VOLUNTEER PROGRAM, WORK AND OTHER OPPORTUNITIES:

Science & Engineering Apprenticeship Program (SEAP): The Science and Engineering Apprenticeship Program (SEAP) provides an opportunity for high school students to participate in research at a Department of Navy (DoN) laboratory during the summer. The goals of SEAP are to encourage participating high school students to pursue science and engineering careers, to further their education via mentoring by laboratory personnel and their participation in research, and to make them aware of DoN research and technology efforts, which can lead to employment within the DoN. Online Application closes on November 1, 2019.

The Naval Research Enterprise Internship Program (NREIP): The Naval Research Enterprise Internship Program (NREIP) provides an opportunity for college students to participate in research at a Department of Navy (DoN) laboratory during the summer. The goals of NREIP are to encourage participating college students to pursue science and engineering careers, to further education via mentoring by laboratory personnel and their participation in research, and to make them aware of DoN research and technology efforts, which can lead to employment within the DoN. Online Application closes on November 1, 2019.

The Science Mathematics and Research for Transformation(SMART): The Science Mathematics and Research for Transformation (SMART) Scholarship-for-Service Program was established as a concentrated effort to enhance the Department of Defense (DoD) workforce with talented, innovative and brilliant scientists, engineers and researchers. SMART Scholars enter the program to pursue their education in some of the leading STEM fields currently in high demand by the United States Government. The program offers scholarships for bachelors, masters and PhD students pursuing STEM. While in school, students will receive full tuition, monthly stipends, health insurance and book allowances, as well as summer internships that range from 8 to 12 weeks. Upon degree completion, scholars begin working in a civilian position with their sponsoring facility. The internships and work experience allow scholars the opportunity to learn from the greatest minds in STEM and defense. Not only do scholars pursue their passions in their respective field during their educational phase, but they begin a journey towards an empowering career to protect national security. Online application due by December 3, 2019 at 5:00 PM EST.

The Department of Defense (DoD): The Department of Defense (DoD), through the Office of the Under Secretary for Research and Engineering and the military services, promotes education in science and engineering disciplines relevant to the Defense mission. One means of promoting science and engineering education is through awarding fellowships to encourage promising U.S. scientists to pursue doctoral degrees in designated research disciplines. The DoD National Defense Science and Engineering Graduate (NDSEG) Fellowship Program is a competitive fellowship that is awarded to U.S. citizens, U.S. nationals, and U.S. dual citizens who intend to pursue a Doctoral degree aligned to the DoD services Broad Agency Announcements (BAAs) in research and development at a U.S. institution of their choice. DoD plans to award fellowships to individuals who have demonstrated ability and special aptitude for advanced training in S&E. The NDSEG Fellowship lasts for 3 years and pays for full tuition and all mandatory fees; a monthly stipend ($38,400 annually); a $5,000 travel budget over the Fellow's tenure for professional development; and up to $1,200 a year in health insurance. Please submit completed application on or before December 6, 2019.

COP provides Hawaii residents with an alternative pathway to attend UH Manoa. For program information, go online to www.hawaii.edu/cop. December 12, 2019
**Aloha Nursing Rehab Centre:** Aloha Nursing Rehab Centre would like to extend opportunities to students who are interested in the medical field to come and either volunteer or become a paid intern. Volunteering would include assisting the Therapeutic Recreation department with planned and unplanned, group and 1:1 activities that help keep our residents active, entertained and engaged. Paid Intern positions assist with numerous tasks that directly affect resident quality of care. Examples of such tasks are: Answering call lights, helping to keep resident rooms neat and tidy, updating white boards in resident rooms, bed making, emptying trash in designated areas, preparing dining room for meal times, cleaning up after meals, transporting residents to and from their rooms/dining room, assist with passing & collecting resident meal trays., assisting with resident hydration program, spending some 1:1 time with residents and answering telephones.

**Hawaii/Pacific Basin (AHEC):** AHEC is to improve the health of the underserved through education. Our GOAL is to facilitate access to an abundant supply of knowledgeable and culturally competent providers through training and recruitment partnerships that will improve the diversity, distribution and quality of the health professions workforce. They provide accredited, high quality continuing education offerings and professional support to meet the needs of healthcare professionals, especially those practicing in underserved areas. These programs are designed to enhance clinical skills and help maintain professional certifications. For more information go to [www.AHEC.hawaii.edu](http://www.AHEC.hawaii.edu)

**Kulia I ka Nu’u “Strive For Your Highest”** - Learn about our award winning programs, high quality instruction, transfer opportunities locally and beyond, cost of attending, possible financial assistance, how to enroll. Lama Building (the Library) Room 118, 4303 Diamond Head Road at 4:00 - 5:00 pm on November 5th, December 3rd, February 4th, March 3rd, April 7th, and May 5th. Any questions? **The YMCA:** The YMCA of Honolulu (the Y) has leadership opportunities for high school students, ages 16 and older, and we are asking for your help in spreading the message. As one of the Hawaii Department of Education’s (HIDOE) largest private provider of the After School PLUS (A+) Program, we are running programs in 58 elementary schools across Oahu. We have found that high school students make great mentors for younger children and the children enjoy playing with and learning from them. Hence, we are actively promoting our Program Aide position for eligible high school students. Program Aides tell us that this is an ideal job for them because they can be assigned to a school close to home, are home early enough to get their homework done, and can enjoy their weekends off! They also like having the opportunity for summer positions, too! Our program recruiter is available to visit your school and talk with interested students should there be an opportunity for her to do so. Her name is Holly Pauline, and she can be reached at: 808-541-5485, or hpauline@ymcahonolulu.org.
