Silver Creek Families:

We are very happy to share with you that our schools have earned a letter grade of a B from the Indiana Department of Education for the 2017-2018 school year. This result is generated based on the success rate of our students on the ISTEP+ test that grades 3-5 took last Spring. Silver Creek Primary receives the grade based off the pass rate, as well as the growth measurements, from student performance at Silver Creek Elementary. We have grown each of the last three years, climbing from a D to a B.

We attribute this success to the hard work of our students, teachers, and families. We have implemented pacing guides, guided reading, standards based grading, and professional learning communities to help drive our instruction.

Again, we are proud of our students and staff, and we look forward to growing even more!

Thank you,

Sandy Myers
