### Edwardsburg Public Schools Fulfills Its Commitment to Continually Lower Its Debt Levy

Edwardsburg Public Schools Board of Education voted June 24th to once again lower its debt levy by .07 mills for the upcoming winter tax collection. The school district has maintained its commitment to the community to decrease the debt levy whenever feasible. This year marks the 16<sup>th</sup> consecutive year that the District has lowered or maintained the levy. This means that a home valued at \$100,000 has saved \$1,039 over the 16 time period!

We appreciate the community's support of our school system and the dedication of the Board of Education which has enabled us to reduce community homeowners' costs.
