

January 11, 2019

Dave Gephart, second grade teacher at Hurricane Deck Elementary, has been named Camden School District Teacher of the Week. Mr. Gephart has worked very hard at differentiating his learning stations to match the learning profiles of his students. This personalizes the learning environment of his classroom and allows the students to track lead measures that align with their learning needs. Mr. Gephart has had to spend a lot of time planning the activities and being intentional about tracking student progress. Teacher of the Week is sponsored by Smith Law Firm and recognizes teachers for positive contributions made to the Camden students and district.
