

Chestnut Ridge School District
Online Educational Services Notification

Student Name (print): _____

Graduation year: _____

The permissions on this form will be valid for the duration of your child's attendance per building.

Internet Access

The Chestnut Ridge School district is committed to using educational technology to prepare students to thrive in a dynamic world. The Internet contains vast amount of information that expands the learning experiences for our students. Student safety is a high priority, and we have employed content filtering that is compliant with the Children's Internet Protection Act (CIPA) to block most unsuitable sites. While it is our intent to provide internet services to further educational goals and objectives, students may find ways to access inappropriate materials. The District cannot regulate and monitor all the information received or sent by persons who use the Internet or E-mail; and the District cannot ensure that students who use the Internet or E-mail will be prevented from accessing inappropriate materials or sending or receiving objectionable communications. If a student is found to have violated the districts Acceptable Use of Internet policy, their access may be restricted or revoked. The Acceptable use of Internet policy (815) is found in the Student Handbook and can also be referenced on our website at www.crlions.org

Publishing Student Works and Photographs

To publicize the achievements of our students and the great work they perform, we may on occasion publish students' names, photographs, or achievements in our school publications or release the same information to local media (newspapers and television). In some instances, students may even be interviewed and televised on local stations or images could be posted on the schools website or district approved social media. You may rescind this permission at any time in writing, addressed to the building principal of the school where your child attends. This action will not affect any prior use of material as outlined above.

GSuite for Education (Formerly Google Apps for Education)

GSuite for Education is a protected and contained environment for students' access to Google Docs, Calendar, Email, Maps and additional services. Available to each student beginning in the second grade, these services are essential to providing students with 21st century learning opportunities. It is our goal to keep students safe and focused on learning while providing students with the benefits of using technology. Expectations, responsibilities, and disciplinary action outlined in the CRSD Acceptable Use Policy (815) and the Student Handbook govern students' use of GSuite, both of which can be found on our website at www.crlions.org.

Parent/Guardian Permission:

- I do give permission for my child to be assigned an @crlions.org Gsuite for Education Account.
- I do **not** give permission for my child to be assigned an @crlions.org Gsuite for Education Account.

Parent/Guardian Name: (Please Print) _____

Parent/Guardian Signature: _____

Date: _____

COPPA – For students 13 years old or younger

Children’s Online Privacy Protection Act requires that websites that knowingly collect data on children 13 years of age or younger to obtain consent from a parent or guardian. Often times this data is simply a name, email address and/or age in order track student progress and report back to the teacher. The data must be destroyed after it fulfilled its purpose and cannot be sold to a third-party vendor. If a student has to *log in* with a user specific credential, permission must be obtained. These types of websites/apps are critical to monitor the success of your student. Chestnut Ridge School District vets each website for its educational purpose and maintains an approved list, along with their privacy policies, at www.crlions.org/apps/pages/coppa. This list is updated during the year and we encourage parent guardians to check back often during the school year.

My signature below constitutes consent for my child to access the web-based tools and applications referenced in the list found at www.crlions.org/apps/pages/coppa
