination of the documentation indicates the applicant does not meet the District's stated capacity standards, the acceptance shall be null and void.

- Instructions for the renewal procedure for succeeding school years.

Students whose applications have been accepted and who have enrolled in the District, are eligible to continue their enrollment until completing his/her secondary education. Continued enrollment is conditioned upon the student meeting applicable statutory and District policy requirements and the renewal procedure for succeeding school years is followed. Any student who has been accepted under choice and who fails to initially enroll under the timelines and provisions provided in this policy; chooses to return to his/her resident district; or enrolls in a home school or private school voids the transfer and must reapply if, in the future, the student seeks another school choice transfer. A subsequent transfer application will be subject to the capacity standards applicable to the year in which the application is considered by the District.
A present or future sibling, as defined in this policy, of a student who continues enrollment in this District may enroll in the District until the sibling of the transfer student completes his/her secondary education. Applications of siblings of presently enrolled choice students are subject to the provisions of this policy including the capacity standards applicable to the year in which the sibling's application is considered by the District.

Students whose applications have been accepted and who have enrolled in the district shall not be discriminated against on the basis of gender, national origin, race, ethnicity, religion, or disability.

Rejected Applications

The District may reject an application for a transfer into the District under school choice if its acceptance would exceed the capacity standards specified by the Board of Director's resolution. However, the decision to accept or reject an application may not be based on the student’s previous academic achievement, athletic or other extracurricular ability, English proficiency level, or previous disciplinary proceedings other than a current expulsion.

An application may be provisionally rejected if it is for an opening that was included in the District's capacity resolution, but was provisionally filled by an earlier applicant. If the provisionally approved applicant subsequently does not enroll in the District, the provisionally rejected applicant could be provisionally approved and would have to meet the acceptance requirements to be eligible to enroll in the district.

An application may be provisionally rejected if the student’s application was beyond the student’s resident district’s three (3%) cap. The student’s resident district is responsible for notifying this District that it is no longer at its three percent (3%) cap. If a student’s application was provisionally rejected due to the student’s resident district having reached its three percent (3%) cap and the student’s resident district notifies this District that it has dropped below its three percent (3%) cap prior to July 1, then the provisional rejection may be changed to a provisional acceptance and the student would have to meet the acceptance requirements to be eligible to enroll in the District.

Rejection of applications shall be in writing and shall state the reason(s) for the rejection. A student whose application was rejected may request a hearing before the State Board of Education to reconsider the application which must be done, in writing to the State Board within ten (10) days of receiving the rejection letter from the District.

Facilities Distress School Choice Applications

There are a few exceptions from the provisions of the rest of this policy that govern choice transfers triggered by facilities distress. Any student attending a school district that has been identified as being in facilities distress may transfer under the provisions of this policy, but with the following four (4) differences.

- The receiving district cannot be in facilities distress;
- The transfer is only available for the duration of the time the student's resident district remains in facilities distress;
- The student is not required to meet the May 1 application deadline; and
- The student's resident district is responsible for the cost of transporting the student to this District's school.

Opportunity School Choice

Transfers Into or Within the District

For the purposes of this section of the policy, a “lack of capacity” is defined as when the receiving school has reached the maximum student-to-teacher ratio allowed under federal or state law, the DESE Rules for the Standards for Accreditation, or other applicable rules. There is a lack of capacity if, as of the date of the application for Opportunity School Choice, ninety-five percent (95%) or more of the seats at the grade level at the nonresident school are filled.

Unless there is a lack of capacity at the District’s school or the transfer conflicts with the provisions of a federal desegregation order applicable to the District, a student may transfer from the student’s assigned school to another school in the District or from the student’s resident district into the District if:

- Either;
  - The student’s resident district has been classified by the state board as in need of Level 5-intensive support; or
  - The student’s assigned school has a rating of “F”; and
By May 1 of the year before the student intends to transfer, the student’s parent, guardian, or the student if the student is over eighteen (18) years of age has submitted an application of the student’s request to transfer to the:
  o  DESE;
  o  Sending school district; and
  o  Receiving school district.
A student is not required to meet the May 1 application deadline if the student has a parent or guardian who is an active-duty member of the military and who has been transferred to and resides on a military base. The student may transfer at any time if the student’s application:
  a. Is filed with the nonresident school district within fifteen (15) days of the parent’s or guardian’s arrival on the military base;
  b. Includes the parent’s or guardian’s military transfer orders; and
  c. Includes the parent’s or guardian’s proof of residency on the military base.
Within thirty (30) days from receipt of an application from a student seeking admission under this policy section of the policy, the Superintendent shall notify in writing the parent or guardian, or the student if the student is over eighteen (18) years of age, whether the Opportunity School Choice application has been accepted or rejected. The notification shall be sent via First-Class Mail to the address on the application.
If the application is accepted, the notification letter shall state the deadline by which the student must enroll in the receiving school or the transfer will be null and void.
If the District rejects the application, the District shall state in the notification letter the specific reasons for the rejection. A parent or guardian, or the student if the student is over eighteen (18) years of age, may appeal the District’s decision to deny the application to the State Board of Education. The appeal must be in writing to the State Board of Education via certified mail, return receipt requested, no later than ten (10) calendar days, excluding weekends and legal holidays, after the notice of rejection was received from the District.
A student’s transfer under Opportunity School Choice is effective at the beginning of the next school year and the student’s enrollment is irrevocable for the duration of the school year and is renewable until the student completes high school or is beyond the legal age of enrollment. This provision for continuing eligibility under Opportunity Choice does not negate the student’s right to apply for transfer to a district other than the student’s assigned school or resident district under the Standard Choice provisions of this policy.

The District may, but is not obligated to provide transportation to and from the transferring district.

Transfers out of, or within, the District

If a District school receives a rating of “F” or the District has been classified by the State Board as in need of Level 5 Intensive Support the District shall timely notify parents, guardians, or students, if over eighteen (18) years of age, as soon as practicable after the school or district designation is made of all options available under Opportunity Choice. The District shall offer the parent or guardian, or the student if the student is over eighteen (18) years of age, an opportunity to submit an application to enroll the student in a school district that has not been classified by the State Board as in need of Level 5 Intensive Support or in a public school that does not have a rating of “F”.

Additionally, the District shall request public service announcements to be made over the broadcast media and in the print media at such times and in such a manner as to inform parents or guardians of students in adjoining districts of the availability of the program, the application deadline, and the requirements and procedure for nonresident students to participate in the program.

Unsafe School Choice Program

Any student that becomes the victim of a violent criminal offense while in or on the grounds of a District school or who is attending a school classified by DESE as a persistently dangerous public school shall be allowed to attend a safe public school within the District.

Parents or legal guardians desiring to provide a home school for their children must give written notice to the Superintendent of their intent to home school and sign a waiver acknowledging that the State of Arkansas is not liable for the education of their children during the time the parents choose to home school. The notice shall be given:

1. At the beginning of each school year, but no later than August 15;
2. By December 15 for parents who decide to start home schooling at the beginning of the spring semester;
3. Fourteen (14) calendar days prior to withdrawing the child (providing the student is not currently under disciplinary action for violation of any written school policy, including, but not limited to, excessive absences) and at the beginning of each school year thereafter; or
4. Within thirty (30) calendar days of the parent or legal guardian establishing residency within the district during the school year.

Written notice of the parent or legal guardian’s intent to home school shall be delivered to the Superintendent through any of the following methods:

- Electronically, including without limitation by email;
- By mail;
- In person.

The notice shall include:

a. The name, sex, date of birth, grade level, and the name and address of the school last attended, if any;
b. The mailing address and telephone number of the home school;
c. The name of the parent or legal guardian providing the home school;
d. Indicate if the home-school student intends to participate in extracurricular activities during the school year;
e. A statement of whether the home-schooled student plans to seek a high school equivalency diploma during the current school year;
f. A statement if the home-school student plans to seek a driver’s license during the current school year;
g. A statement that the parent or legal guardian agrees that the parent or legal guardian is responsible for the education of their children during the time the parents or legal guardians choose to home school; and
h. A signature of the parent or legal guardian, which must be notarized if the home-schooled student plans to seek a driver’s license during the school year,
i. The basic core curriculum to be offered;
j. The proposed schedule of instruction; and
k. The qualifications of the parent-teacher.

To aid the District in providing a free and appropriate public education to students in need of special education services, the parents or legal guardians home-schooling their children shall provide information which might indicate the need for special education services.
Enrollment or Re-enrollment in Public School

A home schooled student who wishes to enroll or re-enroll in a District school shall submit:

- A transcript listing all courses taken and semester grades from the home school;
- Score of at least the thirtieth percentile on a nationally recognized norm-referenced assessment taken in the past year; and
- A portfolio of indicators of the home-school student’s academic progress, including without limitation:
  - Curricula used in the home school;
  - Tests taken and lessons completed by the home-schooled student; and
  - Other indicators of the home-schooled student’s academic progress.

If a home-schooled student is unable to provide a nationally recognized norm-referenced score, the District may either assess the student using a nationally recognized norm-referenced assessment or waive the requirement for a nationally recognized norm-referenced assessment score.

A home-schooled student who enrolls or re-enrolls in the District will be placed at a grade level and academic course level equivalent to or higher than the home-schooled students’ grade level and academic course level in the home school:

1. As indicated by the documentation submitted by the home-schooled student;
2. By mutual agreement between the public school and the home-schooled student’s parent or legal guardian; or
3. If the home-schooled student fails to provide the documentation required by this policy, with the exception of the nationally recognized norm-referenced assessment score, the District may have sole authority to determine the home-schooled student’s grade placement and course credits. The District will determine the home-school student’s grade placement and course credits in the same manner the District uses when determining grade placement and course credits for students enrolling or re-enrolling in the District who attended another public or private school.

The District shall afford a home-schooled student who enrolls or re-enrolls in a public school the same rights and privileges enjoyed by the District’s other students. The District shall not deny a home-schooled student who enrolls or re-enrolls in the District any of the following on the basis of the student having attended a home school:

- Award of course credits earned in the home school;
- Placement in the proper grade level and promotion to the next grade level;
- Participation in any academic or extracurricular activity;
- Membership in school-sponsored clubs, associations, or organizations;
- A diploma or graduation, so long as the student has enrolled or re-enrolled in the District to attend classes for at least the nine (9) months immediately prior to graduation; or
- Scholarships.

ABSENCES

If any student’s Individual Education Program (IEP) or 504 Plan conflicts with this policy, the requirements of the student’s IEP or 504 Plan take precedence.

Education is more than the grades students receive in their courses. Important as that is, students’ regular attendance at school is essential to their social and cultural development and helps prepare them to accept responsibilities they will face as an adult. Interactions with other students and participation in the instruction within the classroom enrich the learning environment and promote a continuity of instruction which results in higher student achievement.

Absences for students enrolled in digital courses shall be determined by the online attendance and time the student is working on the course rather than the student’s physical presence at school. Students who are scheduled to have a
dedicated period for a digital class shall not be considered absent if the student logs the correct amount of time and completes any required assignments; however, a student who fails to be physically present for an assigned period may be disciplined in accordance with the District’s truancy policy.

**Excused Absences**

Excused absences are those where the student was on official school business or when the absence was due to one of the following reasons and the student brings a written statement to the principal or designee upon his/her return to school from the parent or legal guardian stating such reason. A written statement presented for an absence having occurred more than five (5) school days prior to its presentation will not be accepted.

1. The student’s illness or when attendance could jeopardize the health of other students. A maximum of six (6) such days are allowed per semester unless the condition(s) causing such absences is of a chronic or recurring nature, is medically documented, and approved by the principal.

2. Death or serious illness in their immediate family;

3. Observance of recognized holidays observed by the student's faith;

4. Attendance at an appointment with a government agency;

5. Attendance at a medical appointment;

6. Exceptional circumstances with prior approval of the principal;

7. Participation in an FFA, FHA, or 4-H sanctioned activity;

8. Participation in the election poll workers program for high school students.

9. Absences granted to allow a student to visit his/her parent or legal guardian who is a member of the military and been called to active duty, is on leave from active duty, or has returned from deployment to a combat zone or combat support posting. The number of additional excused absences shall be at the discretion of the superintendent or designee.

10. Absences granted, at the Superintendent's discretion, to seventeen (17) year-old students who join the Arkansas National Guard while in eleventh grade to complete basic combat training between grades eleven (11) and (12).

11. Absences for students excluded from school by the Arkansas Department of Health during a disease outbreak because the student has an immunization waiver or whose immunizations are not up to date.

Students who serve as pages for a member of the General Assembly shall be considered on instructional assignment and shall not be considered absent from school for the day the student is serving as a page.

It is the Arkansas General Assembly’s intention that students having excessive absences be given assistance in obtaining credit for their courses. Excessive absences may, however, be the basis for the denial of course credit, promotion, or graduation.

**Unexcused Absences**

Absences not defined above or not having an accompanying note from the parent; legal guardian; person having lawful control of the student; or person standing in loco parentis, presented in the timeline required by this policy, shall be considered as unexcused absences. Students with six (6) unexcused absences in a course in a semester may not receive credit for that course. At the discretion of the principal after consultation with persons having knowledge of the circumstances of the unexcused absences, the student may be denied promotion or graduation. Excessive absences shall not be a reason for expulsion or dismissal of a student.

When a student has three (3) unexcused absences, his/her parents, legal guardians, persons with lawful control of the student, or persons standing in loco parentis shall be notified. Notification shall be by telephone by the end of the school
day in which such absence occurred or by regular mail with a return address sent no later than the following school day.

Whenever a student exceeds six (6) unexcused absences in a semester, the District shall notify the prosecuting authority and the parent, legal guardian, person having lawful control of the student, or persons standing in loco parentis shall be subject to a civil penalty as prescribed by law.

At any time prior to when a student exceeds the number of unexcused absences permitted by this policy, the student, or his/her parent, legal guardian, person with lawful control of the student, or person standing in loco parentis may petition the school or district’s administration for special arrangements to address the student’s unexcused absences. If formal arrangements are granted, they shall be formalized into a written agreement which will include the conditions of the agreement and the consequences for failing to fulfill the agreement’s requirements. The agreement shall be signed by the student, the student’s parent, legal guardian, person having lawful control of the student; or person standing in loco parentis, and the school or district administrator or designee.

Students who attend in-school suspension shall not be counted absent for those days.

Days missed due to out-of-school suspension or expulsion shall be unexcused absences.

The District shall notify the Department of Finance and Administration whenever a student fourteen (14) years of age or older is no longer in school. The Department of Finance and Administration is required to suspend the former student’s operator’s license unless he/she meets certain requirements specified in the statute.

MAKE-UP WORK

Students who miss school due to an excused absence shall be allowed to make up the work they missed during their absence under the following rules.

1. Students are responsible for asking the teachers of the classes they missed what assignments they need to make up.
2. Teachers are responsible for providing the missed assignments when asked by a returning student.
3. Students are required to ask for their assignments on their first day back at school or their first class day after they return.
4. Make up tests are to be rescheduled at the discretion of the teacher, but must be aligned with the schedule of the missed work to be made up.
5. Students shall have one class day to make-up their work for each class day they are absent.
6. Make up work which is not turned in within the make-up schedule for that assignment shall receive a zero.

7. Students are responsible for turning in their make-up work without the teacher having to ask for it.

8. Students who are absent on the day their make-up work is due must turn in their work the day they return to school whether or not the class for which the work is due meets the day of their return.

9. As required/permitted by the student’s Individual Education Program or 504 Plan.

Work may not be made up for credit for unexcused absences unless the unexcused absences are part of a signed agreement as permitted by policy ABSENCES. Out-of-school suspensions are unexcused absences. Work missed while a student is expelled from school may not be made up for credit, and students shall receive a zero for missed assignments. In lieu of the timeline above, assignments for students who are excluded from school by the Arkansas Department of Health during a disease outbreak are to be made up as set forth in policy 4.5.7-Immunizations.

TARDIES

Promptness is an important character trait that District staff is encouraged to model and help develop in our schools’ students. At the same time, promptness is the responsibility of each student. Students who are late to class show a disregard for both the teacher and their classmates which compromises potential student achievement. Students will be considered tardy if they are not in their classroom when the tardy bell rings. Tardies that become a discipline problem could cause students to lose the privilege to leave early, students could be placed in In-School-Suspension, and Elementary students could miss recess on days they are tardy.

CLOSED CAMPUS

All schools in the District shall operate closed campuses. Students are required to stay on campus from their arrival until dismissal at the end of the regular school day unless given permission to leave the campus by a school official. Students must sign out in the office upon their departure.

EQUAL EDUCATIONAL OPPORTUNITY

No student in the Bradford School District shall, on the grounds of race, color, religion, national origin, sex, sexual orientation, gender identity, age, or disability be excluded from participation in, or denied the benefits of, or subjected to discrimination under any educational program or activity sponsored by the District. The District has a limited open forum granting equal access to the Boy Scouts of America and other youth groups.

The Bradford School District is committed to promoting parental involvement. Our schools will involve parents in the district in the development of policies and the process of school review through the following types of activities: parental involvement group meetings, conducting parent surveys, consultation, scheduled parent meetings, conferences, school improvement meetings.

The center has information on the following topics: Careers, Conflict Resolution, Alcohol and Drugs, Health and Nutrition, Character Building. There is a computer in the parent center if you want to look up information or check your child’s grades. The parent center coordinator, Tabitha Gee, is available to help you locate any information or resources.

STUDENT ORGANIZATIONS / EQUAL ACCESS
Noncurriculum-related secondary school student organizations wishing to conduct meetings on school premises during noninstructional time shall not be denied equal access on the basis of the religious, political, philosophical, or other content of the speech at such meetings. Such meetings must meet the following criteria.
1. The meeting is to be voluntary and student initiated;
2. There is no sponsorship of the meeting by the school, the government, or its agents of employees;
3. The meeting must occur during noninstructional time;
4. Employees or agents of the school are present at religious meetings only in a nonparticipatory capacity;
5. The meeting does not materially and substantially interfere with the orderly conduct of educational activities within the school; and
6. Nonschool persons may not direct, conduct, control, or regularly attend activities of student groups.
All meetings held on school premises must be scheduled and approved by the principal. The school, its agents, and employees retain the authority to maintain order and discipline, to protect the well-being of students and faculty, and to assure that attendance of students at meetings is voluntary.
Fraternities, sororities, and secret societies are forbidden in the District’s schools. Membership to student organizations shall not be by a vote of the organization’s members, nor be restricted by the student’s race, religion, sex, national origin, or other arbitrary criteria. Hazing, as defined by law, is forbidden in connection with initiation into, or affiliation with, any student organization, extracurricular activity or sport program. Students who are convicted of participation in hazing or the failure to report hazing shall be expelled.

A.C.A. 6-5-20 2 requires the automatic expulsion of a student who is convicted of hazing.

PRIVACY OF STUDENT’S RECORDS/DIRECTORY INFORMATION
Except when a court order regarding a student has been presented to the district to the contrary, all students’ educational records are available for inspection and copying by the parents of his/her student who is under the age of eighteen (18). At
the age of eighteen (18), the right to inspect and copy a student’s records transfers to the student. A student’s parent or the student, if over the age of 18, requesting to review the student’s education records will be allowed to do so within no more the forty five (45) days of the request. The district forwards education records, including disciplinary records, to schools that have requested them and in which the student seeks or intends to enroll, or is already enrolled so long as the disclosure is for purposes related to the student’s enrollment or transfer.

The district shall receive written permission before releasing education records to any agency or individual no authorized by law to receive and/or view the education records without prior parental permission. The District shall maintain a record of requests by such agencies or individuals for access to, and each disclosure of, personally identifiable information (“PII”) from the education records of each student. Disclosure of, education records is authorized by law to school officials with legitimate educational interests. A personal record kept by a school staff member is not considered an education if it meets the following tests.

- it is in the sole possession of the individual who made it;
- it is used only as a personal memory aid; and
- information contained in it has never been revealed or made available to any other person, except the maker’s temporary substitute.

For purposes of this policy a school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the school has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

For this policy a school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility, contracted duty, or duty of elected office.

In addition to releasing PII to school officials without permission, the District may disclose PII from the education records of students in foster care placement to the student’s caseworker or to the caseworker’s representative without getting prior consent of the parent (or the student if the student is over 18). For the District to release the students PII without getting permission: the student must be in foster care; the individual to whom the PII will be released must have legal access to the student’s case plan; and the Arkansas Department of Human Services, or a sub-agency of the Department, must be legally responsible for the care and protection of the student.

The District discloses PII from an education record to appropriate parties, including parents, in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the student or other individual’s. The superintendent or designee shall determine who will have access to and the responsibility for disclosing information in emergency situations.

When deciding whether to release PII in a health or safety emergency, the District may take into account the totality of the circumstances pertaining to a threat to the health and safety of the student or individuals. If the District determines that there is an articulable and significant threat to the person whose knowledge of the information is necessary to protect the health and safety of the student or other individuals.

For purposes of this policy, the Bradford School District does not distinguish between a custodial and noncustodial parent, or a non-parent such as a person acting in loco parentis or a foster parent with respect to gaining access to a student’s records. Unless a court order restricting such access has been present to the district to the contrary, the fact of a person’s status as parent or guardian, alone, enables that parent or guardian to review and copy his child’s records.

If there exists a court order which directs that a parent not have access to a student or his records, the parent, guardian, person acting in loco parentis, or an agent of the Department of Human Services must present a file-marked copy of such order to the building principal and the Superintendent. The school will make good-faith efforts to act in accordance with such court order, but the failure to do so does not impose legal liability upon the school. The actual responsibility for enforcement of such court orders rests with the parents or guardians, their attorneys and the court which issued the order.

A parent or guardian does not have the right to remove any material from a student’s records, but such parent or guardian may challenge the accuracy of a record. The right to challenge the accuracy of a record does not include the right to dispute a grade, disciplinary rulings, disability placements, or other such determinations, which must be done only through the appropriate teacher and/or administrator, the decision of whom is final. A challenge to the accuracy of material contained in a student file must be initiated with the building principal, with an appeal available to the Superintendent or his designee. Any appeal above that level will be to an independent hearing officer and must be consistent with the purposes of the federal Family Educational Rights and Privacy Act.

Unless the parent or guardian of a student (or student, if above the age of eighteen (18)) objects, directory information
about a student may be made available to the public. If you do not want your student eighteen years of age or younger to be noted in a Bradford School District directory as defined in this policy, you must notify the school in writing within ten days from the beginning of the school year. (“Directory information” includes a student’s name, address, telephone number, classes in which he/she is enrolled, his/her placement on the honor roll (or the receipt of other types of honors), as well as his/her participation in school clubs and extracurricular activities, among others. If the student participates in inherently public activities (for example, basketball, football, or the interscholastic activities), the publication of such information will be beyond the control of the District. “Directory information” also includes a student identification (ID) number, user ID, or other unique personal identifier used by a student for purposes of accessing or communicating in electronic systems and a student ID number or other unique identifier that is displayed on a student’s ID badge, provided the ID cannot be used to gain access to education records except when in conjunction with one or more factors that authenticated the user’s identity, such as a person identification number (PIN), password or other known or possessed only by the authorized user.

A student’s name and photograph will only be displayed on the district or school web page(s) after receiving the written permission from the student’s parent or student if over the age of 18.

The form for objecting to making directory information available is located in the back of the student handbook and must be completed and signed by the parent or age-eligible student and filed with the building principal’s office no later than (10) days after the beginning of each school year or the date the student is enrolled for school. Failure to file an objection by that time is considered a specific grant of permission. The district is required to continue to honor any signed-opt out form for any student no longer in attendance at the district.

The right to opt out for disclosure of directory information under Family Educational Rights and Privacy Act (FERPA) does not prevent the District from disclosing or requiring a student to disclose the student’s name, identifier, or institutional email address in a class in which the student is enrolled.

Parents and students over the age of 18 who believe the district has failed to comply with the requirements for the lawful release of and student records may file a complaint with the U.S. Department of Education at

STUDENT MEDIA AND THE DISTRIBUTION OF LITERATURE

Student Media:

All student media that are supported financially by the school or by use of school facilities, or are produced in conjunction with a class shall be considered school-sponsored media. School-sponsored media does not provide a forum for public expression. Student media, as well as the content of student expression in school-sponsored activities, shall be subject to the editorial review of the District’s administration whose actions shall be reasonably related to legitimate pedagogical concerns and adhere to the following limitations:

1. Advertising may be accepted for media that does not condone or promote products that are inappropriate for the age and maturity of the audience or that endorses such things as tobacco, alcohol, or drugs.
2. Media may be regulated to prohibit communications determined by the appropriate teacher, student media advisor, and/or administrator; to be ungrammatical; poorly written; inadequately researched; biased or prejudiced; vulgar or profane; or unsuitable for immature audiences.
3. Media may be regulated to prohibit the dissemination of material that may reasonably be perceived to advocate drug or alcohol use; irresponsible sex; or conduct that is otherwise inconsistent with the shared values of a civilized social order; or to associate the school with any position other than neutrality on matters of political controversy.
4. Prohibited media includes those that:
   a. Are obscene as to minors;
   b. Are libelous or slanderous, including material containing defamatory falsehoods about public figures or governmental officials, and made with knowledge of their falsity or a reckless disregard of the truth;
   c. Constitute an unwarranted invasion of privacy as defined by state law;
   d. Suggest or urge the commission of unlawful acts on the school premises;
   e. Suggest or urge the violation of lawful school regulations;
   f. Attacks ethnic, religious, or racial groups; or

Student Distribution of Non-school Literature, Publications, and Materials:

A student or group of students who distribute ten (10) or few copies of the same nonschool literature, publications, or materials (hereinafter “nonschool materials”), shall do so in a time, place, and manner that does not cause a substantial disruption of the orderly education environment. A student or group of students wishing to distribute more than ten (10) copies of nonschool materials shall have school authorities review their nonschool materials at least three (3) days in advance of their desired time of dissemination. School authorities* shall review non-school materials prior to their distribution and will bar from distribution those nonschool materials that are obscene, libelous, pervasively indecent, or advertise unlawful products or services. Material may also be barred from distribution if there is evidence that reasonably supports a forecast that a substantial disruption of the orderly operation of the school or educational environment will likely result from the distribution. Such evidence shall be based on more than unsubstantiated speculation as to what “might” happen or “could result” from the material’s distribution. Material that is merely offensive, unpopular, or that stimulates controversy shall not be barred from distribution. Concerns related to any denial of distribution by the principal shall be heard by the superintendent, whose decision shall be final.

The school principal or designee shall establish reasonable regulations governing the time, place, and manner of student distribution of nonschool materials.

The regulations shall:

1. Be narrowly drawn to promote orderly administration of school activities by preventing disruption and may not be designed to stifle expression;
2. Be uniformly applied to all forms of nonschool materials;
3. Allow no interference with classes or school activities;
4. Specify times, places, and manner where distribution may and may not occur;
5. Not inhibit a person’s right to accept or reject any literature distributed in accordance with the regulations.

6. Students shall be responsible for the removal of excess literature that is left at the distribution point for more than 10 days.

The Superintendent, along with the student media advisors, shall develop administrative regulations for the implementation of this policy. The regulations shall include definitions of terms, timelines for the review of materials, and a delineation of the appeals process in case of disagreement at the campus level.

CONTACT WITH STUDENTS WHILE AT SCHOOL

Contact By Parents
Parents wishing to visit their children during the school day shall register first with the office.

Contact By Non-Custodial Parents
If there is any question concerning the legal custody of the student, the custodial parent shall present documentation to the principal or the principal’s designee establishing the parent’s custody of the student or legal right of visitation. It shall be the responsibility of the custodial parent to make any court ordered “no contact” or other visitation restrictions regarding the non-custodial parent known to the principal by presenting a copy of a file-marked court order. Without such a court order on file, the school will release the child to either his/her parents. Non-custodial parents who file with the principal a date-stamped copy of current court orders granting unsupervised visitation may eat lunch, volunteer in their child’s classroom, or otherwise have contact with their child during school hours and the prior approval of the school’s principal. Such contact is subject to limitations outlined in other policies that may apply.

Arkansas law provides that, in order to avoid continuing child custody controversies from involving school personnel and to avoid disruptions to the educational atmosphere in the District’s schools, the transfer of a child between his/her custodial parent and non-custodial parent, when both parents are present, shall not take place on the school’s property on normal school days during normal hours of school operation. *The custodial or non-custodial parent may send to/drop off the student at school to be sent to/picked up by the other parent on predetermined days in accordance with any court order provided by the custodial parent or by a signed agreement between both the custodial and non-custodial parents that was witnessed by the student’s building principal. *Unless a valid no-contact order has been filed with the student’s principal or the principal’s designee, district employees shall not become involved in disputes concerning whether or not that parent was supposed to pick up the student on any day.

Contact By Law Enforcement, Social Services, or By Court Order
State Law requires that Department of Human Services employees, local law enforcement, or agents of the Crimes Against Children Division of the Division of Arkansas State Police, may interview students without a court order for the purpose of investigating suspected child abuse. In instances where the interviews deem it necessary, they may exercise a “72 hour hold” with first obtaining a court order. Except as provided below, other questioning of students by non-school personnel shall be granted only with a court order directing such questioning, with permission of the parents of a student (or the student if above eighteen (18) years of age), or in response to a subpoena or arrest warrant.

If the District makes a report to any law enforcement agency concerning student misconduct or if access to a student is granted to a law enforcement agency due to a court order, the principal or the principals designee shall make a good faith effort to contact the student’s parent, legal guardian, or other person having lawful control by court order, or person acting in loco parentis on student enrollment forms. The principal or the principal’s designee shall not attempt to make such contact if presented documentation by the investigator that notification is prohibited because a parent, legal guardian, person having lawful control of the student, or person standing in loco parentis is named as an alleged offender of the suspected child maltreatment. This exception applies only to interview requests made by a law enforcement office, an investigator of the Crimes Against Children Division of the Division of Arkansas State Police, or an investigator or employee of the Department of Human Services.
In instances other than those related to cases of suspected child abuse, principals must release a student to either a police officer who presents a subpoena for the student, or a warrant for arrest, or to an agent of the social services with a court order signed by a judge. Upon release of the student, the principal or designee shall give the student’s parent, legal guardian, person having lawful control of the student, or person standing in loco parentis notice that the student has been taken into custody by law enforcement personnel or a social services agency. If the principal or designee is unable to reach the parent, he or she shall make a reasonable, good faith effort to get a message to the parent to call the principal or designee, and leave both a day and an after-hours telephone number.

**Contact by Professional Licensure Standards Board Investigators**

Investigators from the Professional Licensure Standards Board may meet with students during the school day to carry out the investigation of an ethics complaint.

POSSSESSION AND USE OF CELL PHONE AND OTHER ELECTRONIC DEVICES

Students are responsible for conducting themselves in a manner that respects the rights of others. Possession and use of any electronic device, whether district or student owned, that interferes with a positive, orderly classroom environment does not respect the right of others and is expressly forbidden.

To protect the security of statewide assessments, no electronic, device as defined in this policy shall be accessible by a student at any time during assessment administration unless specifically permitted by a student’s individualized education plan (IEP) or individual health plan: this means that when a student is taking an AESAA assessment, the student shall not have his/her electronic device in his/her possession. Any student violating this provision shall be subject to this policy’s disciplinary provisions.

As used in this policy, “electronic devices” means anything that can be used to transmit or capture images, sound, or data. Misuse of electronic devices include, but is not limited to:

(1) Using electronic devices during class time in any manner other than specifically permitted by the classroom instructor;
(2) Permitting any audible sound to come from the device when not being used for #1 reason above;
(3) Engaging in academic dishonesty, including cheating, intentionally plagiarizing, wrongfully giving or receiving help during an academic examination, or wrongfully obtaining test copies or scores;
(4) Using the device to record audio or video or to take photographs in areas where a general expectation of personal privacy exists, including but not limited to locker rooms and bathrooms;
(5) Creating, sending, sharing, viewing, or possessing an indecent visual depiction of oneself or another person.
Use of an electronic device is permitted to the extent it is approved in a student’s IEP or it is needed in an emergency that threatens the safety of students, staff, or other individuals.

Before and after normal school hours, possession of electronic devices is permitted on the school campus. The use of such devices at school sponsored functions outside the regular school day is permitted to the extent and within the limitations allowed by the event or activity the student is attending.

A parent shall obtain approval from the student’s building principal before operating a student-tracking safety device at school or at a school-sponsored event if the device has recording or listen-in capability. The District requires the device’s recording and listen-in technology to be disabled while the device is on the campus or at the school-sponsored event because of student privacy concerns. The District prohibits unauthorized audio or visual recordings or transmission of audio or images of other students. The student’s parent shall agree in writing to the requirement for the device’s recording and listen-in technology to be disabled and that the District may prohibit future use of the device on campus or at a school-sponsored activity if it is determined that the device’s recording or listening-in capabilities were used in violation of this policy before the student safety tracking device may be on campus or at a school-sponsored event.

The student and/or the student’s parents or guardians expressly assume any risk associated with students owning or possessing electronic devices. Student’s misusing electronic devices shall have them confiscated. Confiscated devices may be picked up at the school’s administration office by the student’s parents or guardians. Students have no right of privacy as to the content contained on any electronic devices that have been confiscated. A search of a confiscated device shall meet the reasonable individualized suspicion requirements of Policy 4.32 – SEARCH, SEIZURE, AND INTERROGATIONS.

Students who use a school issued cell phone and/or computers for non-school purposes, except as permitted by the district’s Internet/computer use policy, shall be subject to discipline, up to and including suspension or expulsion. Students are forbidden from using school issued cell phones while driving any vehicle at any time. Violations may result in disciplinary actions up to and including expulsion.

Students who repeatedly have cell phones or electronic devices confiscated shall be subject to disciplinary actions.

No student shall use any wireless communication device for the purposes of browsing the internet; composing or reading emails and text messages; or making or answering phone calls while driving a motor vehicle that is in motion and on school property. Violation may result in disciplinary action up to and including suspension.

STUDENTS WHO ARE FOSTER CHILDREN

The District will afford the same services and education opportunities to foster children that are afforded other children and youth. The District shall work with the Department of Human Services (“DHS”), the Division of Elementary and Secondary Education (DESE), and individuals involved with each foster child to ensure that the foster child is able to maintain his/her continuity of education services to the fullest extent that is practical and reasonable.

The Superintendent or his/her designee shall appoint an appropriate staff person to be the local educational liaison for foster children and youth whose responsibilities shall include ensuring the timely school enrollment of each foster child and assisting foster children who transfer between schools by expediting the transfer between schools by expediting the transfer of relevant educational records.

In such a situation, the District will work with DHS to arrange for transportation to and from school for the foster child to the extent it is reasonable and practical.

Upon notification to the District’s foster care liaison by a foster child’s caseworker that a foster child’s school enrollment is being changed to one of the District’s schools, the school receiving the child must immediately enroll him/her. Immediate enrollment is required even if a child lack the required clothing, academic or medical records, or proof of residency.

A foster child’s grades shall not be lowered due absence from school that is caused by a change in the child’s school enrollment, the child’s attendance at dependency-neglect court proceedings, or other court-ordered counseling or treatment.

Any course work completed by the foster child prior to school enrollment change shall be accepted as academic credit so long as the child has satisfactorily completed the appropriate academic placement assessment.

If a foster child was enrolled in a District’s school immediately prior to completing his/her graduation requirements while detained in a juvenile detention facility or while committed to the Division of Youth Services of DHS, the District shall issue the child a diploma.

Foster Child School Choice

If DHS approves a request from a foster parent, or the foster child if the foster child is eighteen (18) years of age, to transfer to another school in the District or into the district as being in the best interest of the foster child, the District shall allow the foster child to transfer to another school in the District or into the District if the foster parent, or the foster child if the foster child is eighteen (18) years of age, submits a request to transfer on a form approved by DESE that is postmarked by no later than May 1 of the year the student seeks to begin the fall semester at another school in the District or in the District.

By July 1 of the school year in which the student seeks to transfer under this section, the superintendent shall notify the foster parent, or the foster child if the foster child is eighteen (18) years of age, in writing whether the application has been accepted or rejected. If the application is accepted, the superintendent shall state in the notification letter a reasonable
deadline for the foster child to enroll in the new school or the District and that failure to enroll by the date shall void the school choice acceptance. If the application is rejected, the superintendent shall state in the notification letter the reason for the rejection and that the foster parent, or the foster child if the foster child is eighteen (18) years of age, may submit a written appeal of the rejection to the State board within ten (10) days of receiving the notification letter.

The District shall only reject a Foster Child School Choice application if:
1. The public school or District has reached the maximum student-to-teacher ratio allowed under federal law, state law, rules for standards of accreditation, or other applicable rule or regulation; or
2. Approving the transfer would conflict with a provision of an enforceable desegregation court order or a public school district’s court-approved desegregation plan regarding the effects of past racial segregation in student assignment.

A foster child who application is rejected by the District may submit a written request within ten (10) days following the receipt of the rejection letter from the superintendent to the State Board of Education for the State Board to reconsider the transfer.

A Foster Child School Choice transfer shall remain in effect until the foster child:
- Graduates from high school; or
- Transfers to another school or school district under:
  - The Foster Child School Choice Act;
  - Opportunity Public School Choice Act of 2004;
  - The Public School Choice Act of 2015; or
  - Any other law that allows a transfer.

The District shall accept credits toward graduation that were awarded by another public school district.

When a foster child transfers from the foster child’s school of origin to another school in the District or into the District, the foster child or the foster parent is responsible for the foster child’s transportation to and from the school the foster child transferred to. The District and the foster parent, or the foster child if the foster child is eighteen (18) years of age, may enter into a written agreement for the District to provide the transportation to and from the school the foster child transferred to.

PLACEMENT OF MULTIPLE BIRTH SIBLINGS

The parent, guardian or other person having charge or custody of multiple birth siblings in grades pre-K through 6 may request that the multiple birth siblings are placed in either the same or separate classrooms. The request shall be in writing not later than the 14th calendar day prior to the first day of classes at the beginning of the academic year. The school shall honor the request unless it would require the school to add an additional class to the sibling’s grade level. If one parent of multiple birth siblings requests a placement that differs from that of the other parent of the same multiple birth siblings, the school shall determine the appropriate placement of the siblings.

The school may change the classroom placement of one or more of the multiple birth siblings if:
- There have been a minimum of 30 instructional days since the start of the year; and
- After consulting with each classroom teacher in which the siblings were placed, the school determines the parent’s classroom placement request is:
  - Detrimental to the educational achievement of one or more of the siblings;
  - Disruptive to the siblings’ assigned classroom learning environment; and
  - Disruptive to the school’s educational or disciplinary environment.

If a parent believes the school has not followed the requirements of this policy the parent may appeal the multiple birth siblings’ classroom placement to the Superintendent. The Superintendent’s decision regarding the appeal shall be final.

HOMELESS STUDENTS

The Bradford School District will afford the same services and educational opportunities to homeless children as are afforded to non-homeless children. The Superintendent or his/her designee shall appoint an appropriate staff person to be the local educational agency (LEA) liaison for homeless children and youth whose responsibilities shall include, but are not limited to:

- Receive appropriate time and training in order to carry out the duties required by law and this policy; coordinate and collaborate with the State Coordinator, community, and school personnel responsible for education and related services to homeless children and youths;
- Ensure that school personnel receive professional development and other support regarding their duties and responsibilities for homeless youths;
- Ensure that unaccompanied homeless youths:
  - Are enrolled in school;
  - Have opportunities to meet the same challenging State academic standards as other children and youths; and
  - Are informed of their status as independent students under the Higher Education Act of 1965 and that they may obtain assistance from the LEA liaison to receive verification of such status for purposes of the Free Application for Federal Student Aid;
- Ensure that public notice of the educational rights of the homeless children and youths is disseminated in locations frequented by parents or guardians of such youth, and unaccompanied homeless youths, including schools, shelters, public libraries, and soup kitchens, in a manner and form that is easily understandable.

To the extent possible, the LEA liaison and the building principal shall work together to ensure no homeless child or youth is harmed due to conflicts with District policies solely because of the homeless child or youth’s living situation; this is especially true for District policies governing fees, fines, and absences.

Notwithstanding Policy 4.1, homeless students living in the district are entitled to enroll in the district’s school that non-homeless students who live in the same attendance area are eligible to attend. If there is a question concerning the enrollment of a homeless child due to a conflict with Policy 4.1 or 4.2, the child shall be immediately admitted to the school in which enrollment is sought pending resolution of the dispute, including all appeals. It is the responsibility of the District’s LEA liaison for homeless children and youth to carry out the dispute resolution process.

For the purposes of this policy “school of origin” means:
- The school that a child or youth attended when permanently housed or the school in which the child or youth was last enrolled, including a preschool; and
- The designated receiving school at the next grade level for all feeder schools when the child completes the final grade provided by the school of origin.

The District shall do one of the following according to what is in the best interests of a homeless child:

1. Continue the child’s or youth’s education in the school of origin for the duration of homelessness;
   - In any case in which a family becomes homeless between academic years or during an academic year; and
   - For the remainder of the academic year, if the child or youth becomes permanently housed during an academic year; or

2. Enroll the child or youth in any public school that nonhomeless students who live in the attendance area in which the child or youth is actually living are eligible to attend.

In determining the best of the child or youth, the District shall:

- Presume that keeping the child or youth in the school of origin is in the child’s or youth’s best interest, except when doing so is contrary to the request of the child’s or youth’s parent or guardian, or (in the case of an unaccompanied youth) the youth;
- Consider student-centered factors related to the child’s or youth’s best interest, including factors related to the impact of mobility on achievement, education, health, and safety of homeless children and youth, giving priority to the request of the child’s or youth’s parent or guardian or (in the case of an unaccompanied youth) the youth.
If the District determines that it is not the child’s or youth’s best interest to attend the school of origin or the school requested by the parent or guardian, or (in the case of an unaccompanied youth) the youth, the District shall provide the child’s or youth’s parent or guardian or the unaccompanied youth with a written explanation of the reasons for its determination, in a manner and form understandable to such parent, guardian, or unaccompanied youth, including information regarding the right to appeal. For an unaccompanied youth, the District shall ensure that the LEA liaison assists in placement or enrollment decisions, gives priority to the views of such unaccompanied youth, and provides notice to such youth of the right to appeal.

The homeless child or youth must be immediately enrolled in the selected school regardless of whether application or enrollment deadlines were missed during the period of homelessness.

The District shall be responsible for providing transportation for a homeless child, at the request of the parent or guardian (or in the case of an unaccompanied youth, the LEA Liaison), to and from the child’s school of origin.

For the purposes of this policy, students shall be considered homeless if they lack a fixed, regular, and adequate nighttime residence and

A. Are:
   - Sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason;
   - Living in motels, hotels, trailer parks, or camping grounds due to lack of alternative adequate accommodations;
   - Living in emergency or transitional shelters;
   - Abandoned in hospitals;
B. Have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings;
C. Are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and includes
D. Are migratory children who are living in circumstances described in clauses (a) through (c).

In accordance with Federal law, information on a homeless child or youth’s living situation is part of the student’s education record and shall not be considered, or added, to the list of directory information in Policy 4.13.

**CONDUCT TO AND FROM SCHOOL**

The District’s Student Code of conduct applies to students while traveling to and from school or to and from a school activity to the same extent as if the students were on school grounds. Appropriate disciplinary actions may be taken against commuting students who violate the District’s Student Code of Conduct.

The preceding paragraph also applies to student conduct while on school buses. Students shall be instructed on safe riding
practices. The driver of a school bus shall not operate the school bus until every passenger is seated. In addition to other disciplinary measures provided for violations of the District’s Student Code of Conduct, the student’s transportation privileges may be suspended or terminated for violations of the Student Code of Conduct related to bus behavior.

The transportation to and from school of students who have lost their bus transportation privileges is the responsibility of the student’s parent or guardian.

See STUDENT DISCIPLINE for possible consequences.

DISRUPTION OF SCHOOL

No student shall by the use of violence, force, noise, coercion, threat, intimidation, fear, passive resistance, or any other conduct, intentionally cause the disruption of any lawful mission, process, or function of the school, or engage in any such conduct for the purpose of causing disruption or obstruction of any lawful mission, process, or function. Nor shall any student encourage any other student to engage in such activities.

Disorderly activities by any student or group of students that adversely affect the school’s orderly educational environment shall not be tolerated at any time on school grounds. Teachers may remove from class and send to the principal’s or principal designee’s office a student whose behavior is so unruly, disruptive, or abusive that it seriously interferes with the teacher’s ability to teach the students, the class, or with the ability of the student's classmates to learn. Students who refuse to leave the classroom voluntarily will be escorted from the classroom by the school administration.

See STUDENT DISCIPLINE for possible consequences.

STUDENT ASSAULT OR BATTERY

A student shall not threaten, physically abuse, or attempt to physically abuse, or behave in such a way as to be perceived to threaten bodily harm to any other person (student, school employee, or school visitor). Any gestures, vulgar, abusive or insulting language, taunting, threatening, harassing, or intimidating remarks by a student toward another person that threatens their well-being is strictly forbidden. This includes, but is not limited to, fighting, racial, ethnic, religious, or sexual slurs.

Furthermore, it is unlawful, during regular school hours, and in a place where a public school employee is required to be in the course of his or her duties, for any person to address a public school employee using language which, in its common acceptation, is calculated to:

a. Cause a breach of the peace;
b. Materially and substantially interfere with the operation of the school; or
c. Arouse the person to whom it is addressed to anger, to the extent likely to cause imminent retaliation.

Students guilty of such an offense may be subject to legal proceedings in addition to any student disciplinary measures. See Student Discipline for possible consequences.

- In a school building;
- On or about school property;
- At any school sponsored activity or event;
- On route to or from school or any school sponsored activity; or
- Off the school grounds at any school bus stop.

If a student discovers prior to any questioning or search by any school personnel that he/she has accidentally brought a weapon, other than a firearm, to school on his/her person, in a book bag/purse, or in his/her vehicle on school grounds, and the student informs the principal or staff person to school immediately, the student will not be considered to be in possession of a weapon, unless it is a firearm. The weapon will be confiscated and held in the office until such time as the student’s parents or legal guardian shall pick up the weapon from the school office. Repeated offenses are unacceptable and shall be grounds for disciplinary action against the student as otherwise provided in this policy.

Except as permitted in this policy, students found to be possession on the school campus of a firearm or other weapon shall be expelled for a period of one (1) year. The Superintendent shall have the discretion to modify such expulsion recommendation for a student on a case-by-case basis. Parents or legal guardians shall sign a statement acknowledging that they have read and understand said laws prior to readmitting the student. The designated employee shall store the firearms in a secure location until they are removed for use in the approved activity.

The district shall report any student who brings a firearm to school to the criminal justice system or juvenile delinquency system by notifying local law enforcement.

DRUGS AND ALCOHOL

An orderly and safe school environment that is conducive to promoting student achievement requires a student population free from the deleterious effects of alcohol and drugs. Their use is illegal, disruptive to the educational environment, and diminishes the capacity of students to learn and function properly in our schools.

Therefore, no student in the Bradford School District shall possess, attempt to possess, consume, use, distribute, sell, buy, attempt to sell, attempt to buy, give to any person, or be under the influence of any substance as defined in this policy.

This policy applies to any student who; is on or about property; is in attendance at school or any school sponsored activity; has left the school campus for any reason and returns to the campus; is en route to or from school or any school sponsored activity.

STUDENT DRESS AND GROOMING

The Bradford Board of Education recognizes that dress can be a matter of personal taste and preference. At the same time, the District has a responsibility to promote an environment conducive to student learning. This requires limitations to student dress and grooming that could be disruptive to the educational process because they are immodest, disruptive, unsanitary, unsafe, could cause property damage, or are offensive to common standards of decency.

Students are prohibited from wearing, while on the school grounds during the school day and at school sponsored events clothing that exposes underwear, buttocks, or the breast of a female. This prohibition does not apply, however to a costume or a uniform worn by a student while participating in a school sponsored activity or event.
The Superintendent shall establish student dress codes for the District’s schools to be included in the student handbook, and are consistent with the above criteria.

K-4 Grades: Students in grades K-3 may wear shorts. All summer clothing for grades K-4 shall be no more than 3 inches from the top of the knee (shorts, skirts, culottes, jams) which include both boys and girls. No tank tops, mesh tops, spandex, or midriffs neither shall vulgar or suggestive messages be allowed. No caps or hats allowed at school unless they are part of a school uniform and they are to be worn only when participating in that school activity. (e.g. Caps may be worn during baseball games or practice.)

5th-12th Grades: NO slit skirts; hot pants; tank tops; string tops; mesh tops; spandex; midriffs showing or visible undergarments; holes or slits in clothing from the bottom of the knee up; no sagging of pants and no shirts with sleeves cut off unless an undershirt is worn under it; mini-skirts shorter than 3 inches from the top of the knee; pajamas; clothing displaying slogans or advertising beer, tobacco products or other controlled substance, obscene language or bandannas; also, no caps or hats allowed at school unless they are part of a school uniform and they are to be worn only when participating in that school activity. (e.g. Caps may be worn during baseball games or practice.)

Shorts may be worn if they meet the following criteria:
1. Shorts must be no more than 3 inches from the top of the knee.
2. If cutoffs are worn they must be hemmed.
3. The administration will have the authority to stop the wearing of shorts at any given point if the student body, collectively or as individuals, do not follow the dress code policy for shorts on a daily basis.

Violations of the dress code policy will be handled in the following manner:
1st offense .... The student will be sent home to change or school officials will provide them something to wear.
2nd offense...In-School-Suspension
3rd offense....Suspension from school

GANGS AND GANG ACTIVITY

The Board is committed to ensuring a safe school environment conducive to promoting a learning environment where students and staff can excel. An orderly environment cannot exist where unlawful acts occur causing fear, intimidation, or physical harm to students or school staff. Gangs and their activities create such an atmosphere and shall not be allowed on school grounds or at school functions.

The following actions are prohibited by students on school property or at school functions:
1. Wearing or possessing any clothing, bandannas, jewelry, symbol, or other sign associated with membership in, or representing of, any gang;
2. Engaging in any verbal or nonverbal act such as throwing signs, gestures, or handshakes representative of membership in any gang;

4. Extorting payment from any individual in return for protection from harm from any gang.

Students found to be in violation of this policy shall be subject to disciplinary action up to and including expulsion.

Students arrested for gang related activities occurring off school grounds shall be subject to the same disciplinary actions as if they had occurred on school grounds.

See STUDENT DISCIPLINE for possible consequences.

STUDENT SEXUAL HARASSMENT

The Bradford School District is committed to providing an academic environment that treats all students with respect and dignity. Student achievement is best attained in an atmosphere of equal educational opportunity that is
free of discrimination. Sexual harassment is a form of discrimination that undermines the integrity of the educational environment and will not be tolerated.

The District believes the best policy to create an educational environment free from sexual harassment is prevention. Upon request, the District shall provide informational materials and training to students, parents/legal guardians/other responsible adults, and employees on sexual harassment. The informational materials and training on sexual harassment shall be age appropriate and, when necessary, provided in a language other than English or in an accessible format. The informational materials and training shall include, but are not limited to: the nature of sexual harassment; the District’s written grievance procedures for complaints of sexual harassment; that the district does not tolerate sexual harassment; that students can report inappropriate behavior of a sexual nature without fear of adverse consequences; the redress that is available to the victim of sexual harassment; and the potential discipline for perpetrating sexual harassment.

“Sexual harassment” means conduct that is:

1. Of a sexual nature, including, but not limited to:
   a. Sexual advances;
   b. Requests for sexual favors;
   c. Sexual violence; or
   d. Other personally offensive verbal, visual, or physical conduct of a sexual nature;

2. Unwelcome; and
3. Denies or limits a student’s ability to participate in or benefit from any of the District’s educational programs or activities through any or all of the following methods:
   a. Submission to the conduct is made, either explicitly or implicitly, a term or condition of an individual’s education;
   b. Submission to, or rejection of, such conduct by an individual is used as the basis for academic decisions affecting that individual; and/or
   c. Such conduct has the purpose or effect of substantially interfering with an individual’s academic performance or creates an intimidating, hostile, or offensive academic environment.

The terms “intimidating,” “hostile,” and “offensive” include conduct of a sexual nature that has the effect of humiliation or embarrassment and is sufficiently severe, persistent, or pervasive that it limits the student’s ability to participate in, or benefit from, an educational program or activity.

Within the educational environment, sexual harassment is prohibited between any of the following: students; employees and students; and non-employees and students.

Actionable sexual harassment is generally established when an individual is exposed to a pattern of objectionable behaviors or when a single, serious act is committed. What is, or is not, sexual harassment will depend upon all of the surrounding circumstances and may occur regardless of the sex(es) of the individuals involved. Depending upon such circumstances, examples of sexual harassment include, but are not limited to:

- Making sexual propositions or pressuring for sexual activities;
- Unwelcome touching;
- Writing graffiti of a sexual nature;
- Displaying or distributing sexually explicit drawings, pictures, or written materials;
- Performing sexual gestures or touching oneself sexually in front of others;
- Telling sexual or crude jokes;
- Spreading rumors related to a person’s alleged sexual activities;
- Discussions of sexual experiences;
- Rating other students as to sexual activity or performance;
- Circulating or showing e-mails or Web sites of a sexual nature;
- Intimidation by words, actions, insults, or name calling; and
- Teasing or name-calling related to sexual characteristics or the belief or perception that an individual is not conforming to expected gender roles or conduct or is homosexual, regardless of whether or not the student self-identifies as homosexual or transgender.
Students who believe they have been subjected to sexual harassment, or the parent/legal guardian/other responsible adult of a student who believes their student has been subjected to sexual harassment, are encouraged to file a complaint by contacting a counselor, teacher, Title IX coordinator, or administrator who will provide assistance on the complaint process. Under no circumstances shall a student be required to first report allegations of sexual harassment to a school contact person if that person is the individual who is accused of the harassment.

Complaints will be treated in a confidential manner to the extent possible. Limited disclosure may be provided to: individuals who are responsible for handling the District’s investigation to the extent necessary to complete a thorough investigation; the extent necessary to submit a report to the child maltreatment hotline; the Professional Licensure Standards Board for complaints alleging sexual harassment by an employee towards a student; or the extent necessary to provide the individual accused in the complaint due process during the investigation and disciplinary processes. Individuals who file a complaint have the right to request that the individual accused of sexual harassment not be informed of the name of the accuser; however, individuals should be aware that making such a request may substantially limit the District’s ability to investigate the complaint and may make it impossible for the District to discipline the accused.3

Students, or the parents/legal guardians/other responsible adult of a student, who file a complaint of sexual harassment shall not be subjected to retaliation or reprisal in any form, including threats, intimidation, coercion, or discrimination. The District shall take steps to prevent retaliation and shall take immediate action if any form of retaliation occurs regardless of whether the retaliatory acts are by District officials, students, or third parties.

Following the completion of an investigation of a complaint, the District will inform the parents/legal guardian/other responsible adult of the student, or the student if over the age of eighteen (18), who filed the complaint:

- The final determination of the investigation;
- Remedies the District will make available to the student; and
- The sanctions, if any, imposed on the alleged harasser relevant to the student.

Following the completion of an investigation of a complaint, the District will inform the parents/legal guardian/other responsible adult of the student, or the student if over the age of eighteen (18), who was accused of sexual harassment in the complaint:

- The final determination of the investigation; and
- The sanctions, if any, the District intends to impose on the student.

It shall be a violation of this policy for any student to be subjected to, or to subject another person to, sexual harassment. Following an investigation, any student who is found by the evidence to more likely than not have engaged in sexual harassment will be subject to disciplinary action up to, and including, expulsion.

Students who knowingly fabricate allegations of sexual harassment shall be subject to disciplinary action up to and including expulsion.

Individuals who withhold information, purposely provide inaccurate facts, or otherwise hinder an investigation of sexual harassment shall be subject to disciplinary action up to and including expulsion.

Students who believe they have been subjected to sexual harassment, or parents of a student who believes their child has been subjected to sexual harassment, are encouraged to file a complaint by contacting Sarah Burkett at (501)344-2707 or sburkett@bradford.k12.ar.us. A counselor, teacher, Title IX coordinator, or administrator may assist in the complaint process. Once a report is received by the District, the Bradford School District grievance procedure will be followed. Under no circumstances shall a student be required to first report allegations of sexual harassment to a school contact person if that person is the individual who is accused of the harassment.

USE OF COPYRIGHTED MATERIALS

Use of Copyrighted Work in Face-to-Face Classroom

The Board of Education encourages the enrichment of the instructional program through the proper use of supplementary materials. To help ensure the appropriate use of copyrighted materials, the Superintendent, or his designee, will provide district personnel with information regarding the “fair use” doctrine of the U.S. Copyright Code as detailed in the “Agreement on Guidelines for Classroom Copying in Not-for-Profit Educational Institutions with Respect to Books and Periodicals” and “Guidelines for Educational Uses of Music.”

Use of Copyrighted Works in Digital Transmissions

Definitions

“Class session” means the length of time provided for students to access the materials necessary for the completion of course assignments and tests. Depending on the copyrighted work's overall importance to the course, which can vary from a single assignment to an entire course focusing on the copyrighted work, the class session will end on:

- The date set by the teacher for an assignment to be submitted; or
- The date on the school calendar for the end of classes.

“Course packs” are premade compilations of book excerpts; newspaper, magazine, and journal articles; and instructor-authored materials.

"Mediated Instructional activities” includes textbooks, workbooks, and course packs.

“Transmission” is the remote accessing, whether on or off campus, by students of a copyrighted work by means of a closed circuit television, an educational television channel, or in a digital format on a password protected secure webpage.

The District recognizes that advances in technology have resulted in the need for guidelines for the use of copyrighted materials that are transmitted to students through a digital network. While the requirements to use a copyrighted work in a digital transmission have many similarities to those required to use a copyrighted work in a face-to-face classroom, Federal law places several additional requirements on the District’s teachers, IT staff, and librarians for the use of a digitally transmitted copyrighted work. The District is dedicated to providing the tools necessary for teachers, IT staff, and librarians to meet these additional Federal requirements.

The District shall make sure the server where materials are stored is secured, whether the server is located locally or remotely.

The District’s Informational Technologies staff shall develop the proper protocols and train teachers on their use in order to ensure:

1. The transmission of the copyrighted work is limited to only the students enrolled in the course:
   - Each student shall have a unique ID and password for accessing digital courses/materials; or
   - Each course shall have a unique password to access course materials; and
   - The password to access the course materials shall be changed immediately following the close of the course.
2. To prevent students from retaining or further disseminating the copyrighted work for more than one class session;
The print function will be disabled;
- A transparency shall be placed over any literary work, sheet music, or photograph;
- Audio and video transmissions will be set to be streamed; and
- The link to the webpage with a copyrighted work shall be deactivated at the end of the applicable class session.

Teachers who wish to provide copyrighted works to students through a digital transmission as part of a digital course as well as teachers wishing to supplement a face-to-face classroom course with a digital transmission must meet applicable copyright statutes and policy 5.11—DIGITAL LEARNING COURSES as well as the following requirements in order to use a copyrighted work:

A. The use of the copyrighted work(s), whether in whole or in part, must be a part of regular classroom instruction and must be directly related and of material assistance to the course content;

B. The extent of a copyrighted work that is used must comply with one or more of the following criteria:
   - The entirety of a non-dramatic literary or musical work may be used. A non-dramatic literary work includes poems and short stories. A non-dramatic musical work covers all music that is not part of an opera or musical and does not cover the use of the music video format of a song.
   - Dramatic literary and musical works as well as videos may only be used in limited portions. Dramatic literary and musical works may only be used in the same amount as set forth in the requirements for a face-to-face classroom while videos, including music videos, may only have the portion used that is directly related to the subject of the class session and may not be transmitted in their entirety.
   - Still images or slides that a teacher would have used in the ordinary course of a face-to-face classroom session on a projector or a transparency may be used in a transmission.
   - Works primarily produced or marketed for use in the digital education market may not be transmitted.
   - Works the teacher had knowledge or reasonably believes to be unlawfully made or acquired may not be used.
   - Mediated Instructional activities may not be transmitted.

C. A statement that works may be subject to copyright shall be placed in at least one of the following areas to provide notice to students of copyright status:
   - Course syllabus;
   - Home webpage for the course;
   - Webpage for the particular class session; and/or
   - Webpage with the copyrighted work.

The teacher and the District librarian shall work together when making digital copies of copyrighted work from physical or analog versions and shall fulfill the following requirements:
I. The amount converted is only the amount allowed by law; and
II. The District has no digital copy of the copyrighted work available; or
III. The District’s digital copy of the copyrighted work that is available has technological protections that prevent the use of the copyrighted work in the manner prescribed by law.

The District will not be responsible for any employee violations of the use of copyrighted materials.

DIGITAL LEARNING COURSES

Definitions
For the purposes of this policy
“Blended Learning” is education in which instruction and content are delivered through supervised instruction in a classroom and online delivery of instruction with some element of student control over time, place, path, or pace.

“Digital Learning” means a digital technology or internet-based educational delivery model that does not rely exclusively on compressed interactive video (CIV). Digital learning includes online and blended learning.

"Instructional Materials” means:
1. Traditional books, textbooks, and trade books in printed and bound form;
2. Activity-oriented programs that may include:
a. Manipulatives;
b. Hand-held calculators;
c. Other hands-on materials; and
3. Technology-based materials that require the use of electronic equipment in order to be used in the learning process.

“Online Learning” is education in which instruction and content are delivered primarily over the Internet. The term does not include print-based correspondence education, broadcast television or radio, videocassettes, compact disks and stand-alone educational software programs that do not have a significant Internet-based instructional component.

“Public School Student Accessing Courses at a Distance” means a student who is scheduled for a full course load through the District and attends all classes virtually.

**Digital Course Offerings**
The District shall offer one or more digital learning course(s) through one or more District approved provider(s) as either a primary or supplementary method of instruction. The courses may be in a blended learning, online-based, or other technology-based format and shall be tailored to meet the needs of each student.

All digitally offered courses shall meet or exceed the State Board of Education's curriculum standards and requirements and be capable of being assessed and measured through standardized or local assessments. Additionally, the District shall ensure there is sufficient infrastructure to handle and facilitate a quality digital learning environment.

As an approved digital learning provider, the District shall annually determine what District created digital learning courses it will provide to our students. The District may also choose to provide digital learning courses by contracting with outside providers of such courses, who have been pre-approved by the Arkansas Department of Education (ADE). The School Board shall determine the provider method or combination of methods for the District. The Superintendent shall ensure that all digital learning courses provided to District students, regardless of the source of the course, have been approved by ADE.

District created digital courses and any digital courses the district purchases from outside providers shall adhere to the guidelines for the use of digitally transmitted copyrighted materials set forth in Policy 5.8-USE OF COPYRIGHTED MATERIALS as well as applicable statutory requirements.

The District shall require all outside providers to incorporate Policy 5.8 as a condition of the service contract. Failure of the outside provider to abide by Policy 5.8 shall constitute a breach of contract and the outside provider shall be responsible for any costs resulting from such breach.

A student may elect to take any or all of his/her scheduled courses digitally. The student’s attendance in his/her digital course(s) shall be determined by the online attendance and time the student is working on the course rather than the student’s physical presence at school.

The District is responsible for providing all instructional materials for each student who enrolls in a District approved digital learning course.

Regardless of any other provisions of this policy, the District may restrict a student's access to digital courses when the student's school principal determines the student’s participation in such a course would not be academically appropriate based on the student's past performance in digital courses. Furthermore, the student's school principal may revoke a student's eligibility to continue taking a digital learning course if the student's performance during the semester indicates the student is not succeeding in the course.

ADE RULES GOVERNING DISTANCE AND DIGITAL LEARNING
INTERNET SAFETY and ELECTRONIC DEVICE

Definition
For the purposes of this policy, "electronic device" means anything that can be used to transmit or capture images, sound, or data.

The District makes electronic device(s) and/or electronic device Internet access available to students, to permit students to perform research and to allow students to learn how to use electronic device technology. Use of district electronic devices is for educational and/or instructional purposes only. Student use of electronic device(s) shall only be as directed or assigned by staff or teachers; students are advised that they enjoy no expectation of privacy in any aspect of their electronic device use, including email, and that monitoring of student electronic device use is continuous.

No student will be granted Internet access until and unless an Internet and electronic device use agreement, signed by both the student and the parent or legal guardian (if the student is under the age of eighteen [18]) is on file. The current version of the Internet and electronic device use agreement is incorporated by reference into board policy and is considered part of the student handbook.

Technology Protection Measures
The District is dedicated to protecting students from materials on the Internet or world wide web that are inappropriate, obscene, or otherwise harmful to minors; therefore, it is the policy of the District to protect each electronic device with Internet filtering software that is designed to prevent students from accessing such materials. For purposes of this policy, “harmful to minors” means any picture, image, graphic image file, or other visual depiction that:
(A) taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion;
(B) depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals; and
(C) taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.

Internet Use and Safety
The District is dedicated to ensuring that students are capable of using the Internet in a safe and responsible manner. The District uses technology protection measures to aid in student safety and shall also educate students on appropriate online behavior and Internet use including, but not limited to:
- interacting with other individuals on social networking websites and in chat rooms;
- Cyberbullying awareness; and
- Cyberbullying response.

Misuse of Internet
The opportunity to use the District’s technology to access the Internet is a privilege and not a right. Students who misuse electronic devices or Internet access in any way will face disciplinary action, as specified in the student handbook and/or Internet safety and electronic device use agreement. Misuse of the Internet includes:
- The disabling or bypassing of security procedures, compromising, attempting to compromise, or defeating the district’s technology network security or Internet filtering software;
- The altering of data without authorization;
- Disclosing, using, or disseminating passwords, whether the passwords are the student’s own or those of another student/faculty/community member, to other students;
- Divulging personally identifying information about himself/herself or anyone else either on the Internet or in an email unless it is a necessary and integral part of the student's academic endeavor. Personally identifying information includes full names, addresses, and phone numbers.
- Using electronic devices for any illegal activity, including electronic device hacking and copyright or intellectual property law violations;
- Using electronic devices to access or create sexually explicit or pornographic text or graphics;
- Using electronic devices to violate any other policy or is contrary to the Internet safety and electronic device use agreement.
STUDENT DISCIPLINE

The Bradford Board of Education has a responsibility to protect the health, safety, and welfare of the District’s students and employees. To help maintain a safe environment conducive to high student achievement, the Board established policies necessary to regulate student behavior to promote an orderly school environment that is respectful of the rights of others and ensures the uniform enforcement of student discipline. Students are responsible for their conduct that occurs:

- At any time on the school grounds;
- Off school grounds at a school sponsored function, activity, or event; and
- Going to and from school or a school activity.

The District’s administrators may also take disciplinary action against a student for off-campus conduct occurring at any time that would have a detrimental impact on school discipline, the educational environment, or the welfare of the students and/or staff. A student who has committed a criminal act while off campus and whose presence on campus could cause a substantial disruption to school or endanger the welfare of other students or staff is subject to disciplinary action up to and including expulsion. Such acts could include, but are not limited to a felony or an act that would be considered a felony if committed by an adult, an assault or battery, drug law violations, or sexual misconduct of a serious nature. Any disciplinary action pursued by the District shall be in accordance with the student’s appropriate due process rights.

Discipline action may involve any of the following: parent notification, parent conference, suspension from class, suspension from school, in school suspension, suspension from riding the bus, corporal punishment, after school detention, alternative school, Saturday school, or expulsion unless other discipline actions are listed, with parent notification being the minimum and expulsion being the maximum, unless otherwise indicated. Parents will be notified immediately upon their child being suspended from school. The school will try to phone or email the parent immediately. If the parent cannot be notified by phone or email they shall be notified by mail.

The Bradford School District reserves the right to punish behavior which is not conducive to good order and discipline in the schools, even though such behavior is not specified in the preceding written rules.

The District’s Handbook policy committee shall review the student discipline policies annually and may recommend changes in the policies to the Bradford School Board. The Board shall approve any changes to student discipline policies.

The District’s student discipline policies shall be distributed to each student during the first week of school each year and to new students upon their enrollment. Each student’s parent, legal guardian, person having lawful control of the student, or person standing in loco parentis shall sign and return to the school an acknowledgement form documenting that they have received the policies.

The District shall develop and provide programs, measures, or alternative means and methods for continued student engagement and educational access during periods of suspension or expulsion.

The superintendent is authorized to modify the penalties set forth in the District’s student discipline policies on a case-by-case basis.

It is required by law that the principal or the person in charge report to the police any incidents that person has personal knowledge of or has received information leading to a reasonable belief that a person has committed or threatened to commit an act of violence or any crime involving a deadly weapon on school property or while under school supervision. If the person making the report is not the Superintendent, that person shall also inform the Superintendent of the incident. Additionally, the principal shall inform any school enforcement agency. The Superintendent or designee shall inform the Board of Directors of any such report make to law enforcement.

The superintendent shall make a report annually to the Board of Directors on student discipline data, which shall include, without limitation: the number of incidents of bullying reported and the actions taken regarding the reported incidents of bullying.

SUSPENSION FROM SCHOOL

Students who are not present at school cannot benefit from the educational opportunities the school environment affords. Administrators, therefore, shall strive to find ways to keep students in school as participants in the educational process. There are instances, however, when the needs of the other students or the interests of the orderly learning environment require the removal of a student from school. The Board authorizes school principals or their designees to suspend students for disciplinary reasons for a period of time not to exceed ten (10) school days,6 including the day upon which the suspension is imposed. The suspension may be in school or out of school. Students are responsible for their conduct that occurs:

- At any time on the school grounds;
- Off school grounds at a school-sponsored function, activity, or event;
- Going to and from school or a school activity.

A student may be suspended for behavior including, but not limited to that which:

1. Is in violation of school policies, rules, or regulations;
2. Substantially interferes with the safe and orderly educational environment;
3. School administrators believe will result in the substantial interference with the safe and orderly educational environment; and/or
4. Is insubordinate, incorrigible, violent, or involves moral turpitude.

Out-of-school suspension (OSS) shall not be used to discipline a student in kindergarten through fifth (5th) grade unless the student’s behavior:

- Poses a physical risk to himself or herself or to others;
- Causes a serious disruption that cannot be addressed through other means; or
- Is the act of bringing a firearm on school campus.

OSS shall not be used to discipline a student for skipping class, excessive absences, or other forms of truancy.

The school principal or designee shall proceed as follows in deciding whether or not to suspend a student:

a. The student shall be given written notice or advised orally of the charges against him/her;

b. If the student denies the charges, he/she shall be given an explanation of the evidence against him/her and be allowed to present his/her version of the facts; and

c. If the principal finds the student guilty of the misconduct, he/she may be suspended.

When possible, notice of the suspension, its duration, and any stipulations for the student’s re-admittance to class will be given to the parent(s), legal guardian(s), person(s) with lawful control of the student, person(s) standing in loco parentis, or to the student if age eighteen (18) or older prior to the suspension. Such notice shall be handed to the parent(s), legal guardian(s), person(s) having lawful control of the student, person(s) standing in loco parentis or to the student if age eighteen (18) or older or mailed to the last address reflected in the records of the school district.

Generally, notice and hearing should precede the student’s removal from school, but if prior notice and hearing are not feasible, as where the student’s presence endangers persons or property or threatens disruption of the academic process, thus justifying immediate removal from school, the necessary notice and hearing should follow as soon as practicable.

It is the responsibility of a student’s parent, legal guardian, person having lawful control of the student, or person standing in loco parentis to provide current contact information to the district which the school shall use to immediately notify the parent, legal guardian, person having lawful control of a student, or person standing in loco parentis upon the suspension of a student. The notification shall be by one of the following means, listed in order of priority.

- A primary call number;
- The contact may be by voice, voice mail, or text message.
  - An email address;
  - A regular first class letter to the last known mailing address.
The district shall keep a log of contacts attempted and made to the parent, legal guardian, person having lawful control of the student, or person standing in loco parentis.

The District shall establish programs, measures, or alternative means and methods to continue student engagement and access to education during a student’s period of OSS.

During the period of their suspension, students serving OSS are not permitted on campus except to attend a student/parent/administrator conference or when necessary as part of the District’s engagement or access to education programs.

During the period of their suspension, students serving in-school suspensions shall not attend or participate in any school-sponsored activities during the imposed suspension.

Suspensions initiated by the principal or his/her designee may be appealed to the Superintendent, but not to the Board. Suspensions initiated by the Superintendent may be appealed to the Board.

**CORPORAL PUNISHMENT**

The Bradford School Board authorizes the use of corporal punishment to be administered in accordance with this policy by the Superintendent or the superintendent’s designated staff members who are required to have a state issued license as a condition of their employment.

Prior to the administration of corporal punishment, the student receiving the corporal punishment shall be given an explanation of the reasons for the punishment and be given an opportunity to refute the charges.

All corporal punishment shall be administered privately, i.e. out of sight and hearing of other students, shall not be excessive, or administered with malice, and shall be administered in the presence of another school administrator or designee who shall be a licensed staff member employed by the District.

Corporal punishment shall not be used as a form of discipline for a student who is intellectually disabled, non-ambulatory, non-verbal, or autistic.

**EXPULSION**

The Board of Education may expel a student for a period longer than ten (10) school days for violation of the District’s written discipline policies. The Superintendent may make a recommendation of expulsion to the Board of Education for student conduct:

- Deemed to be of such gravity that suspension would be inappropriate;
- Where the student’s continued attendance at school would disrupt the orderly learning environment; or
- Would pose an unreasonable danger to the welfare of other students or staff.

Expulsion shall not be used to discipline a student in kindergarten through fifth (5th) grade unless the student’s behavior:

a. Poses a physical risk to himself or herself or to others;
b. Causes a serious disruption that cannot be addressed through other means; or
c. Is the act of bringing a firearm on school campus.

The Superintendent or his/her designee shall give written notice to the parents, legal guardians, persons having lawful control of the student, or persons standing in loco parentis (mailed to the address reflected on the District’s records) that he/she will recommend to the Board of Education that the student be expelled for the specified length of time and state the reasons for the recommendation to expel. The notice shall give the date, hour, and place where the Board of Education will consider and dispose of the recommendation.

The hearing shall be conducted not earlier than ten (10) school days* following the date of the notice, except that representatives of the Board and student may agree in writing to a date not conforming to this limitation.
The President of the Board, Board attorney, or other designated Board member shall preside at the hearing. The student may choose to be represented by legal counsel. Both the district administration and School Board also may be represented by legal counsel. The hearing shall be conducted in open session of the Board unless the parent, legal guardian, person having lawful control of the student, person standing in loco parentis, or student if age eighteen (18) or older, requests that the hearing be conducted in executive session. Any action taken by the board shall be in open session.

During the hearing, the Superintendent, or designee, or representative will present evidence, including the calling of witnesses that gave rise to the recommendation of expulsion. The student, or his/her representative, may then present evidence including statements from persons with personal knowledge of the events or circumstances relevant to the charges against the student. Formal cross-examination will not be permitted; however, any member of the Board, the Superintendent, or designee, the student, or his/her representative may question anyone making a statement and/or the student. The presiding officer shall decide questions concerning the appropriateness or relevance of any questions asked during the hearing.

The Superintendent shall recommend the expulsion of any student for a period of one (1) year for possession of any firearm or other weapon prohibited on school campus by law. The Superintendent shall, however, have the discretion to modify the expulsion recommendation for a student on a case-by-case basis. Parents, legal guardians, persons having lawful control of a student, or persons standing in loco parentis of a student enrolling from another school after the expiration of an expulsion period for a weapons policy violation shall be given a copy of the current laws regarding the possibility of parental responsibility for allowing a child to possess a weapon on school property. The parents, legal guardians, persons having lawful control of the student, or persons standing in loco parentis shall sign a statement acknowledging that they have read and understand said laws prior to the student being enrolled in school. (Reference 4.22)

The Superintendent and the Board of Education shall complete the expulsion process of any student that was initiated because the student possessed a firearm or other prohibited weapon on school property regardless of the enrollment status of the student.

The District shall establish programs, measures, or alternative means and methods to continue student engagement and access to education during a student’s period of expulsion. The District’s program shall include offering an expelled student an opportunity for enrollment in digital learning courses or other alternative educational courses that result in the receipt of academic credit that is at least equal to credit the expelled student may have received from the District if the student had not been expelled.

SEARCH, SEIZURE, AND INTERROGATIONS

The District respects the rights of its students against arbitrary intrusion of their person and property. At the same time, it is the responsibility of school officials to protect the health, safety, and welfare of all students enrolled in the District in order to promote an environment conducive to student learning. The Superintendent, principals, and their designees have the right to inspect and search school property and equipment. They may also search students and their personal property in which the student has a reasonable expectation of privacy, when there is reasonable and individualized suspicion to believe such student or property contains illegal items or other items in violation of Board policy or dangerous to the school community. School authorities may seize evidence found in the search and disciplinary action may be taken. Evidence found which appears to be in violation of the law shall be reported to the appropriate authority.

School property shall include, but not limited to, lockers, desks, and parking lots, as well as personal effects left there by students. When possible, prior notice will be given and the student will be allowed to be present along with an adult witness, however, searches may be done at any time with or without notice or the student’s consent. A personal search must not be excessively intrusive in light of the age and sex of the student and the nature of the infraction.

The Superintendent, principals, and their designees may request the assistance of law enforcement officials to help conduct searches. Such searches may include the use of specially trained dogs.

A school official of the same sex shall conduct personal searches with an adult witness of the same sex present.

State Law requires that Department of Human Services employees, local law enforcement, or agents of the Crimes Against Children Division of the Division of Arkansas State Police, may interview students without a court order for the purpose of investigating suspected child abuse. In instances where the interviewers deem it necessary, they may exercise a “72
hour hold” without first obtaining a court order. Other questioning of students by non-school personnel shall be granted only with a court order directing such questioning, with permission of the parents of a student (or the student if above eighteen (18) years of age), or in response to a subpoena or arrest warrant.

If the District makes a report to any law enforcement agency concerning student misconduct or if access to a student is granted to a law enforcement agency due to a court order, the principal or the principal’s designee shall make a good faith effort to contact the student’s parent, legal guardian, person having lawful control of the student, or person acting in loco parentis. The principal or the principal’s designee shall not attempt to make such contact if presented documentation by the investigator that notification is prohibited because a parent, guardian, or person having lawful control of the student, or person standing in loco parentis is named as an alleged offender of the suspected child maltreatment. This exception applies only to interview requests made by a law enforcement officer, an investigator of the Crimes Against Children Division of the Division of Arkansas State Police, or an investigator or employee of the Department of Human Services.

In instances other than those related to cases of suspected child abuse, principals must release a student to either a police officer who presents a subpoena for the student, or a warrant for arrest, or to an agent of state social services or an agent of a court with jurisdiction over the child with a court order signed by a judge. Upon release of a student, the principal or designee shall give the student’s parents, legal guardian, person having lawful control of the student, or person standing in loco parentis notice that the student has been taken into custody by law enforcement personnel or a state’s social services agency. If the principal or designee is unable to reach the parent, he or she shall make a reasonable, good faith effort to get a message to the parent to call the principal or designee, and leave both a day and an after-hours telephone number.

**VIDEO SURVEILLANCE**

The board has a responsibility to maintain discipline, protect the safety, security, and welfare of its students, staff, and visitors while at the same time safeguarding district facilities, vehicles, and equipment. As part of fulfilling this responsibility, the board authorizes the use of video/audio surveillance cameras. The placement of video/audio surveillance cameras shall be based on the presumption and belief that students, staff and visitors have no reasonable expectation of privacy anywhere on or near school property, facilities, vehicles, or equipment, with the exception of places such as rest rooms or dressing areas where an expectation of privacy is reasonable and customary.

Signs shall be posted on campus buildings and in district vehicles to notify students, staff, and visitors that video cameras may be in use. Parents and students shall also be notified through the student handbook that cameras may be in use in school buildings, on school grounds and in school vehicles, Students will be held responsible for any violations of school discipline rules caught by the cameras.

The district shall retain copies of video recording until they are erased which may be accomplished by either deletion or coping over with a new recording.

Videos containing evidence of a violation of student conduct rules and/or state or federal law shall be retained until the issue of the misconduct is no longer subject to review or appeal as determined by board policy or student handbook; any release or viewing of such records shall be in accordance with current law.

Students who vandalize, damage, disable, or render inoperable (temporarily or permanently) surveillance cameras and equipment shall be subject to appropriate disciplinary action and referral to appropriate law enforcement authorities.

**STUDENT’S VEHICLES**

A student who has presented a valid driver’s license and proof of insurance to the appropriate office personnel may drive his/her vehicle to school. Vehicles driven to school shall be parked in the area designated for student parking. Parking on school property is a privilege which may be denied to a student for any disciplinary violation, at the discretion of the student’s building principal.

Students are not permitted to loiter in parking areas and not to return to their vehicles during the school day for any reason
unless given permission to do so by school personnel.

It is understood that there is no expectation of privacy in vehicles in parking areas. Drivers of vehicles parked on a school campus will be held accountable for illegal substances or any other item prohibited by District policy found in their vehicle. The act of a student parking a vehicle on campus is a grant of permission for school or law enforcement authorities to search that vehicle.

**COMMUNICABLE DISEASES AND PARASITES**

Students with communicable diseases or with human host parasites that are transmittable in a school environment shall demonstrate respect for other students by not attending school while they are capable of transmitting their condition to others. Students whom the school nurse determines are unwell or unfit for school attendance or who are believed to have a communicable disease or condition will be required to be picked up by the parent or guardian. Specific examples include, but are not limited to: Varicella (chicken pox), measles, scabies, conjunctivitis (Pink Eye), impetigo/MRSA (Methicillin-resistant Staphylococcus aureus), streptoccal and staphylococcal infections, ringworm, mononucleosis, Hepatitis B or C, mumps, vomiting, diarrhea, and fever (100.4 when taken orally). A student who has been sent home by the school nurse will be subsequently readmitted, at the discretion of the school nurse, when the student is no longer a transmission risk. In some instances, a letter from a health care provider may be required prior to the student being readmitted to the school.

To help control the possible spread of communicable disease, school personnel shall follow the District’s exposure control plan when dealing with any blood borne, food borne, and airborne pathogens exposures. Standard precautions shall be followed relating to the handling, disposal, and cleanup of blood and other potentially infectious materials such as body fluids, secretions and excretions (except sweat).

In accordance with 4.57 – IMMUNIZATIONS, the District shall maintain a copy of each student’s immunization record and a list of individuals with exemptions from immunization which shall be education records as defined in policy Privacy of Students Records/Directory Information. That policy provides that an education may be disclosed to appropriate parties in connection with an emergency if knowledge of the information is necessary to protect the health or the safety of the student or other individuals.

A student enrolled in the District who has an immunization exemption may be removed from school at the discretion of the Arkansas Department of Health during outbreak of the disease for which the student is not vaccinated. The student may not return to school until the outbreak has been resolved and the student’s return to school is approved by the Arkansas Department of Health.

The parents or legal guardians of students found to have live human host parasites that are transmittable in a school environment will be asked to pick their child up at the end of the school day. The parents or legal guardians will be given information concerning the eradication and control of human host parasites. A student may be readmitted after the school nurse or designee has determined the student no longer has live human host parasites that are transmittable in a school environment.

Each school may conduct screenings of students for human host parasites that are transmittable in a school environment as needed. The screenings shall be conducted in a manner that respects the privacy and confidentiality of each student.

**STUDENT MEDICATIONS**

Prior to the administration of any medication, including any dietary supplement or other perceived health remedy not regulated by the US Food and Drug Administration, to any student under the age of eighteen (18), written parental consent is required. The consent form shall include authorization to administer the medication and relieve the Board and its employees of civil liability for damages or injuries resulting from the administration of medication to students in

STUDENT ILLNESS/ACCIDENT

If a student becomes too ill to remain in class and/or could be contagious to other students, the principal or designee will attempt to notify the student’s parent or legal guardian. The student will remain in the school’s health room or a place where he/she can be supervised until the end of the school day or until the parent/legal guardian can check the student out of school.

If the student becomes seriously ill or is injured while at school and the parent/legal guardian cannot be contacted, the failure to make such contact shall not unreasonably delay the school’s expeditious transport of the student to an appropriate medical care facility. The school assumes no responsibility for treatment of the student. When available, current, and applicable, the student’s emergency contact numbers and medical information will be utilized. Parents are strongly encouraged to keep this information up to date.

Note: Students who are eighteen (18) years of age or older are considered to be legal adults, and as such have the right to check themselves out of school.

PARENTAL INFORMATION ON NUTRITION GUIDELINES

School meals served through the National School Lunch and Breakfast program will:

• Be appealing and attractive to children;
• Be served in clean and pleasant settings;
• Meet, at a minimum, nutrition requirements established by local, state, and federal statutes and regulation;
• Offer a variety of fruits and vegetables;
• Serve low-fat (2%, 1%) and fat-free milk and nutritionally equivalent non-dairy alternatives; and ensure that half the grains are whole grain.
• Students who have exceeded their limit on the amount of charges allowed will not be denied lunch services. They will not, however, be given a regular lunch tray but an alternative meal that meets federal nutritional guidelines.
In addition, upon request school will share information about nutritional content of meals with parents and students. Bradford school welcomes any parents, grandparents, etc. to come and eat with children anytime.

Scheduled mealtimes will allow 10 minutes to eat after setting down for breakfast and 20 minutes after sitting down for lunch.

Bradford Schools encourage parents to pack healthy lunches, snacks, and to refrain from including beverages or foods that do not meet good nutritional standards.

Bradford School will have 9 planned party/special activity days per year. These are the only times that “Special” food treats will be allowed during the school year. The particular dates will be available in the office. If you want to send treats outside of these dates, you will need to send non-food items. Ex. Pencils, rulers – be creative.

Birthdays will be celebrated once a month in the school cafeteria. Birthday students will be honored at a specially decorated table. However, all students will be served birthday cake. Exceptions will be those students on restricted diets; these students will be served an alternative based on the restriction(s).

Students are not allowed to share any item of their lunch with another student.

Parents are not allowed to bring a lunch for any student except their own.

**PHYSICAL EXAMINATIONS OR SCREENINGS**

The Bradford School District may provide from time to time the administration of physical exams or screenings of its students. The intent of the exams and of screenings shall be to detect contagious or infectious diseases or defects in hearing, vision, or other elements of health that would adversely affect the student’s ability to achieve to their full potential.

The District shall notify parents, at least annually, of the specific or approximate dates of any non-emergency, invasive physical examination or screening that is:

1. required as a condition of attendance;
2. administered by the school and scheduled by the school in advance; and
3. not necessary to protect the immediate health and safety of the student, or of other students.

For the purposes of this policy, “Invasive Physical Examination” is defined as any medical examination that involves the exposure of private body parts, or any act during such examination that includes incision, insertion, or injection into the body, but does not include a hearing, vision, or scoliosis screening.

Except in instances where a student is suspected of having a contagious or infectious disease, parents shall have the right to opt their student out of the exams or screenings by using form 4.41F or by providing certification from a physician that he/she has recently examined the student.

BMI (Body Mass Index) screenings will be conducted in Kindergarten and then in the even numbered grades through grade ten (10). Parents are allowed to provide the school with written refusal to have the BMI assessed and reported.

A student may be required to pass a physical exam before being allowed to participate in certain extracurricular activities to help ensure they are physically capable of withstanding the rigors of the activity. It is understood that students who refuse to take such an exam will not be allowed to participate in the desired activity.

The rights provided to parents under this policy transfer to the student when he/she turns eighteen (18) years old.

**Notes:** This policy is to be developed in conjunction with parents. Parents must be “directly” notified of this policy, at least annually at the beginning of the school year and within a reasonable period of time after any substantive change in the policy.

BRADFORD SCHOOL DISTRICT  
BRADFORD ATHLETIC DEPARTMENT  
CHEMICAL SCREEN TEST

Philosophy:  
It is the philosophy of the Bradford Athletic Department that athletes should be encouraged and supported in their efforts to develop and maintain a chemical-free lifestyle.

The athletic department and coaches recognize the use of mood-altering chemicals as a significant health problem for many students, resulting in negative effects on behavior, learning and total development of each individual. The misuse and abuse of mood-altering chemicals, for some students affect academic growth, achievement, activity participation, and the development of related skills. Others are affected by the misuse and abuse by family, teammates, schoolmates, or other significant persons in their lives.

Purpose:  
The purposes of the chemical screen test of the Bradford Athletic Department are as follows:
1. Emphasize concerns for the health of students in areas of safety while participating in activities and the long-term physical and emotional effects of chemical use on their health.
2. Assists students who should be referred for assistance or evaluation regarding their use of mood-altering chemicals.
3. Assists students who desire to resist peer pressure that directs them toward the use of mood-altering chemicals.
4. Establish standards of conduct for those students who are leaders and standard-bearers among peers.
5. Confirm and support existing state laws which restrain the use of such mood-altering chemicals.
6. Promote a sense of order and discipline among students.
7. Work with parents to assist in keeping their children free of mood-altering chemicals.

SUPERVISED URINE COLLECTION  
AND CHAIN OF PROCEDURE

Any student who is requested to provide a urine specimen shall be directed to a collection site where the student will provide a specimen. Each specimen container will have a number on it which will be assigned to a participant’s name.

The following precautions would be taken at the collection site:
1. Positively identify the examinee.
2. Use a dictated washroom and process only one person at any given time.
3. Use a blue or green colored bowl cleaner to prevent dilution of sample with toilet bowl water.
4. Freshly voided specimen should be warm. Temperature should be checked by the observer.
5. The individual will be asked to remove any unnecessary outer garments (e.g. coat, jacket) that might conceal items or substances that could be used to tamper with or alter the specimen.
6. The labels for the bottle must have all information completed before testing.
7. Do not leave any other specimen containers in the washroom.
8. Put the tamper-proof seal over the bottle cap and label in the presence of the examinee.
9. The student and the observer will sign the Chain-of-Custody form and have the examinee initial the specimen labels.
10. All collected specimens must be delivered at once to the athletic director or the person assigned to deliver specimens to the laboratory.

Method:
During the school year, the agent selected by the school will at random select the group to be tested.

Exception:
A single test will be requested by a coach/sponsor for reasonable suspicion.

Consequences For a Positive Test:
1. The parent and student will be notified of the positive test. The head coach/sponsor will not inform anyone but the parent and the student.
2. The head coach/sponsor will communicate with the parents and counsel with the student.
3. The student will be on probation for twenty (20) days. After twenty-one (21) days, the student will be tested again at his/her own expense and a written copy of the results will be given to the principal and/or coach/sponsor. If the test is negative, probation will be lifted. If the test is positive, the student will not be allowed to continue in athletics for the remainder of the year. A student may be required to practice or have off-season at the head coach’s discretion. He or she cannot dress for game situations. To regain eligibility for athletics the next year, a student must have a negative chemical screening test. This test must be at the student’s expense.

4. Any counseling or assistance outside the school will be at the expense of the parent.

5. Positive test results shall not be provided to police or other law enforcement agencies.

**Exception:**
Steroids or similar chemicals that could take more than twenty days to leave a student’s system. In this case a doctor’s written opinion is requested and is at the student’s expense.

All athletes, grades 7-12 (including cheerleaders).

Immunizations

Definitions:

“In process” means the student has received at least one dose of the required immunizations and is waiting the minimum time interval to receive the additional dose(s).

“Serologic testing” refers to a medical procedure used to determine an individual’s immunity to Hepatitis B, Measles, Mumps, Rubella and Varicella.

General Requirements

Unless otherwise provided by law or this policy, no student shall be admitted to attend classes in the District who has not been age appropriately immunized against:

- Poliomyelitis;
- Diphtheria;
- Tetanus;
- Pertussis;
- Red (rubeola) measles;
- Rubella;
- Mumps;
- Hepatitis A;
- Hepatitis B;
- Meningococcal disease;
- Varicella (chickenpox); and
- Any other immunization required by the Arkansas Department of Health (ADH).

The District administration has the responsibility to evaluate the immunization status of District students. The District shall maintain a list of all students who are not fully age appropriately immunized or who have an exemption provided by ADH to the immunization requirements based on medical, religious, or philosophical grounds. Students who are not fully age appropriately immunized when seeking admittance shall be referred to a medical authority for consultation.

The only types of proof of immunization the District will accept are immunization records provided by a:

A. Licensed physician;
B. Health department;
C. Military service; or
D. Official record from another educational institution in Arkansas

The proof of immunization must include the vaccine type and dates of vaccine administration. Documents stating “up-to-date”, “complete”, “adequate”, and the like will not be accepted as proof of immunization. No self or parental history of varicella disease will be accepted. Valid proof of immunization and of immunity based on serological testing shall be entered into the student’s record.

In order to continue attending classes in the District, the student must have submitted:

1.) Proof of immunization showing the student to be fully age appropriately vaccinated;
2.) Written documentation by a public health nurse or private physician of proof the student is in process of being age appropriately immunized, which includes a schedule of the student’s next immunization;
3.) A copy of a letter from ADH indicating immunity based on serologic testing; and/or
4.) A copy of the letter from ADH exempting the student from the immunization requirements for the current school year, or a copy of the application for an exemption for the current school year if the exemption letter has not yet arrived.

Students whose immunization records or serology results are lost or unavailable are required to receive all age appropriate vaccinations or submit number 4 above.

Temporary Admittance
While students who are not fully age appropriately immunized or have not yet submitted an immunization waver may be enrolled to attend school, such students shall be allowed to attend school on a temporary basis only. Students admitted on a temporary basis may be admitted for a maximum of thirty (30) days (or until October 1st of the current school year for the tetanus, diphtheria, pertussis, and meningococcal vaccinations required at ages eleven (11) and sixteen (16) respectively if October 1st is later in the current school year than the thirty (30) days following the student’s admittance). No student shall be withdrawn and readmitted in order to extend the thirty (30) day period. Students may be allowed to continue attending beyond the thirty (30) day period if the student submits a copy of either number 2 or number 4 above.

Students who are in process shall be required to adhere to the submitted schedule. Failure of the student to submit written documentation from a public health nurse or private physician demonstrating the student received the vaccinations set forth in the schedule may lead to the revocation of the student’s temporary admittance; such students shall be excluded from school until the documentation is provided.

The District will not accept copies of applications requesting an exemption for the current school year that are older than two (2) weeks based on the date of the application. Students who submit a copy of an application to receive an exemption from the immunization requirements for the current year to gain temporary admittance have thirty (30) days from the admission date to submit either a letter from ADH granting the exemption or documentation demonstrating the student is in process and a copy of the immunization schedule. Failure to submit the necessary documentation by the close of the thirty (30) days will result in the student being excluded until the documentation is submitted.

Exclusion From School
In the event of an outbreak, students who are not fully age appropriately immunized, are in process, or are exempt from the immunization requirements may be required to be excluded from school in order to protect the student. ADH shall determine if it is necessary for students to be excluded in the event of an outbreak. Students may be excluded for twenty-one (21) days or longer depending on the outbreak. No student excluded due to an outbreak shall be allowed to return to school until the District receives approval from ADH.

Students who are excluded from school are not eligible to receive homebound instruction unless the excluded student had a pre-existing IEP or 504 Plan and the IEP/504 team determines homebound instruction to the in the best interest of the student. To the extent possible, the student’s teacher(s) shall place in the principal’s office a copy of the student’s assignments:

- For the remainder of the week by the end of the initial school day of the student’s exclusion; and
- By the end of each school’s calendar week for the upcoming week until the student returns to school. It is the responsibility of the student or the student’s parent/legal guardian to make sure that the student’s assignments are collected.

Students excluded from school shall have five (5) school days from the day the student returns to school to submit any homework and to make up any examinations. State mandated assessments are not included in “examinations” and the District has not control over administering state mandated make-up assessments outside of the state’s schedule. Students shall receive a grade of zero for any assignment or examination not completed or submitted on time.

Annually by December 1, the District shall create, maintain, and post to the District’s website a report that includes the following for each disease requiring an immunization under this policy:

I, the undersigned, being a parent of a student, or a student eighteen (18) years of age or older, hereby note my objection to the disclosure or publication by the Bradford School District of directory information, as defined in Privacy of Students’ Records, concerning the student named below. The district is required to continue to honor any signed opt out form for any student no longer in attendance at the district.

I understand that the participation by the below-named student in any interscholastic activity, including athletics and school clubs, may make the publication of some directory information unavoidable, and the publication of such information in other forms, such as telephone directories, church directories, etc., is not within the control of the District.

I understand that this form must be filed with the office of the appropriate building principal within ten (10) school days from the beginning of the current school year or the date the student is enrolled for school in order for the District to be bound by this objection. Failure to file this form within that time is a specific grant of permission to publish such information.

I object and wish to deny the disclosure or publication of directory information as follows:

[ ] Deny disclosure to military recruiters.
[ ] Deny disclosure to Institutions of postsecondary education.
[ ] Deny disclosure to Potential employers.
[ ] Deny disclosure to all public and school sources.

Selecting this option will prohibit the release of directory information to the first three categories listed above along with all other public sources (such as newspapers), but permit the student’s directory information to be included in the school’s yearbook and other school publications.
