

Did you know...?

- **54%** of schools in the United States in 2016 had one to one technology, one computer for every student in the building! (Chromebooks, tablets, PCs, etc)
*That number has gone up since then!
- David Douglas Arthur Academy currently has **168** students and **60** Chromebooks!
- That is about **3:1**, three students for one Chromebook!!!!

How can you help?

- Help your student collect as many pledges as possible for the upcoming Jog-A-Thon!
- Share the link with family, friends and on facebook!
