Start Date:

Summary of Assignment:

Support student credit recovery and remediation in mathematics using differentiated instruction.

Position Description:

Medical Lake School District summer school program is designed for incoming 9th graders and current 9th, 10th and 11th graders who would like to earn math credit with a focus on study skills.

The student schedule will be as follows:

- July 22 – July 25
- July 29 – August 1
- August 5 – August 8

Session One: 8:30am – 11:30am
Session Two: 12:00pm – 3:00pm

PERFORMANCE RESPONSIBILITIES:

1. Communicate assessment goals and progress to students and parents on a regular basis.
2. Monitor student progress of online math course content and provide direct support of learning for all online students.
3. Provide direct instruction for students needing intervention with skill attainment.
4. Complete credit verification forms and submit to summer school coordinator once students complete course.
5. Embed high quality study skills into sessions.
6. Empower students to self-discover their learning styles.
7. Use formative assessment to guide instructional goals.
8. Use the rigor and relevance frameworks.

QUALIFICATIONS:

1. Valid Washington State teaching certificate with appropriate endorsements as required by law:
 - a. Holds continuing, or is eligible for initial or probationary certification with endorsement in the proposed assignment.
 - b. Pass the State's "WEST-B" basic skills examination for teachers.
 - c. Be endorsed in Mathematics

- d. Certifications, or eligibility, for verified by building principal.
2. Demonstrates classroom management procedures that provide for individuals as well as large and small group instruction and encourages an environment conducive to learning.
3. Uses appropriate disciplinary procedures, establishes clear parameters for student behavior, responds properly when problems occur, and helps students toward self-discipline and behaviors appropriate for the workplace.
4. Demonstrates ability to communicate clearly and effectively in both written and verbal form.
5. Demonstrates flexibility in dealing with change, cooperation with others, and adapting to a variety of assignment conditions.
6. Assesses student needs and prescribes and implements effective instruction to meet those needs.
7. Models professionalism, behavior and attire appropriate to the Medical Lake School District.
8. Sets and attains high level of expectations for students using available resources.
9. Develops favorable rapport with students by using appropriate listening, empathy and work collaboration skills.
10. Values and provides for individual and cultural differences including ethnic, socioeconomic, gender, and disabilities.
11. Demonstrates awareness of and applies appropriate current educational strategies within assigned program area.
12. Demonstrates technology proficiencies consistent with district guidelines and integrates current technology into planning, learning, record keeping, and teaching activities.
13. Demonstrates successful experience working with students.
14. Demonstrates desire to continue professional growth.
