School Site Council & ELAC

The School Site Council (SSC) represents parents, students, community members, and school staff in school governance. The School Site Council is responsible for the development, revision, and monitoring of the Single Plan for Student Achievement and overall school budget including any state and federal categorical funds. This committee evaluates the SPSA to ensure that the goals are met.

The English Language Advisory Committee (ELAC) advises the Principal, the SSC and the school staff on programs and services for English Learners in our school.

Parent participation is crucial to us at Aileen Colburn. Thank you to those of you who volunteered to be on the committee, voting will be happening next week. If you are selected to participate in School Site or ELAC, you will be notified of the schedule of meetings.

Principal's Message -

It is with great pleasure that I welcome you to the 2018/2019 school year. I am very excited to serve you as your principal. The success of our school will be built in the partnerships we have with our families and our community. I encourage you to get involved with our school by participating in our School Site Council, English Language Acquisition Committee, or Parent Clubs.

As your new Principal, I take pride in creating a positive learning environment for your children, where their strengths and talents are celebrated. We have a culture of high expectations and it is my goal to support our students be the best version of themselves. I am proud to be a part of a school that inspires greatness and encourages success. I am looking forward to parent partnerships that will help us with our school goal!
