1. READING ENGAGEMENT

Ask the student to bring his or her reading record to the conference. If the Student Reading Survey was not completed prior to the assessment conference, read aloud the questions on the survey and record the student’s responses.

2. ORAL READING FLUENCY

INTRODUCTION

T: This book is called Mae Jemison: Shooting for the Stars. It is a biography about a woman who wanted to be an astronaut. Please read aloud pages 2 through 4. Show the student where to stop reading at the *.

RECORD OF ORAL READING

Record the student’s oral reading behaviors. Note the student’s fluency (expression and phrasing). Be sure to time the student’s reading.

Mae’s Childhood

Lots of little hands waved high in the air. The children in this kindergarten class in Chicago couldn’t wait to share what they wanted to be when they grew up. One little girl with short brown hair said that she wanted to be a scientist. The teacher looked very surprised. She asked the girl if she meant a nurse. The young girl shook her head “no.” She put her hands on her hips. The young Mae Jemison could read, and she knew all her numbers. She knew exactly what she wanted to be — a scientist.
Mae Jemison was born in Alabama in 1956. She was the youngest of three children. Her family moved to Chicago, Illinois, when she was three years old. From the time she was a young girl, Mae worked hard. She was an excellent student.

Mae loved visiting the library. It was just a mile from her house. She read all sorts of books about space. By the time she was ten years old, Mae knew she would travel in space someday.

Mae as a Young Woman

When she was sixteen years old, Mae finished high school. She went to college. She earned two degrees. Then she went to medical school to become a doctor.

- If the student’s score falls in a shaded area for either WPM or Accuracy, STOP! Reassess with a lower-level text at another time.
3. COMPREHENSION

TEXT FEATURES AND STUDENT PREDICTION
Read aloud the questions/prompts on page 1 of the Student Booklet, and record the student’s responses on the same page. Do not give additional prompts. Students may use the indicated book pages when responding to the Prediction and Nonfiction Text Features questions/prompts.

Note: Continue with the assessment if time permits. Otherwise, have the student read the book and complete the Student Booklet at another time.

STUDENT READS and RESPONDS
All students may use the text to complete pages 2–3 of the Student Booklet.

T: Read the book. When you are finished, write a summary of what you have read and answer the remaining questions in the Student Booklet. If you have questions, please come to me (or raise your hand).

Note: For students who have an Individual Education Plan in place for reading and/or written communication, follow the directions in their plan. You may read aloud the prompts on pages 2 and 3 of the Student Booklet and/or scribe their responses if required. Give no additional prompts.

While the student reads the text independently, complete the Teacher Analysis of Oral Reading on the next page and circle the descriptors on the DRA2 Continuum that best describe the student’s oral reading fluency.
4. TEACHER ANALYSIS

ORAL READING

If the student had 5 or more different miscues, use the information recorded on the Record of Oral Reading to complete the chart below.

Copy each substitution to help analyze the student’s attention to visual information.

e.g., wouldn’t (substitution)

couldn’t (text)

Oral Reading Rate: (Optional) Use the formula below to determine the student’s exact oral reading rate. Convert the student’s reading time to all seconds.

$$210 \text{ (words)} \div \text{______ total seconds} = \text{______ WPS} \times 60 = \text{______ WPM}$$

DRA2 Continuum

- Use the information from the Student Reading Survey and the Student Booklet to circle the descriptors that best describe the student’s responses for Reading Engagement and Comprehension.
- Add the circled numbers to obtain a total score for each section.
- Record the total scores at the top of page 1. Record the Comprehension score at the top of page 5 after the colon.

Note: If the Comprehension score is less than 14, administer DRA2 with a lower-level text.
Choose three to five teaching/learning activities on the DRA2 Focus for Instruction on the next page.
DRA2 FOCUS FOR INSTRUCTION FOR EXTENDING READERS

READING ENGAGEMENT

**Wide Reading**
- Teach student strategies to select appropriately leveled texts for independent reading
- Introduce student to reading materials from a variety of genres
- Teach strategies to build reading stamina
- Create structures and/or routines to support reading at home
- Develop clear expectations for amount of independent reading
- Teach student how to use a reading log to monitor book selection and set reading goals
- Model/teach how to read for different purposes

**Self-Assessment/Goal Setting**
- Model and discuss strategies good readers use
- Help student identify 1–2 reading goals and a plan of action to improve reading
- Support revision of ongoing reading goals

ORAL READING FLUENCY

**Expression and Phrasing**
- Model and support reading in longer, meaningful phrases with appropriate expression
- Have student practice appropriate expression with familiar texts
- Teach student to recognize and emphasize key phrases and words in nonfiction texts
- Teach student to heed punctuation

**Rate**
- Provide materials and time for repeated reading to increase reading rate
- Teach student to read lower-level and/or familiar texts at an appropriate rate

**Accuracy: Word Analysis**
- Support and reinforce self-corrections of miscues
- Model and support how to take words apart (e.g., onset and rime, syllables) to problem-solve unknown words in nonfiction texts
- Teach how to use word chunks and analogies to problem-solve unknown words

COMPREHENSION

**Prediction**
- Provide opportunities for student to make predictions based on title, table of contents, and headings
- Model and support using background information to make meaningful predictions
- Model and teach student how to pose questions as a basis for predictions

**Nonfiction Text Features**
- Model and support how to read and interpret charts, graphs, maps, tables, etc.
- Model and teach how to use table of contents, headings, glossary, etc.

**Summary**
- Share and identify characteristics of good summaries
- Model and co-construct written summaries of texts read aloud
- Model and support how to distinguish between more important and less important ideas and facts
- Model and support how to write a summary in one’s own words
- Model and support how to use examples from the text
- Teach student how to use headings to organize a summary of an informational/nonfiction text

**Literal Comprehension**
- Show student how to use key words to identify specific information from the text
- Provide opportunities for student to answer and construct literal questions
- Teach student how to use graphic organizers to keep track of key ideas and facts

**Interpretation**
- Teach and share examples of inferences
- Provide opportunities for student to support inferences with information or examples from the text
- Give student opportunities to respond to inference questions orally and in writing
- Model and support how to interpret nonfiction text features (e.g., how to read a chart or diagram)

**Reflection**
- Help student identify important information and key vocabulary
- Demonstrate how to support opinion with details from the text
The teacher reads aloud the prompts/questions and records the student’s responses on this Before Reading page only.
